

DEPARTMENT OF DEFENSE

ANNUAL REPORT Fiscal Year 2006

Maj. Gen. Robert G.F. Lee
Adjutant General

3949 Diamond Head Road, Honolulu, Hawaii 96816-4495
808 733-4246 / (808) 733-4238 Fax
Email: webmaster@dod.state.gov / Website: www.dod.state.gov

Dear Governor Lingle:

It is my honor to provide the State of Hawaii, Department of Defense's Annual Report for Fiscal Year 2006.

The year proved to be a momentous one in the history of the Hawaii National Guard. The 29th Brigade Combat Team successfully completed the largest deployment of Hawaii Army National Guard troops since World War II as they returned home from Iraq and Kuwait. Other smaller units also completed their year-long missions in Afghanistan.

The Hawaii Air National Guard made a history of its own as it stood up an active-duty/Air National Guard associate unit with eight C-17 Globemaster III transport aircraft. In addition, dozens of Hawaii Air National Guard personnel deployed to support the war efforts in Iraq and Afghanistan.

The State Civil Defense helped to coordinate the response to constant and torrential rains that hit Kauai and Oahu particularly hard in March and April 2006. The Office of Veterans Services continued to provide excellent service to the nearly 10 percent of Hawaii's population that has proudly worn the uniform of America's armed forces, and the Youth CHalleNGe Academy gave several hundred at-risk Hawaii teens the tools and confidence they will need to become productive citizens.

The State of Hawaii, Department of Defense, has again shown that it is competent, capable and adding tremendous value to the lives of Hawaii's residents.

Sincerely,

A handwritten signature in black ink that reads "Robert G.F. Lee".

ROBERT G.F. LEE

Major General

Hawaii Army National Guard

Adjutant General

OFFICIAL PARTY - Gov. Linda Lingle and Maj. Gen. Robert G.F. Lee, the adjutant general, await troops in the United Service Organization's "Salute to the Troops" parade to marching through the streets of Waikiki, honoring members of wars past and present.

Sgt. 1st Class Wayne T. Iha photo

Department of Defense

Maj. Gen. Robert G.F. Lee

Organization

The State Department of Defense is made up of:

- Hawaii Army National Guard (HIARNG)
- Hawaii Air National Guard (HIANG)
- State Civil Defense (SCD)
- Office of Veterans Services (OVS)
- Hawaii National Guard Youth CHalleNGe Academy (YCA)

serves as the single point of contact in the state government for veterans' services, policies, and programs. The OVS also oversees the Hawaii State Veterans Cemetery.

The Hawaii National Guard Youth CHalleNGe Academy provides youths at risk with an opportunity to complete their high school education while learning discipline and life-coping skills.

Mission

The mission of the State of Hawaii, Department of Defense, which includes the Hawaii National Guard (HING) and State Civil Defense, is to assist authorities in providing for the safety, welfare, and defense of the people of Hawaii. The department maintains its readiness to respond to the needs of the people in the event of disasters, either natural or human-caused.

The Office of Veterans Services

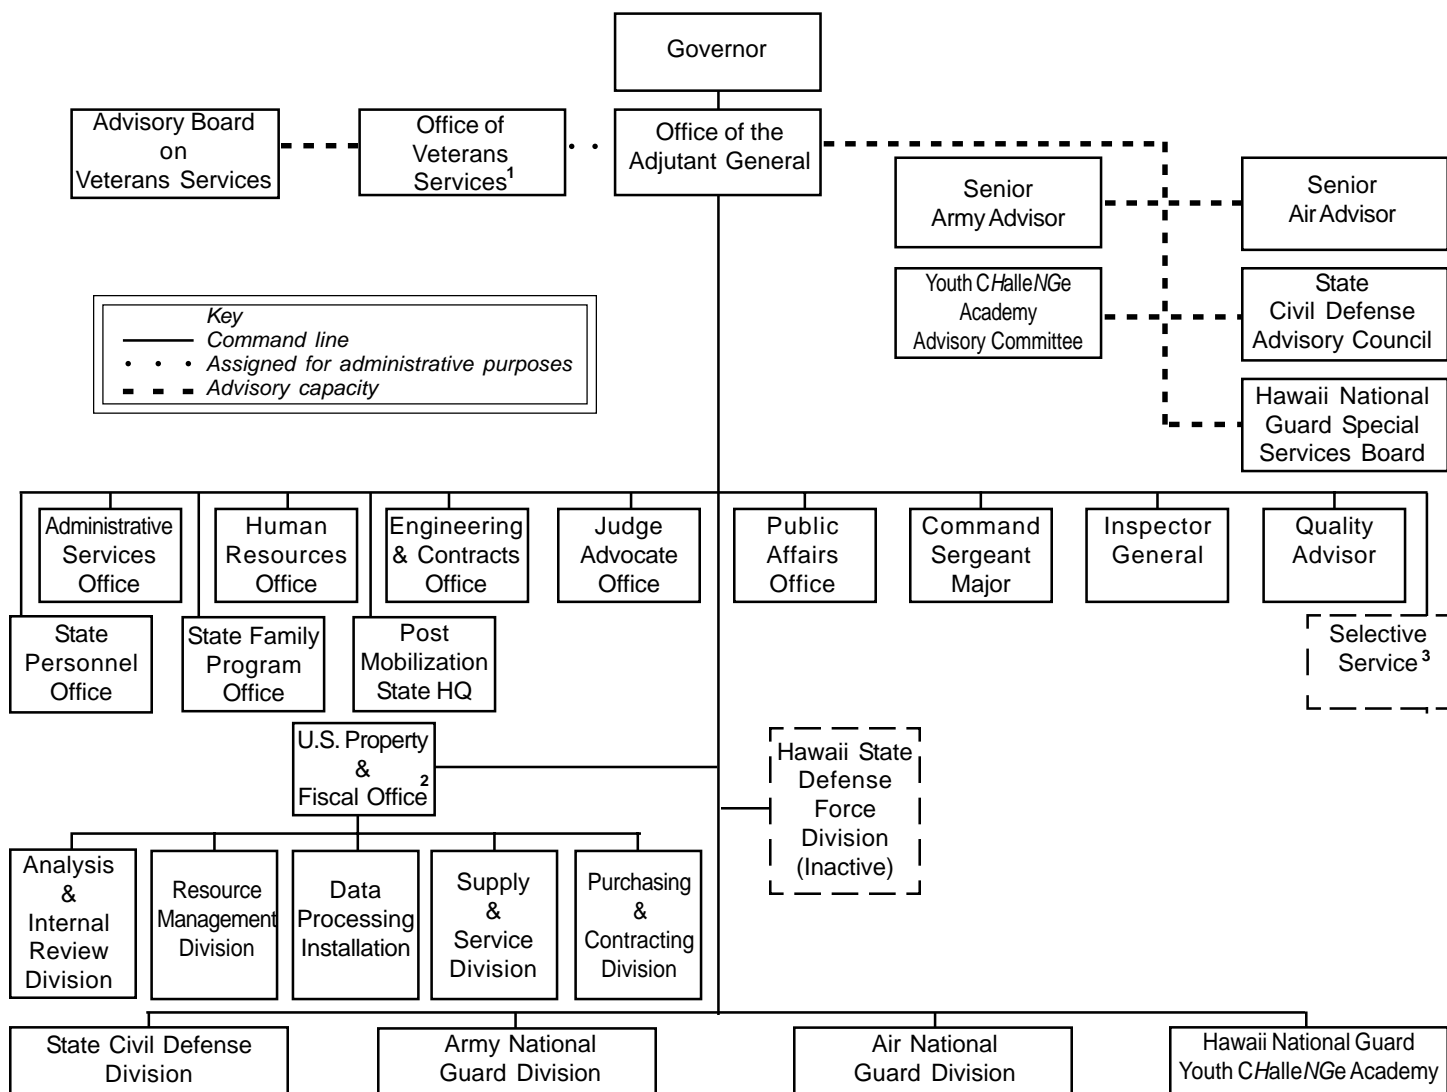

Personnel

The Department of Defense represents a varied mixture of federal, state, Active Guard/Reserve, and drill-status National Guard members. This force totals approximately 5,500.

- 227 state employees*
- 490 Active Guard/Reserve¹
- 999 federal technicians²
- 5,000+ drill-status Army and Air National Guard members

¹ Not double-counted as drill-status

² Most federal technicians are also drill-status, some are not

¹Office of Veterans Services is assigned to the Department of Defense for administrative purposes (Section 26-21, Hawaii Revised Statutes).

²U.S. Property & Fiscal Office serves dual roles as the National Guard Bureau representative.

³Army Guard positions authorized in Hawaii Army National Guard Table of Distribution and Allowances and Air Guard positions authorized in the Hawaii Air National Guard Unit Manpower Document. However, both staffs have the responsibility to provide direct updates to the adjutant general.

Adjutant General and Staff

Sgt. 1st Class Wayne T. Iha photo

Hawaii Army National Guard

Mission

The Hawaii Army National Guard's federal mission is to serve as an integral component of the Total Army by providing fully-manned, operationally-ready, and well-equipped units that can respond to any national contingency ranging from war and peacekeeping missions to nation-building operations. The state mission of the HIARNG is to provide a highly effective, professional, and organized force capable of supporting and assisting civilian authorities in response to natural disasters, human-caused crises, or the unique needs of the state and its communities.

Personnel

As of June 30, 2006, the assigned strength of the HIARNG was approximately 3,000 Soldiers.

Organization

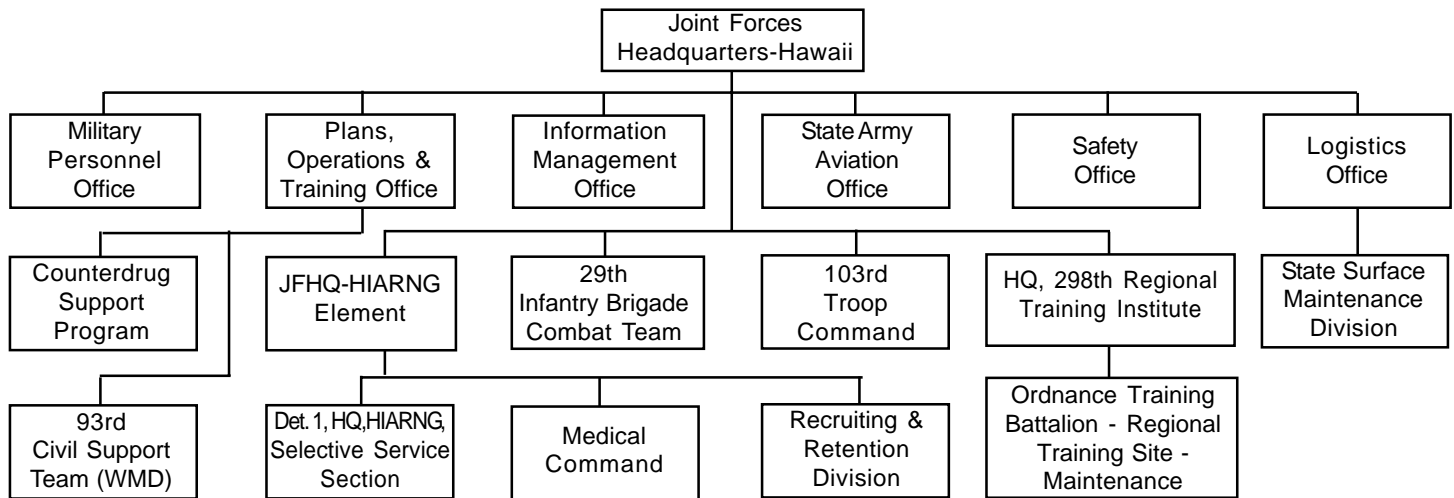

The HIARNG, commanded by Brig. Gen. Joseph J. Chaves, is composed of a Headquarters, Hawaii Army National Guard, and three major commands: the 29th Separate Infantry Brigade, the 103rd Troop Command, and the 298th Regiment-Multifunctional, Regional Training Institute. Hawaii Army National Guard units and installations are located in communities on the islands of Hawaii, Maui, Oahu, Molokai, and Kauai.

Highlights, significant events, training and missions

State fiscal year 2006 began on a somber note for the Hawaii Army National Guard. On July 8, 2005, Sgt. Deyson K. Cariaga, 21, was killed by a roadside improvised explosive device (IED) while serving with the 29th

*Brig. Gen.
Joseph J. Chaves*

a ton of sticky rice was mailed to the 29th BCT Soldiers.

Infantry units redeploy

By November 2005, elements of the brigade would begin packing up for the return journey home. The 1st Battalion, 487th Field Artillery, which served as security forces in Kuwait, would be the first of the 29th BCT units to set foot back on Hawaiian soil before the New Year's holiday after nearly one year in the desert. By the end of January 2006, all of the brigade's Hawaii-based Soldiers would be home. The thunderous cheers of families, friends and employers, who packed the Martinez Gym at Schofield Barracks or the Building 117 hangar at Kalaeloa, greeted each returning unit as the Soldiers marched in.

The welcome home ceremonies were just a prelude to the events that would be held throughout the Spring to honor the HIARNG Soldiers' service and sacrifice. In March, the Kauai-based soldiers of Company A, 299th Infantry, were special guests recognized in a parade through Kapaa. Freedom Salute ceremonies were held during virtually every weekend in the Spring. These ceremonies honored not only the Soldiers who deployed, but also their families and, in some cases, employers as well.

**CHECKPOINT
- Soldiers from the 29th Brigade Combat Team's 100th Battalion, 442nd Infantry, man a checkpoint at an undisclosed location in Iraq during Operation IRAQI FREEDOM.**

Capt. Kyle S. Yonemura photo

Brigade Combat Team (29th BCT) near Balad, Iraq. Sgt. Cariaga became the brigade's first and only combat casualty from Hawaii during the year-long deployment. Seventeen other Soldiers attached to the brigade from the U.S. mainland, American Samoa and Saipan would pay the ultimate price while serving their nation in Iraq before the Soldiers would return to state control.

At the halfway point of the deployment, the State announced the initiation of Operation UPLIFT, a program designed to give a morale boost to those serving overseas. Operation UPLIFT encouraged local residents to send care packages to Hawaii-based Soldiers. The response was overwhelming. For example, when it became known that the Hawaii Soldiers preferred local-style rice to the kind being served in the dining facilities in Iraq and Kuwait, more than

Aviators thank Air Force rescuers

In December 2005, several Soldiers of Company C, 193rd Aviation, traveled to Washington, D.C., to participate in the awarding of the McKay Trophy to an Air Force special operations team. The McKay Trophy went to the team that performed the most outstanding flight of the year. The aviation members had been rescued in a daring mission in 2004 in Iraq when their CH-47 helicopter went down in a blinding sandstorm. The awarding of the McKay Trophy provided an opportunity for the Hawaii Soldiers to reunite with their rescuers under less stressful conditions.

Hilo-based unit takes over medical evacuation mission on Oahu

In early 2006, State officials announced that the UH-60 Blackhawk helicopters and crews from Company B, 1st Battalion, 168th Aviation, would temporarily take on Oahu's aero-medical transportation mission from the 25th Infantry Division (Light). The 25th ID had provided medical evacuation services from rural communities, transporting severely injured patients to trauma centers in urban Honolulu for three decades. However, the aviation unit had to end its Med-Evac flights by April 1, 2006, due to its training requirements for an impending deployment to Iraq. The Hilo-based aviation unit was able to take on the aero-medical transportation mission by moving five of its UH-60s from Hilo to Wheeler Army Airfield and mobilizing unit members under State Active Duty.

Public affairs, engineers redeploy

In April 2006, units from the 103rd Troop Command returned from a year-long Afghanistan deployment in support of Operation ENDURING FREEDOM. The 117th Mobile Public Affairs Detachment and the 298th Engineer Detachment, along with the Guam Army National Guard's 1224th Engineer Detachment, were mobilized as part of Task Force Pacific.

The 18-member 117th unit provided public affairs support based out of five locations. More than 100 articles were written (published and posted on the web), 27,000 digital images shot, and 2,000 hours of video production (shooting, editing or satellite transmission). Additional missions included numerous planning, presenting and/or coverage of numerous ceremonies and memorial services, briefings, and media accreditation/escorting.

The 53-member engineer unit completed more than 90 vertical and horizontal engineering projects supporting Regional Command-South, based in Kandahar. In addition to building base infrastructure at eight locations in and outside the wire, they were instrumental in the construction of the 117-kilometer (72-plus miles) Tarin Kowt Road. The 298th road crew operated equipment and trained personnel. They helped complete the construction of more than 43 miles of the road (including cutting through a mountainous pass) in four months.

military personnel (including recruiting and retention); plans, operations, and training; logistics; surface maintenance; Army aviation; facility management; information management; and safety and occupational health; Detachment 1, HQ HIARNG (Selective Service Section); HIARNG Medical Command; the 93rd

Civil Support Team (Weapons of Mass Destruction); and the Army National Guard component of Headquarters, U.S. Army Pacific (Army Service Component Command) are administratively attached to JFHQ HIARNG. The command and control functions and services provided by JFHQ HIARNG are at an organizational level and support the Hawaii Army Guard's three major commands and their subordinate units across the state.

Headquarters, 29th Separate Infantry Brigade (SIB)

The 29th SIB is the largest unit in the HIARNG. The brigade has been one of the nation's 15 enhanced readiness brigades since 1995. This distinction means that the 29th SIB must be trained and equipped to deploy within 90 days of a federal call-up. Commanded by Brig. Gen. Joseph J. Chaves, the brigade is a truly pan-Pacific brigade with units that span the State of Hawaii; located on the islands of Hawaii, Maui, Oahu, Molokai, and Kauai; in the states of California, Minnesota, and Oregon; and on the Pacific islands of American Samoa and Guam.

Its Headquarters and Headquarters Company, 229th Military Intelligence Company, and 29th Support Battalion

OPERATION EDUCATION — Triton Peltier, 16, a Boy Scout from Troop 201, tapes a box of school supplies with the help of Jeanne Oliveira, a teacher. The Scouts and family readiness group sent the supplies to their deployed family members to be distributed to Iraqi children.

are located on Oahu at the Brigade's Kalaeloa facilities. The majority of the 227th Engineer Company's heavy engineering equipment, vital assets in times of war or natural disaster, are located on the HIARNG's Pearl City complex on Oahu. A portion of the engineering detachment is located in the community of Keaau on the island of Hawaii. The brigade's 1st Battalion, 487th Field Artillery, is in Wahiawa.

The units of the brigade's 2nd Battalion, 299th Infantry, are strategically located in communities throughout the state. The battalion's Headquarters and Headquarters Company is located in Hilo, Hawaii, with a scout platoon detached to Kaunakakai, Molokai. Company A is located in Kapaa, Kauai, with a detachment in Hanapepe. Company B is split between the communities of Kealakekua and Honokaa on the island of Hawaii. Companies C and D are located in Kahului, Maui, and Wahiawa, Oahu, respectively.

Upon federal mobilization, the brigade's strength is augmented by the 1st Battalion, 184th Infantry, of the California Army National Guard (ARNG);

OPERATION GIRL SCOUT COOKIES – Girl Scout and Hawaii National Guard family readiness group volunteers pack 7,000 boxes of Girl Scout cookies paid for by donations in August 2005. The cookies were sent to deployed Hawaii Guard troops and other Hawaii-based troops.

the 100th Battalion, 442nd Infantry, of the U.S. Army Reserves (with units from the islands of Oahu, Guam, and American Samoa); Troop F, 82nd Cavalry (Ground), of the Oregon ARNG; and Battery E, 216th Air Defense Artillery, of the Minnesota ARNG.

103rd Troop Command

The 103rd Troop Command is commanded by Col. Stanley R. Keolanui and is located at the Waiawa Armory in Pearl City. The mission of the 103rd is to serve as a command and control headquarters for separate units of the HIARNG. The organizations assigned to the 103rd include a heavy-lift helicopter company (CH-47D Chinook), an aviation intermediate maintenance company (AVIM), an aviation helicopter company (UH-60L Blackhawk), a counterdrug reconnaissance and intrastate detachment (OH-58A Kiowa observation helicopter), a personnel services detachment, an engineer detachment, a firefighting team, a rear operations cell for the 25th Infantry Division (Light), a band, and a mobile public affairs unit.

Company C, 193rd Aviation, stationed at Wheeler Army Airfield, has 14 CH-47D Chinook helicopters that can be used to transport personnel and cargo to virtually any location within the state. The Chinook is capable of transporting up to 30 passengers and has a maximum carrying capacity of 50,000 pounds. The CH-47D is a significant resource during

emergencies or natural disasters.

Company B, 193rd Aviation, also stationed at Wheeler Army Airfield, is an intermediate maintenance unit that provides responsive aircraft maintenance support to the Hawaii Guard and to the active Army. Detachments are also located in Idaho and Wyoming. Company B performs intermediate and unit level aircraft maintenance support to the active Army's 25th Aviation Brigade, 25th Infantry Division (Light) and Support Group (Forward) on a full-time basis. This unique relationship with the active Army, combined with the outstanding maintenance service performed by the assigned full-time technicians and

traditional drill-status (part-time) Soldiers has established a reputation for excellence that is recognized nationwide.

One aviation company and a detachment are stationed at General Lyman Field (Hilo Airport) on the island of Hawaii. Company D, 1st Battalion, 207th Combat Support Aviation Battalion, was reorganized and designated as Company B, 1st Battalion, 168th Aviation, Washington Army National Guard. The unit has eight UH-60L Blackhawk helicopters. The Blackhawk is capable of transporting up to 10 personnel at one time and can also transport cargo internally or externally. This is a "split-state" organization with the parent battalion headquarters in Washington.

The third aviation unit, the counterdrug Reconnaissance Air Intrastate Detachment (RAID), is an 11-Soldier unit. It is authorized three OH-58A Kiowa observation helicopters specifically configured for counterdrug aerial surveillance and night operations. These helicopters and crews routinely provide law enforcement agencies statewide with marijuana eradication support.

The 298th Engineer Detachment is headquartered at Waiawa and also has a detachment in Hilo, Hawaii. The engineers provide vertical and horizontal construction support, as well as road grading and paving.

The 297th Engineer Firefighting Team is administratively attached to the 298th Engineer Detachment. The unit is authorized 10 positions and is equipped with a firefighting truck stationed at Wheeler Army Airfield.

The 25th Infantry Division (Light), Detachment-Rear Operations Cell, runs the rear area center for the division. The yearly Warfighter exercise operated by D-ROC validates the division units' readiness.

The 111th Army Band is fully organized with concert, jazz, ensemble

and marching band capabilities. The band provides music at parades, special events, and National Guard and active-duty functions throughout the year.

The 117th Mobile Public Affairs Detachment, a split-state unit, has 10 soldiers assigned in Hawaii and 10 in Alaska. The unit's mission is to provide direct public affairs support to units deployed in support of combined, unified, or joint operations.

298th Regional Training Institute (RTI)

The 298th Regiment is commanded by Col. Martha N. Wong. The headquarters, 1st and 2nd Battalions, are located at Bellows Air Force Station in Waimanalo. The Ordnance Training Battalion (OTB) is located at the Regional Training Site-Maintenance (RTS-M) in Pearl City.

The regiment is an extension of the Training and Doctrine Command's (TRADOC) Total Army School System. The battalions service primarily HIARNG, U.S. Army Reserve (USAR) and active component Soldiers from the Pacific region, saving valuable training dollars and time.

Director of Military Support (DOMS)

DOMS has been a key proponent in all state activities involving the prevention of and response to terrorist events.

DOMS also coordinates military support to civil authorities for missions like the National Football League's Pro Bowl at Aloha Stadium and CH-47D Chinook assistance with brushfires on all islands.

The 93rd Civil Support Team (Weapons of Mass Destruction) continues to

conduct exercises with state and county civil defense teams and local emergency first responders.

The Counterdrug Support Program is a joint Hawaii Army and Air National Guard effort. During the year, the program provided numerous support missions for law enforcement agencies (LEA) to interdict and disrupt organized drug activities. Active augmentation of the Hawaii High Intensity Drug Trafficking Area (H-HIDTA) has been instrumental in detecting international and domestic drug trafficking. Community-based programs are intended to provide training to parents and youths to increase drug awareness, education and prevention.

Darryll D.M.
Wong*

Mission

The Hawaii Air National Guard (HIANG) has two missions. In performing its state mission, the HIANG provides organized, trained units to protect Hawaii's citizens and property, preserve peace, and ensure public safety in response to natural or human-caused disasters. Its federal mission is to provide operationally ready combat units, combat support units and qualified personnel for active duty in the U.S. Air Force in time of war, national emergency, or operational contingency.

Personnel

As of June 30, 2006, the assigned strength of the Hawaii Air National Guard approximately 2,300 personnel.

Organization

The Hawaii Air National Guard, commanded by Maj. Gen. Darryll D.M. Wong, is comprised of the HIANG

Headquarters, the 154th Wing, the 201st Combat Communications Group and the 199th Weather Flight.

Highlights, significant events, training and missions

The Hawaii Air National Guard continues to prove its reliability and relevance to the State of Hawaii and at the same time, to the Nation and its Global War on Terrorism by continuously answering the call to duty.

Promotions

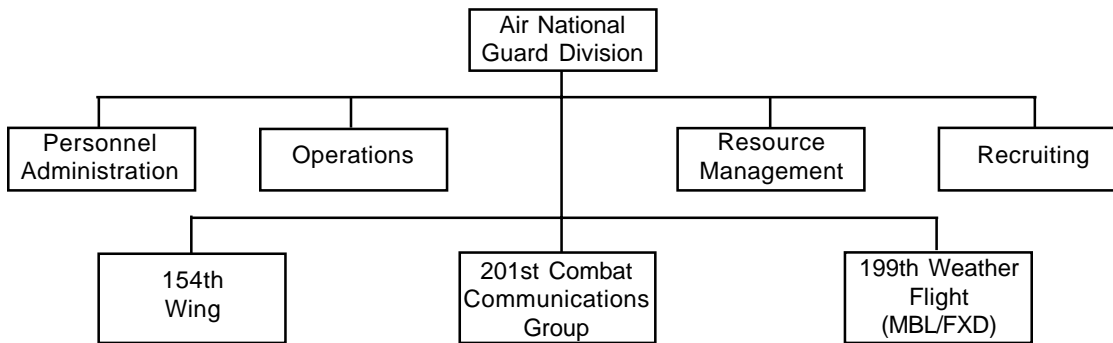

The year was full of firsts for the Hawaii Air National Guard. On July 29, 2005, it was confirmed by the Senate that Brig. Gen. Wong would be the first HIANG commander promoted to major general; and Col. Kathleen F. Berg would be the HIANG's first female brigadier general.

New aircraft arrives

The year also brought the first C-17 Globemaster III cargo aircraft, the

*Command Chief
Master Sgt.
Kent E. Billings*

Spirit of Hawaii, to Hickam Air Force Base, Feb. 8, 2006. The Spirit of Hawaii was the first of eight C-17 aircraft to make Hickam its home as part of the first active duty and Air National Guard classic associate units. The Hawaii Air National Guard and the 15th Airlift Wing began developing a working relationship with the arrival of the C-17 simulator, the opening of the C-17 Maintenance Complex, the first 15 AW C-17 refuel, and the completion of the first C-17 Home Station Check. With the acceptance of the C-17, the HIANG said farewell to the C-130 after 20 years of service. The last C-130 departed Hickam, Feb. 15, 2006.

Air defense system upgraded

The 169th Aircraft Control and Warning Squadron also underwent some changes. One of the most significant changes was the departure of the old air defense system. The AN/FYQ93 was shutdown after 22 years

during a termination sequence May 19, 2006. The Battle Control System-Fixed was put in its place with its open architecture design to allow the Hawaii Air Defense system to expand and grow to meet emerging threats to our homeland security.

Response team participates in emergency exercise

The very next month, the Chemical, Biological, Radiological, Nuclear or High-Yield Explosive-Enhanced Response Force Package participated in a joint exercise called COYOTE CRISIS involving, the Federal Emergency Management Agency Region IX, local civilians and military teams. During the exercise, the teams practiced working together to respond to large scale emergencies and disasters. The 154th Medical Group, which makes up most of the CERF-P, worked with the California Army National Guard to decontaminate, triage, and treat 200 patients in three

AIR MAIL -- Staff Sgt. Ivan Sanches directs 291st Combat Communications Squadron Airmen loading recovery equipment on a C-17 Globemaster III cargo aircraft at the Hilo International Airport, Hawaii, March 2006. The C-17 delivered recovery equipment to the island of Kauai, Hawaii, after a dam burst, isolating thousands of people along the island's north shore. Sanches is with the Hawaii Air National Guard's 204th Airlift Squadron.

Tech. Sgt. Shane A. Cuomo, U.S. Air Force photo

hours with minimal manpower while members of our 204th Airlift Squadron used one of Hawaii's own C-17 Globemaster III aircraft to evacuate 29 patients. The mission provided the medical and airlift personnel with hands-on training of air evacuation procedures.

Air Guard responds to Kauai flooding

CERF-P members, along with numerous other HIANG members, also participated in disaster relief and recovery after the Kaloko Dam breach and the intense flooding that occurred on Kauai, March 2005. The CERF-P sent their search and extraction team, which was made up of 154th Civil Engineer and Medical Squadron members. Members of the 204th Airlift Squadron also participated in the disaster relief by delivering approximately 27,000 pounds of recovery equipment to Kauai on board a C-17 to thousands of isolated residents and tourists along the island's north shore.

Maintenance Group earns high inspection rating

Despite the new projects, the state

support and the national support, the HIANG members have also excelled in other areas. The Maintenance Group earned top marks during their first Maintenance Standardization and Evaluation team inspection, Feb. 8-13, 2006. With over 12,000 checklists items reviewed and close to 600 personnel evaluations assessed, the 154th MXG earned the highest rating of all units inspected up to that date, with a 97 percent compliance rate and an 83 percent personnel evaluation rate.

Air medals awarded

In May 2006, seven members of the 203rd Air Refueling Squadron received the first air medals ever awarded to Hawaii Air National Guard members while they were serving in the HIANG. Air medals were presented to Lt. Colonels Kurt W. Lajala, Earl R. Alameida, Mervin Oyafuso and Peter Fata; Majors Jason K. Apo and Sheldon R. Smith; and Master Sgt. Mark A. Sindiong for meritorious achievement while participating in aerial flight in combat support of U.S. Air Force operations.

The Hawaii Air National Guard's 154th Aircraft Maintenance Squadron became the first unit in the Air Guard to complete the engine conversion of their F-15 Eagle jetfighters to newer, more powerful F100-PW-220 engines, May 10, 2005.

Hawaii Air National Guard photo

154th Wing

The 154th Wing, commanded by Brig. Gen. Peter S. Pawling, is headquartered at Hickam Air Force Base, Oahu. It is the largest of the HIANG organizations, consisting of a headquarters element, four groups, nine squadrons and six flights.

The headquarters element consists of the wing commander, vice wing commander, command chief master sergeant, wing control center, financial management, chaplain, judge advocate, military equal opportunity, plans, safety, public affairs and inspector general.

The 154th Operations Group consists of the 199th Fighter Squadron, 203rd Air Refueling Squadron, 204th Airlift Squadron, 169th Aircraft Control and Warning Squadron, 150th Aircraft Control and Warning Flight, 154th Air Control Squadron, and the 154th Operations Flight.

The 199th Fighter Squadron is equipped with F-15 A/B Eagle jetfighter which serve to provide interceptor capability for the state's air defense system. The 199th is also tasked with augmenting the active duty U.S. Air Force with air superiority fighters during war or other contingencies. The 203rd Air Refueling Squadron is equipped with KC-135R Stratotanker aircraft which provide worldwide, nonstop air-refueling for almost every type of U.S. fixed-wing aircraft. The 204th Airlift Squadron, an associate unit with the 15th Airlift Wing, makes joint use of the C-17 Globemaster III cargo aircrafts stationed at Hickam AFB. The C-17 provides rapid strategic delivery of troops and all types of cargo to main operating bases or directly to forward bases in deployment areas. The aircraft can perform tactical airlift and airdrop missions and can transport litters and ambulatory patients during aeromedical evacuations when required.

The Wing's 169th Aircraft Control and Warning Squadron operates a radar site

at Mount Kaala, Oahu, and the 150th Aircraft Control and Warning Flight operates a radar site at Kokee Air Force Station, Kauai. These radar sites are linked to the Hawaii Regional Air Operations Center (HIRAOC) at Wheeler Army Airfield, Oahu, where 24-hour air surveillance of the Hawaiian island chain is provided. The 154th Aircraft Control Squadron on Kauai provides a mobile, self-sustainable, combat ready, forward extension and control element equipped to meet the Air Force's ground theater air control systems worldwide.

The 154th Maintenance Group consists of the 154th Maintenance Squadron, 154th Aircraft Maintenance Squadron and the 154th Maintenance Operations Flight. The Maintenance Group squadrons provide maintenance for all three aircraft: F-15 A/B, KC-135R, and the C-17.

The 154th Mission Support Group consists of the 154th Logistics Squadron, 154th Civil Engineer Squadron, 154th Security Forces Squadron, 154th Communications Flight, 154th Mission Support Flight, and 154th Services Flight. The Support Group squadrons provide home station, as well as deployable, supply system, construction, security, communications, and service

resources. Home station dining and personnel functions are also provided for by the Mission Support Group squadrons.

The 154th Medical Group provides the Wing with fixed and deployable medical and dental resources.

201st Combat Communications Group

The 201st Combat Communications Group, commanded by Col. Robert H. Maglasang, is headquartered at Hickam AFB.

The 201st Group's mission is to provide command and control communications and air traffic control services for USAF combat air forces. It also supports emergency USAF requirements for air traffic control and communications facilities, as well as to provide tactical communications for the State of Hawaii, Department of Defense,

in response to emergencies originating from either human or natural causes. When activated under call-up authorities, the 201st units activate their personnel within 72 hours in accordance with USAF Mobilization Plans. The combat communications units can provide command and control communications and air traffic control services for 30 days with their own readiness spare package.

The 201st Combat Communications Group is composed of a group headquarters and five assigned units. The headquarters and four assigned units located on the Hawaiian islands of Oahu, Maui and Hawaii, and one unit in Alaska. The headquarters is co-located with the 203rd Combat Communications Squadron at Hickam AFB. The 291st Combat Communications Squadron is located in Hilo, Hawaii; the 292nd Combat Communications Squadron is

199th Weather Flight

The 199th Weather Flight, commanded by Lt. Col. Thomas Mau, provides

meteorological support for the Hawaii National Guard, Alaska National Guard and the U.S. Army Pacific. Located at Wheeler Army Airfield, the unit provides weather information to the joint, worldwide meteorological network operated by the Air Force's Weather Agency and the World Meteorological Organization.

PRE-FLIGHT PLANNING -- A Hawaii Air National Guard 203rd Air Refueling Squadron aircrew look over a map before flying an air refueling mission from Hickam Air Force Base. Tech. Sgt. Shane A. Cuomo, U.S. Air Force photo

READY TO GO - Lt. Gov. James R. Aiona Jr., Maj. Gen. Robert G.F. Lee, the adjutant general and State Civil Defense director, and Edward T. Teixeira, SCD vice director, prepare to "recon" the March Kauai flood damage from the Hawaii Army National Guard's UH-60 Blackhawk helicopter.
 State Civil Defense photo

State Civil Defense

Mission

To prepare for and respond to disasters and emergencies.

Personnel

Thirty-eight full-time and contract employees make up the staff of State Civil Defense (SCD). In the event of a disaster, a special recovery branch is organized to process damage repair claims. During emergencies, staffing may be augmented by government liaison and volunteer agency support.

Hawaii's director of State Civil Defense is Maj. Gen. Robert G. F. Lee, the adjutant general. Edward T. Teixeira, the vice director of SCD, oversees the day-to-day operations and assumes the responsibilities of the director when the director is absent.

Organization

The civil defense system is authorized by Chapters 127 and 128 of the Hawaii Revised Statutes (HRS) and provides the legal framework for a comprehensive system at the state and county levels. SCD serves as the office of record for all major disasters

impacting the State of Hawaii.

SCD is organized into four branches: Training, Education, and Information; Plans and Operations; Telecommunications; and Recovery - established following a declared disaster. These branches are supported by special planning programs and an administrative section.

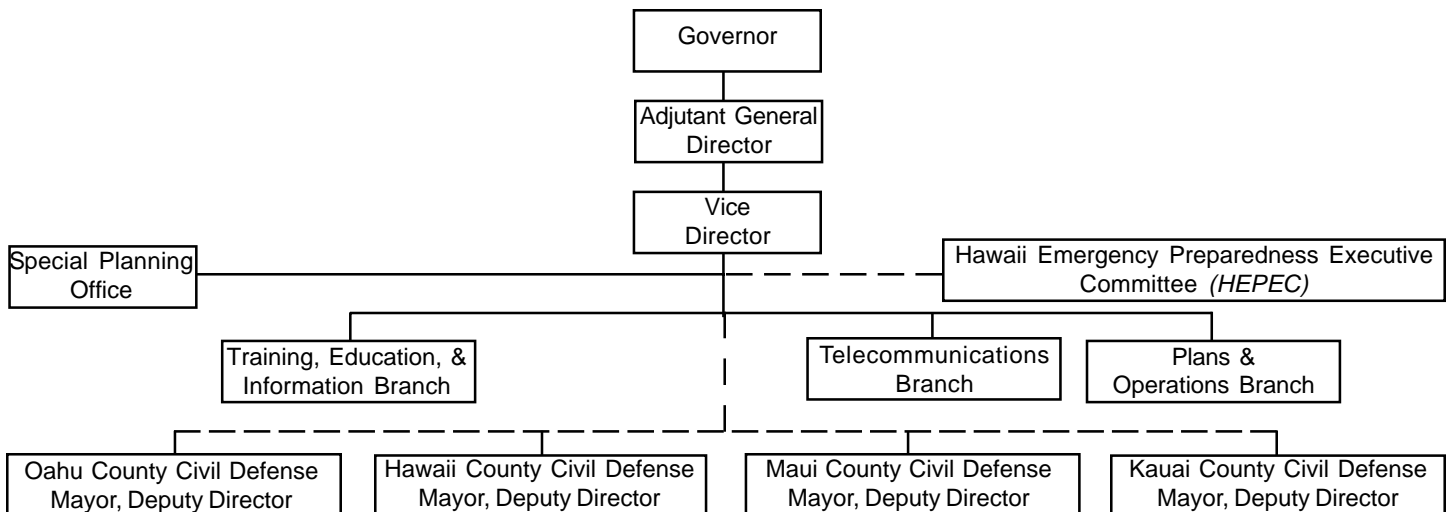

The Department of Defense also maintains the State Major Disaster Fund, authorized under Chapter 127-11, HRS. The fund provides \$2 million per year for disasters and an additional \$2 million for federal matching following a presidential disaster declaration. This special fund helps to pay for repairs to public facilities and infrastructures.

Highlights and significant events

As Hawaii's Emergency Management and Homeland Security Agency, State Civil Defense administered nearly \$15 million in U.S. Homeland Security Grants during FY 2006. The funds are made available to county, state and private agencies to help underwrite

Edward T. Teixeira

the cost of training, preparation, and equipment required to deal with both natural and man-made hazards, including terrorism.

Based on the fact that proper planning is a key element in dealing with disasters, SCD updated its Implementation Strategy for Homeland Security and its Strategic Plan during 2006. Both plans look five years into the future.

SCD's response and recovery efforts, triggered by a flood disaster in early 2006, gave greater emphases to the division's ongoing training, preparedness exercises, and increased efforts to raise public awareness to all potential hazards in Hawaii.

SCD scheduled a terrorism exercise in August 2005 - conducted with the State Department of Agriculture - that involved the coordinated response to terrorists infecting Hawaii's poultry industry with avian flu virus.

The 3rd Annual Asia-Pacific Homeland Security Summit and Exposition in September attracted 833 attendees from nine nations and 22 American states and territories. SCD's role in the summit included the production and presentation of a community response exercise involving a series of terrorist bombings in Honolulu. Exercise participants included governmental agencies, all sectors of the community, including

PRODUCTIVE SUMMIT WISH -- Maj. Gen. Robert G.F. Lee, the adjutant general, invites attendees of the Asia-Pacific Homeland Security Summit to share their wealth of experiences for a more productive session.

Sgt. 1st Class Wayne T. Iha photo

law enforcement, military, business, finance, tourism, health, transportation and food service. The unfolding scenario involved a realistic multi-media presentation using simulated TV news clips, PowerPoint slides, and digital maps.

SCD also conducted the second of its biannual tsunami exercises, Oct. 3, 2005. The exercise was made more realistic by incorporating the regular monthly test of the state siren warning system into the exercise play.

continued for major exercises including a tsunami exercise in early April 2006 and a two-week long hurricane exercise in May 2006.

With legislation and funding provided during the 2005 legislative session, SCD expanded its public awareness and education programs and began hiring and training personnel to maintain a 24-hour watch and warning capability at the State Emergency Operating Center.

The roles and responsibilities of State Civil Defense continue to increase to meet the ever present threat of natural and technological disasters and the possibility that terrorists may someday target our islands. We are committed to using our resources in planning, training, preparedness and public awareness to become evermore effective in fulfilling our mission.

Councils, advisory committees and special groups

Civil Defense Advisory Council

The Civil Defense Advisory Council, established and organized under HRS, Chapters 26 and 128, was founded in 1951. The governor and the director of Civil Defense may consult with the seven-member Advisory Council on matters pertaining to civil defense.

While the Advisory Council members, appointed by the governor, serve without compensation, they provide an invaluable service to the state and to the counties they represent by strengthening and promoting a vital civil defense system in the State of Hawaii.

The 2005 members of the Civil Defense Advisory council are Gerald Coffee (chair, Oahu), Randy Prothero (Oahu), Creighton Goldsmith (Oahu), Dr. Ann Sakaguchi (Oahu), Anthony Castberg (Hawaii), Manny Kuloloio (Maui), and Myron Dobashi (Kauai).

MEDIA BRIEF
(top) - Edward T. Teixeira, the vice director of State Civil Defense, briefs the media about the Kauai dam breach at the SCD Emergency Operation Center headquarters.
FUTURE MEDIA (below) - Hawaiian Mission Intermediate School film students tour the SCD EOC.
 State Civil Defense photos

Exercises gave way to a real world disaster that began unfolding in late February 2006. Heavy rains fell over Kauai and Oahu for 42 days causing widespread flooding and the failure of a dam on Kauai that killed seven people. Rapid need assessments and preliminary damage assessments by SCD and its partner agencies provided the framework for the governor's disaster proclamation (extended several times due to continued rain and flooding) and a presidential disaster declaration, both of which brought additional resources to the flood response and recovery effort.

Even as SCD teams worked directly with people, businesses and agencies impacted by the flood, planning

Hawaii State Earthquake Advisory Committee

The Hawaii State Earthquake Advisory Committee (HESEAC) is made up of scientists, engineers and emergency managers. It meets quarterly to identify priorities for earthquake mitigation and preparedness.

Since its inception in August 1990, the HSEAC has been instrumental in helping to reduce earthquake vulnerability and risk through seismic safety workshops, use of Hazards, U. S. (HAZUS) Earthquake Loss

Estimation Methodology, and the posting of a construction guide on the hazard mitigation website for public information about strengthening homes.

Hawaii Emergency Preparedness Executive Committee

The Hawaii Emergency Preparedness Executive Committee (HEPEC) was formed in 1999 and is comprised of senior level government, military, and business leaders who meet regularly to share information on homeland security and emergency management. HEPEC has been instrumental in the development of critical infrastructure protection plans, information sharing, and anti-terrorism programs.

State Hazard Mitigation Forum

The State Hazard Mitigation Forum assists in the development of programs and activities that help build disaster-resistant communities. The forum provides information on construction and retrofit projects and conducts community awareness and outreach

activities. It also supports the website, www.MotherNatureHawaii.com, a source of hazard and mitigation information specific to each county.

Hawaii State Hurricane Advisory Committee

The Hawaii State Hurricane Advisory Committee is made up of representatives from the National Weather Service, University of Hawaii structural engineering and private industry. The committee is actively involved in technical and practical solutions to Hawaii's hurricane hazards.

Lava Flow Mitigation Technical Committee

The Lava Flow Mitigation Technical Committee was established in 2000 for the purpose of developing a plan to reduce the risk of lava flows affecting life and property.

Since the publication of that plan by State Civil Defense in 2002, the committee has focused its efforts on implementing recommendations contained in the plan.

EMERGENCY PREPAREDNESS MESSAGE -- Dave Curtis, SCD, talks with visitors at the Building Industry Association's home builder's expo about emergency preparedness. The booth was also shared, staffed with National Oceanic and Atmospheric Administration (NOAA) and Oahu Civil Defense personnel.

Office of Veterans Services

Mission

The Office of Veterans Services (OVS) is the principal state office within the state of Hawaii responsible for the development and management of policies and programs related to veterans and their family members. The Office acts as a liaison between the Governor and veterans groups and organizations and serves as an intermediary between the Department of Veterans Affairs (VA) and veterans and their family members.

Organization

The organization includes administrative and office services sections, the veterans' services branch and the Hawaii State Veterans Cemetery (HSVC) branch. The veterans' services branch, under the direction of the veterans' services coordinator, consists of veterans services counselors and clerk typists on Hawaii, Kauai and

Maui who are responsible for veterans' services in their respective counties. Neighbor island counselors assist with burials of veterans at their island cemeteries; they act as advisors to their respective county veterans' council; and participate as members on community committees and panels in conferences related to veterans' issues. The Oahu counselor provides services to Oahu veterans and coordinates services to Filipino-American World War II veterans who reside statewide.

Personnel

The OVS is authorized 24 full-time state employees and uses the services of numerous volunteers who assist in the maintenance of veterans' memorials, clerical and receptionist support; honor details, cemetery maintenance; and support in all areas of the Memorial and Veterans Day ceremonies held at HSVC in Kaneohe.

Highlights and significant events

The Oahu OVS has operated out of the Veterans Administration's facilities located in the E-Wing at the Tripler Army Medical Center. Due to the close proximity to the VA benefits section and a relatively short distance from the Spark M. Matsunaga Out-Patient Clinic and the Center for Aging, OVS continues to experience a significant increase in walk-in traffic. The proximity of the regional office has resulted in a stronger relationship with the benefits staff and has increased the ability to access

records of veterans served by the OVS.

Based upon the 2000 Census, the number of veterans in Hawaii has increased significantly. The 1990 Census projections estimated that the number of veterans in Hawaii would be about 102,566 in 2000. The count of all veterans in Hawaii was approximately 108,000.

Each county, except for Maui County, has experienced an increase in the number of veterans residing there. The following table depicts the increase in veterans served (by county).

**Number of veterans by county: 1990 and
2000 Census estimates**

County of	1990	2000
Honolulu	79,582	84,413
Kauai	5,505	5,536
Maui	11,321	10,815
Hawaii	15,498	15,545

Some of the major projects OVS has partnered and participated in involve benefits briefings to all deployed troops and their families. Troops sent to Iraq and Afghanistan were supplied necessary information and assured a grateful nation would provide resources upon their return.

The Hawaii State Veterans Cemetery continues to improve its overall appearance and underlying structure. With the assistance of the Department of Defense maintenance staff, the operation is moving in the right direction. The focus of the cemetery continues to be repair of facilities and improvement of the turf covering the burial sections. Premium grade fill material and polyguard burial casket vaults are now being used. The sprinkler system is gradually being repaired and hydro mulching continues. In February, the columbarium/niche facility was repainted.

During the FY2006, there were 513 interments/inurnments for a total of 6,786 since Aug. 1, 1991.

Memorial Day and Veterans Day were successfully celebrated in many locations throughout the islands. The

types of ceremonies varied from the traditional governor's ceremony at the Hawaii State Veterans Cemetery and the mayor's ceremony at the National Memorial Cemetery of the Pacific at Punchbowl. The OVS director and staff provided support to numerous veterans ceremonies throughout the state.

Veterans Day was particularly noteworthy as Allen Hoe, father of 1st Lt. Nainoa K. Hoe (locally born Ranger who sacrificed his life in Iraq), was the master of ceremonies.

Veterans' projects

As one of only three states in the union without a state VA long-term care facility for its aging veterans, the Office of Veterans Services persists in its efforts to establish a 95-bed Big Island-based facility. The OVS, in conjunction with the Hawaii Health Systems Corporation (HHSC), continues to work toward erecting a building at the site of the old Hilo Hospital. Groundbreaking commenced on Aug. 16 and will be completed in the Summer of 2007.

Entrance criteria have been established.

The State Cemetery Grants program director and the VA Undersecretary for Memorial Affairs visited the West Hawaii Veterans Cemetery. With their recent involvement, federal funding commitments will be expanded.

As the primary advocate for veterans and their families, the director and services branch advocate a wide range of veterans' entitlements and benefits, while providing claims assistance, transitional services, officiating at ceremonies and participation in an array of veterans' activities. The staff continues to move veterans off public assistance by providing access to VA pension and/or compensation payments, education and retraining. On a statewide basis, VA statistics indicate that VA provided \$324,966,000 in total expenditures to veterans and their dependents in federal fiscal year 2005.

HOME AT LAST -- The Yukio Okutsu Veterans Home in Hilo, Hawaii, starts to take shape in 2006. Elena Cabatu photo

The Advisory Board on Veterans Services advises the director on veterans' issues, legislative proposals and program operations. The Board assembles monthly, with meetings routinely scheduled on Oahu and periodically on the neighbor islands, funds permitting. In conjunction with the Hawaii Health System, the Board's main project in FY2006 was the development of admissions criteria for

the Yukio Okutsu Veterans Home located in Hilo. Board membership included Frank Cruz, chair (*Kauai*); Cynthia Stine, vice chair (*Oahu*); retired Adm. Ronald Hays (*Oahu*); Herring Kalua Sr. (*Hawaii*); and Lloyd Sodetani (*Mau*). With heavy hearts, the OVS mourned the loss of two of its Oahu members, William Daves and Marvin Koga.

Hawaii National Guard Youth CHalleNGe Academy

Mission

The Hawaii National Guard Youth CHalleNGe Academy provides 16-18 year-old “non-traditional” students a second chance to obtain their high school diploma and develop life skills to be successful in the community. Students are placed in a military-based, residential environment which emphasizes academics, self-discipline and responsibilities; and strengthens families and communities through the cooperative efforts of federal, state and Youth CHalleNGe staff. After the completion of the residential phase, mentors and counselors follow-up and support graduates in pursuing career goals.

Eligible criteria

Students must meet the following criteria to be accepted into the Youth CHalleNGe Academy:

- Voluntary participation
- No active or pending charges
- Drug free (drug testing conducted upon entry and periodically thereafter)
- Between 16-18 years old (preference

given to the older students unable to graduate with their class)

- History of attendance problems
- Citizen of the United States and resident of Hawaii
- Unemployed (while participating in the residential phase)
- Physically and mentally fit

Residential phase

During the five-month residential phase of the program, Cadets are trained physically as well as mentally, with the skills needed to become productive citizens in their communities. The Cadets live and attend classes at the Youth CHalleNGe Academy facility at Kalaeloa under 24-hour supervision, seven days a week. All meals and uniforms are provided by the Academy.

Education

The Youth CHalleNGe Cadets enroll in the General Educational Development (GED) program to attain their high school diploma from the Hawaii State Department of Education.

Richard W. Campbell

KEEPING IT REAL -- Cadet Dustin Kaleiwahea (above) reads the local newspaper to keep up with current events. Cadets (below) perform the daily flag raising ceremony at the Hawaii National Guard Youth CHalleNGe Academy facility during the break of dawn.

Tech. Sgt. Shane A. Cuomo, U.S. Air Force photos

Military-based training

Along with the academics, each cadet is required to participate in the military-based training portion of the program.

Cadets are instructed in the following National Guard Eight Core Components: leadership and followership, responsible citizenship, academic excellence, job skills, life-coping skills, health and

hygiene, service to community, and physical fitness.

Cadets are also required to participate in at least 40 hours of community service activities. These community service activities include providing assistance at the Kaneohe State Veterans Cemetery, supporting child and family youth day, Adopt-A-Highway project, Hawaii National Guard Environmental project, Kanaloa Wet Lands project, and Camp Erdman clean up.

Post-residential phase

At the end of the residential phase, Cadets in the GED curriculum receive their high school diplomas at the graduation and completion ceremony. Graduates of the program continue on to pursue a higher education, seek employment, or enlist in a branch of the military.

Organization

Youth CHalleNGe currently employs 44 full-time state employees. The staff is comprised of trained active and retired members of the Hawaii National Guard (Army and Air), Reserve, retired military, GED instructors, part-time instructors from the Waipahu Adult Education School and Leeward Department of Education, counselors, and other support staff. These employees make up the five primary staff elements: administration and logistics, mentor coordinators, commandant/cadre, program coordinator, academic instructors, and counselors. Funding for the program is a match of federal (60 percent) and state (40 percent) funds.

Awards and recognitions:

- 2001 United Services Organization, Best Overall Program
- 2001 National Mentoring Partnership's Excellence in Mentoring Award
- 2003 National USO LaVern Webber Citizenship Award

Highlights and significant events

There were 195.5 permanent state positions authorized during the year, 144 of which were filled on June 10, 2006. Additionally, 67 temporary positions were authorized and 50.475 were filled at the end of the fiscal year. (74 unbudgeted positions, 40 filled)

Two sustained superior performance awards were submitted and approved during the fiscal year. The average monetary award amounted to \$200.

The 2006 recipient of the Adjutant General's Award for Distinguished State Service was Danny S. Tengan, a hurricane preparedness planner for State Civil Defense.

U.S. Property & Fiscal Office

Mission

The mission of the United States Property and Fiscal Officer (USPFO) for Hawaii is to receive and account for all funds and property of the United States in possession of the Hawaii National Guard; ensure that federal funds are obligated and expended in conformance with applicable statutes and regulations; ensure that federal property is maintained and utilized in accordance with National Guard Bureau directives; manage the federal logistics systems for Hawaii; and provide the support necessary for the transition of mobilized units to active duty status.

Personnel

The USPFO for Hawaii is authorized 86 full-time federal technicians.

Organization

The USPFO is organized as follows: Administration Office, Data Processing Center, Internal Review Division, Resource Management Division, Purchasing and Contracting Division, Supply and Services Division.

Administration Office

This office performs administrative services in support of the USPFO operations by providing reproduction services, receiving and processing office mail, and providing typing and word-processing services.

Data Processing Center

The Data Processing Center provides services to the USPFO and the Hawaii Army National Guard and its various divisions. The center operates one Hewlett-Packard 9000 series computer system as well as several servers. During the latter part of 1999, the center opened its website to members of the Hawaii Army National Guard. The website enabled users to view their orders, program managers to view their financial plan status, and provided users with information regarding pay, travel and other pertinent information.

Internal Review Division

Internal reviews are conducted by this division to ensure federal resources are properly managed and utilized.

guidance and support to the Hawaii Army National Guard.

An Assistant United States Property and Fiscal Officer for Air (Fiscal) manages funds and workdays for the Hawaii Air National Guard. The 154th Wing's Financial Management/ Comptroller Office is located at Hickam Air

Force Base and services all Hawaii Air National Guard units, including those on the neighbor islands.

Purchasing and Contracting Division

Procures federally-funded acquisitions for the Hawaii National Guard using sealed bidding, negotiated, and simplified acquisition procedures in accordance with federal acquisition regulations.

The division office, located in Building 117, Kalaeloa, provides support to Hawaii Army and Air National Guard customers by procuring commercial items and services, architect-engineering services, and minor and military construction projects. The division oversees and administers the Hawaii Army National Guard Government Purchase Card (GPC) program.

The 154th Wing Base Contracting Office (BCO) provides field support to the Hawaii Air National Guard by procuring commercial items and services and managing the minor construction contracts. The BCO oversees and administers the Hawaii Air National Guard GPC program.

CLEAN SWEEP — Airman 1st Class Asti Sorge, 204th Airlift Squadron, inspects and cleans an aircrew helmet and oxygen equipment at the life support shop.

Tech. Sgt. Shane A. Cuomo, U.S. Air Force photo

Emphasis is placed on evaluating the effectiveness of management controls and determining whether the Hawaii Guard is operating efficiently and economically.

Resource Management Division

The division provides decentralized budget, funds management, fiscal accounting services, and Government Travel Card and Defense Travel System management to the Hawaii Army Guard. The division also provides payroll and travel entitlement payments to Hawaii Guard Soldiers and technicians including payments to the State of Hawaii, Department of Defense, and commercial vendors doing business with the HIARNG. During mobilizations of the Hawaii Guard Soldiers, the Resource Management Division provides military pay support to deployed Soldiers and their families.

The Hawaii Army Guard Resource Management Division, located in Diamond Head Crater, is comprised of the financial manager, budget analyst, fiscal systems analyst, supervisory fiscal accountant, supervisory financial technician, and Government Travel Card Agency Program coordinator, who work together to provide financial

Supply and Services Division

The Army Guard division, located in Diamond Head Crater and at Kalaeloa, is organized into Material Management, Property Management, Supply, and Transportation Branches, and provides logistical support and guidance to the Hawaii Army National Guard.

A full-time Carlson Wagonlit Travel office, located at Fort Shafter, in conjunction with the Transportation Branch, provides transportation services, i.e., making plane and hotel reservations, arranging car rental reservations, and other travel requirements.

An Assistant United States Property and Fiscal Officer for Air (Property) is responsible for the accountability of supply equipment, munitions, and computers within the Hawaii Air National Guard. The Air Guard division, located at Hickam Air Force Base, provides logistical support and guidance to the Hawaii Air Guard.

An Assistant USPFO for Real Property, one for Army and one for Air, is responsible for federal real property accountability.

Highlights and Significant Events

Federal funds used by the Hawaii Army National Guard during the federal fiscal year totaled \$84,376,622.

Federal funds used this year by the Hawaii Air National Guard amounted to \$169,480,730. Table 4 of the Appendix reflects federal dollars used between Oct. 1, 2005, and Sept. 30, 2006.

Military payrolls for the Army and the Air Guard totaled \$76,111,577 this federal fiscal year.

During federal fiscal year 2006, local purchases and contracting support of the Hawaii Guard units and activities totaled \$17,644,737.34.

A total of \$5,452,219 was spent to procure supplies and equipment for the Hawaii Army National Guard. The following are some of the equipment needed by units to be mission capable/

ready that were fielded to the Hawaii Army Guard during fiscal year 2006: LMTV and FMTV truck cargo and trailers, virtual convoy combat trainer, vehicular and base station radio sets, MTS control station and mobile sets, and portable digital Motorola radios. The book value of the Hawaii Army Guard equipment is \$210,008,746.83.

The Hawaii Air National Guard received \$7,243,747 for supplies and equipment. The base supply operation processed 481,375 transactions in federal fiscal year 2006, a monthly average of 40,115. The equipment book value was \$142,405,815 at the end of the federal fiscal year.

The Hawaii Army National Guard Transportation Branch arranged transportation for a total of 215 tons of cargo during fiscal year 2006: 35 tons to the mainland and 180 tons to interisland destinations. Carlson Wagonlit Travel arranged trips for 2,640 individuals.

The Hawaii Air National Guard Traffic Branch arranged transportation for a total of 1,626,645 pounds of cargo during fiscal year 2006. Travel was arranged for 1,448 individuals.

The total spent to transport personnel and equipment is shown in Table 4 (Appendix).

The Data Processing Center completed installation of new hardware and upgraded software on its servers and the users RCAS workstations. These upgrades will ensure the USPFO's automation assets continue to meet current and future technical standards and provide more capability to better serve the USPFO's customer base.

The Internal Review Division initiated 15 internal review engagements for the fiscal year that ended Sept. 30, 2006. The division completed four formal, seven special, and four follow-up engagements. These engagements resulted in improved management and operational controls.
