COMMANDS CHANGE

Major Willson M. Sakai assumed command of the 154th Resource Management Squadron on November 4, 1987. He replaced Lt Col James K. Iwamura, who held two positions and remains the Deputy Commander for Resources.

Major Sakai was commissioned through Officer Training School in 1965 and served on active duty attending Navigator Training School and was stationed at Pope AFB, North Carolina flying as Navigator in the C-130-E aircraft. He was with the 199 Tactical Fighter Squadron from December 1975 to October 1987 as a Weapons System Officer.

He worked for the State of Hawaii, Department of Education as an Accountant from June 1970 to September 1979. Major Sakai is currently working with the State of Hawaii, Department of Health at Waimano Training School and Hospital as a Public Health Administrative Officer.

Major Sakai and his wife, Amy, have a daughter Sereny, and a son, Dean.

Lt Col Steven T. Oka assumed command of the 169th Aircraft Control and Warning Squadron, Hawaii Region Operation Control Center (HIROCC), on October 11, 1987. He replaced Lt Col Norman G. E. Chang, who terminated his command due to mandatory retirement. As commander of this 207 member unit, he is responsible for the HIROCC's 24 hour AC&W air defense augmentation operations as well as assigned functional support sections. Lt Col Oka's previous assignment was as HIROCC Director of Operations, a position which he held for two years. He has been a Hawaii Air National Guard (HANG) technician for 22 years, initially working at the 150th ACWS, Kokee AFS, Kauai as a weapons controller and later transferring to the 169th ACWS operations, Wheeler AFB, HI.

He attended St. Louis High School and the University of Hawaii from which he received a degree in secondary education in 1964.

Lt Col Oka is married to the former Jeanne Yap, has a daughter, Robin, employed by Aston Property Management Inc.; and son, Scott, who recently joined the HANG's 154 CAM Sq NDI shop and is currently attending technical school at Chanute AFB, Illinois.

Commander's Corner

by

Col. John S. W. Lee

November was put on the calendar to remind us that the holy period is in focus and that we should be thankful for our existence and for the opportunity which our existence affords us to maintain relationships with others. We begin FY88 with a determined look at assessing our family ties and strengthening our bonds of kinship; in this light we seek to facilitate positive family growth as a by product of being a member of HANG. As a member of the management team, we seek to improve our working conditions through fostering a friendly, cheerful, professional community. We intend to involve the family members by opening our doors for them to see us at work; we also pledge to be more involved with community pursuits, whether these ventures include PTA meetings or volunteer community work. November is a good month to pledge our thoughtfulness.

As more of our pilots return home from F-15 training, the closer we will get toward sophisticating the kind of "dog fights" we will need to sharpen our skills. Recently pilots flying the A-4E Mongoose from

VC-1 (USN, Barbers Point) provided us with much needed training against a dissimilar aircraft. We intend to have more of these "bandits" around. . . when you see them here, they are our special guests dedicated to go "full up" as our adversaries.

150TH AC&W SQ NEWS

By SMSgt L. Sugihara, 1st Sgt, 150 ACWS

Twenty six years ago on October 21, 1961, federal recognition was received and the unit at Kokee AFS, HI was official re-designated from Det #1, 109 ACW Sq to its present unit designation. However, the unit was officially in full operation on March 15, 1961. Today, we silently celebrate a bit of nostalgia of the days gone by. Over eighty original 109 ACW Sq members from the Kahuku Air Station (12 officers and 77 air-men) departed the Punamano facility for Kokee AFS on the Garden Isle. Members of the Oahu based unit were met at Lihue Airport by Capt John English, now retired. At exactly 8:00 a.m. on March 15, 1961, the antenna of the FPS-20 at Kokee began rotating to assume the 24-hours round-the-clock air defense operations for the state of Hawaii. Of the original 89 members, we recognize the few remaining "die-hards" who still lead the unit in its on-going mission and they are: Lt Col Reginald Doi, Lt Col George J. Koga, CMSgt Charles H. Tanaka, SMSgt Richard Y.F. Farm, SMSgt Francis T. Hosaka, SMSgt William M. Tabe, MSgt Harry T. Beppu, and MSgt Herbert Y. Takeya. (Would you believe that Ricky Farm is still unmarried !)

Members of the 150th some 50-strong, will be supporting the Veterans Council of Kauai on November 7, 1987 marching in the Veterans Day Parade. The unit led by Lt Col George Koga will parade down Kukui Grove streets and end up at the Kukui Grove Shopping Center. In addition, TSgt Romero, Kauai Recruiter, will have a recruiting booth display. Look sharp you guys!

(Note: In the absence of Lt Col Myron Dobashi, this submission for the Kukailimoku has been prepared and forwarded by SMSgt L. Sugihara, 1st Sgt, 150 ACWS)

Pastor's Perspective

by Chaplain
(1Lt) Robert Nagamine

Last month I attended a Prisoner of War Symposium. Two speakers shared their experiences as POWs in North Vietnam. They had each spent over six years as POWs. For extended periods of time, they were kept in their prison cells, isolated from everyone and everything. Hearing them speak made me think of how I take so many things for granted.

Do you take the things you have for granted? I think we all do to some extent. We rob ourselves of the joy of appreciating them. Let me share with you some thoughts for Thanksgiving.

Let's be thankful for all we have. When we think about it, God has indeed blessed us with so many great things. The words of a popular hymn says it well: "Count your many blessings, name them one by one, And it will surprise you what the Lord has done." If you stop and look around you, you will notice how much you have to be thankful for.

The way to prevent taking things for granted is to place accurate value on them. We need to appreciate them rather than depreciate them. If we depreciate them, we lower their true value. Avoid getting into the habit of misjudging their importance. Instead, appreciate them. See their real worth. Look around you, see your treasures.

May God continue to bless you with your greatest treasures: your family, your friends, and your freedom. Have a good Thanksgiving celebration, ...I will.

Many thanks...Col John S.W. Lee, Commander 154 COMPG thanks Col Gerald W. Sorenson, Commander 142 Fighter Interceptor Group, Portland Oregon, for presenting an F-15 model to the Group during October's Sunday drill.

CAM SQ. News & Views

by MSgt Fred M. Higa, Jr.

ALOHA!!!!!!Welcome back for another fun-filled drill weekend. For the CAM Sq people, we begin month #2 in flying only the F-15 aircraft, and an ambitious flying schedule it will be. With the 'can-do' attitude of the unit, I'm sure we'll meet every requirement set for us..... Remember the Creek Klaxon exercise where the HANG sent many of our people to pull alert duty in Germany? Well, due to the tireless efforts of Lt Dave Snakenberg, the following individuals who took part in the program were awarded the Air Force Commendation Medal or the Air Force Achievement Medal. Those who received the USAF Commendation Medal were: 1Lt Dave Snakenberg, SMS Mamo Minami, MSgts Henry Hasuike & Galen Redoble, TSgts Ivan Adaniya, Ray Kaneshiro & John Yasuhara, SSgts Craig Makiya & Baldwin Ojerio, and Sgts William Abilla & Jon Uyeno. Those receiving the USAF Achievement Medals were: TSgts James Akau & Gay Ross, SSgts Mark Coulbourne, Miles Moriyama, Doug Pilares & Robert Yokono, Sgts Michael Cadang, Dewey Dela Cruz, Gary Doane, Wayne Pontes, Kent Thompson, Lester Kanno and Alex Keaunui. Tremendous recognition for some outstanding people!!!Congrats also go to TSgt Larry Kauleinamoku, our Unit Career Advisor. He was awarded the 154COMPG Unit Career Advisor award for the 4th Qtr FY87. Larry works full time in the Engine Shop and does the Career Advisor duty during UTAs. Continued success to you, Larry. Good luck also goes to SMS Kenneth Camara (C-130 Flt), & MSgts Harold DeMello (Aerospace Section Supv) and Jose Rivera ('A' Flight Chief) as they continue their careers in the Guard in the

positions they now hold. The acceptance inspections conducted in Alaska on our new airplanes are almost completed. Much thanks to all those who 'sacrificed' their time in making this conversion a success. Much thanks also goes to all the augmentees who helped in training our people. Assisting in the Weapons area were TSgt Larry Rice, and SSgts Warren Remo & Perry Bailey who came from the 18TFW in Kadena. Thanks also goes to TSgt Lynn Spears who graduates his last FTT class on 10 November...Welcome back to TSgt Gerald Gapol and SSgt Baldwin Ojerio as they completed acceptance inspection in Alaska. Good luck goes to Capt Keith Kunichika and SMS Gerald Chun as they fly to Warner Robins AFB to attend the F-15 PWIG confab...Also leaving this month is Leilani Lim, who will be going to BMT and Personnel School in Keesler. Don't forget to take your longjohns!!..... From our Quality Control office, good luck to MSgt Henry Chun as he goes into retirement effective as of Nov 5. Congrats to newly promoted SMS Sam Saffery and A1C Cathy Toguchi....It took longer than anticipated, what with airplanes causing problems for our Chief of Maintenance, but he was finally able to break away from the rigors of being a Commander to enjoy a surprise %th (no mistake) birthday on Friday, Nov 6. SSgt Yvette Miraflor and her comrades really put out a good 9-course Chinese lunch, complete with birthday cake and candles. Would like to wish you well as you head toward those twilight years you've dreamed of for 40 years..... I would like to thank SMS Kenneth Camara for his support as the Field Maintenance Branch news reporter the past 1-1/2 years. He was my source of information on news items from the Field Maintenance Branch, which was an added burden to his busy schedule, but he came thru time and time again. Much mahalo and deepest appreciation for your support. I look forward to working with Kenny's replacement MSgt Harold DeMello. Good luck to Kenny in his new assignment as C-130

NCOIC and to Harold as Aerospace Systems NCOIC AND news reporter..... Til next issue..."Few people really believe. Most only believe they believe, or make believe."(unknown) Have a good and safe Thanksgiving and remember, this month starts the holiday season, so, if you must drink, have some else do the driving. See you next month....fhiga

LEGAL BRIEF

BY CAPT JAMES ITAMURA

The scene is Point Panic parking lot (a popular body surfing/body boarding spot) about 6 pm on Friday night. A car with 4 guys ages 18 and 19 pulls up and parks. They've just gotten off work, made a quick stop to pick up some cold beer and some aku poki.

Surfs up so they plan to "Hook a Few Bruises" and watch the surf as the sun sets. Unfortunately, drinking in public is a criminal offense in Hawaii and even more unfortunately, Point Panic is a favorite place in Honolulu for plain clothes police officers to arrest people for it (the other favored spots are Kaisers behind the Ilikai and Diamond Head lookout).

Our 4 guys were arrested and charged; ironically they are all good citizens who have never been in trouble before. Though the fine for drinking in public is usually only \$25 dollars, the major concern is maintaining a clean record.

Hawaii's legislature has seen fit to allow persons with generally clean records like our guys, a way to maintain their good standing by way of the DIFFERED ACCEPTANCE OF GUILTY PLEA (DAG PLEA). Recognizing that an otherwise, law abiding citizen may have a "bad day" and not wishing to ban such a person for life with a police record, the law provides that the person may enter a plea of guilty then ask the judge for the DAG. The judge may then grant the motion which means a conviction never occurs and further that after a certain period of time, the person may have all police mug shots and fingerprint records destroyed.

A DAG does not apply to the more serious offenses like assault.

NOTE: Thank you to those persons who applied for the paralegal position. I will be at Mather AFB this drill, so I will be unable to speak to you personally. I will try to make the selection during the December drill.

SAFETY TIPS

What is it?...noise is any unwanted sound. It's ear pollution!...a little noise may be no harm at all--BUT DID YOU KNOW that excessive noise is a leading cause of hearing loss. But how much noise is excessive? Continued exposure to noises over 90 dB during the average workday may eventually harm hearing. Hearing is one of the most precious possessions that's used for:

1. LEARNING--much of our information is gained from listening.
2. COMMUNICATION--the most important way of getting along with others is by spoken words.
3. SAFETY--many warning systems depend on hearing.

It is common sense and logical to protect your hearing from loss by using some form of personal protection. Physically Ear plugs/muffs function much like sunglasses do--they filter out the "glare" of loud noise.

Here at 154 COMPG and the areas adjacent to the F-15s on the flight line, we're exposed to a high pitched engine noise which can be very irritating and could harm your hearing if exposed for any length of time. For your ears sake wear your ear protectors. If you don't have them, see the TAC HOSP or have your supervisor order them. Also if you have any visitors that are in the area, afford them the same protection.

Note: There is no cure for hearing loss, but you can prevent it by using ear protection.

169TH AC&WS NEWS

BY CAPT MARY OOKA

On September 26, a retirement party, attended by 200 guests, was held in honor of our Commander, Lt Col Norman G.E. Chang. Lt Col Chang officially retired from the 169th on October 2 with approximately 20 years of service with the unit. Lt Col Steven Oka, who had been our Operations Officer, has been appointed to succeed Lt Col Chang as Commander. LtCol Clarence Jim has been temporarily appointed to fill the Director of Operations slot vacated by Lt Col Oka. Congratulations to all!

GOLF The Home and Home (150/169) Golf Tournament was held August 17-19, 1987 at the Navy-Marine, Leilehua, and Hickam Golf Courses. The actual Home and Home match was held on Tuesday, August 18 at Leilehua. The 150th became the first visiting team to win the tournament by squeaking out a four stroke cumulative score victory (446-450). A three-day jackpot was held with MSgt Robert Kawamura and TSgt Wendell Chung sharing first place with net 202's. A great time was had by all participants and everyone is anxiously awaiting the next tournament. The 169th is determined to regain the perpetual trophy.

OFF ISLAND Capt Dan Firestone, OIC Bravo Flight, has been asked to augment the PACAF IG--somewhere, sometime this month. Looking forward to hearing all about it when you return, Danny.

TSgt Dennis Uyehara, A Flight, is at beautiful downtown Keesler AFB, Mississippi attending the Data Quality Monitor School. Hope the course isn't so demanding that Dennis is prevented from going out for oysters, catfish, hushpuppies, etc...Anyway Dennis will be home in time to have turkey with his family on Thanksgiving. Word just came that two of our OPS troops, Blain Kimura and Paul Perry, have been accelerated in their tech school, so they'll be home in time for Turkey Day too.

Capt Mary Ooka, Chief Programmer, has been invited to accompany a PACAF team to the Korean ROCC to perform a Staff Assist with their programmers in early December. So when you see Mary O. in mid-December, she'll be decked out in custom-made uniforms, Rolex watches and Porche Carrera sunglasses.... shop, shop, shop til you drop.

MT KAALA If Capt Norbert Luke looks a bit more harried than usual, it's because there are big things happening on the mountain. For the next eight months, or so, various contractors will be at Kaala performing

about \$600,000 worth of renovation and Some of the major projects are:

- Stabilizing the landslide area
- Corrosion control of both height finder domes
- Demolition and replacement of the flammable storage shed
- Replacement of the high voltage transformer

So when you see the "up-the-hill gang", treat them gently, because their normally serene work environment is being temporarily disrupted.

NEW FACES 2Lt Joe Holliday is our newly-appointed Administration Officer, replacing Capt Sanford Ching who transferred to the AF Reserve. Capts Gordon Fujimoto and Chuck Pribyl have been transferred to the 169th from the 199th TFS. They'll be joining Lt's Scott Hoadley and Dal Wong who've already been transformed from WSO's into Weapons Controllers. A few more of those guys come on board and the HIROCC will sprout wings and fly...

KUDOS

A1C Matthew J. Tang, 154 CAM Sq was an honor graduate from the Aerospace Ground Equipment Course. A1C Tang demonstrated the highest standards of military appearance and bearing and received the highest academic award.

AB Connie L. Kahalekomo, 150th AC&W Sq., was recently selected as an honor graduate of the United States Air Force Basic Military Training School (BMTS). She represents the top ten percent of her class and was selected for her intelligence, enthusiasm, military bearing and dedication to the spirit and mission of BMTS and the United States Air Force.

ATTENTION ACSC STUDENTS

Air Command and Staff College correspondence students are being disenrolled because they are not allowing enough time for tests to be mailed, scored, and posted before the one year time limit expires. This causes a six month wait before you can re-enroll in that course. So, don't wait to the last minute, miss the deadline, and have to retake the course. More information in the ACSC Student Handbook or CBPO/DPMT, 449-5684.

NEW SOCIAL ACTIONS REG

An advanced copy of the new ANGR 30-2 arrived in October. This is the regulation that establishes and explains the Social Actions program. The information contained in the advanced copy is close to what will be in the final regulation.

Most of the information remains the same. There is a lot of added information to help clarify the terms and policies. There are cases where a term's definition is narrowed to be Guard specific. There have been new roles and responsibilities added.

More information about the new ANGR 30-2 will be shared as the changes are understood.

KAPENA AT AWARDS BANQUET

In addition to the HANG OHANA, the group KAPENA will entertain at the 1987 HANG Awards Banquet. The group which specializes in Hawaiian and contemporary music was nominated for best group vocal at the 1986 Hano Hano Awards. Pupus and dinner include prime rib, mahimahi, rice, potatoes, salad, dessert, tako, clam namasu, and lomi salmon. So, come share the spirit that makes us great. Help recognize the finest of our efforts. This is a once a year chance to meet HANG friends you don't see at UTA. Be there on 14 Nov 87 at Fort Shafter Officer's Club, 6:00 p.m. cocktails/pupus, 7:00 p.m. dinner. This is last call for tickets. See your unit representative now.

UNIFORM TIPS

AFR 35-10, Dress and Personal Appearance of Air Force Personnel has been reformatted to better arrange information for the ease of the user. The new regulation is dated 30 Jun 87.

ATTACHE CASES AND GYM BAGS: These items will be carried in the left hand to allow members to render the proper military honors. Gym bags will be carried in the hand and will not be carried over the shoulder by a strap.

PULLOVER SWEATER AND OUTERGARMENTS: Outergarments are items worn outdoors and removed in an office environment. Members should use good judgment in choosing appropriate garments for wear based on weather conditions and duties. Outergarments include pullover sweater (this is an indoor/outdoor garment), lightweight blue jackets (cotton/polyester poplin and polyester/wool gabardine), all-weather coat, raincoat, and men's overcoat. (DPMAP, 449-5669)
