Child & Youth Program (CYP) develops, implements, and provides services to families with school aged children through all phases of deployment. CYP works with various agencies on all islands to provide community resources and youth services that help in the physical, mental, and educational development of Guard children across the state of Hawaii. Various activities are scheduled on Oahu at little or no cost to attend. Such activities include overnight camps, day camps, STEAM activities, leadership training camps, academic exploration and family days events held all year round.
