## Major General Alexis T. Lum Retires

Major General Alexis T. Lum will be honored today with a parade at Diamond Head Crater to mark the end of his successful military career. General Lum has retired after nine years as the Adjutant General of the Hawaii National Guard.

Hawaii Air National Guard (HIANG) commander Brigadier General Edward V. Richardson has succeeded General Lum as the new Adjutant General. General Richardson will also be recommended for promotion to Major General.

General Richardson's military career began in February 1956, when he enlisted in the HIANG. He completed the United States Air Force Aviation Cadet Pilot Training Program in October 1957 and was commissioned as a Second Lieutenant.

During his career, General Richardson flew the F-86E, F-86L, T-33, F102A, and F-4 aircraft, and served in numerous key positions in the 199th Tactical Fighter Squadron, 154th Composite Group, and Headquarters Hawaii Air National Guard. Since February 1982, General Richardson served as the Assistant Adjutant General (Air) and Commander, Hawaii Air National Guard.

## LES no longer / required for entry into MWR facilities

Good news for all National Guard members! Your DD Form 2AF (Reserve) (Red) can be used to authorize access to all Category C Morale Welfare and Recreation facilities. This includes Base Exchanges, golf courses and other revenue generating facilities operated by Non -appropriated Fund Activities of the Department of Defense for Morale, Welfare and Recreation. Leave and Earning Statements (LES) will no longer be required.

AF Form 447 or other service specific family member ID cards will be used for your family members. A commissary privilege card is still needed to enter the Commissary.

If there are any problems with MWR personnel who haven't received the news, ask to see the manager and try to resolve the situation with him or her. If there are still problems, contact Headquarters HIANG.

We did it!! The 154th Composite Group earned an overall rating of "EXCELLENT" for HQ PACAF IG Unit Effectiveness Inspection conducted January 10 thru the 14th. I know those of you that were able to attend the outbriefing on the 18th were as proud as I was of the results. Our score was the result of hard work and effort. The evaluation standards used were the same used for active duty units, therefore the excellent rating was a real compliment to our organization. Yes, there were some write-ups; and yes, there were areas we could have done better in, but most are easily fixed and should not detract from the overall result. Complete copies of the report have been sent to all units and are available for review.

The following is summary of the results by unit/functional area:

- Staff Functions - Satisfactory
- Executive Support Administration - Not Rated
- Public Affairs - Not Rated
- Safety - Satisfactory
- IG Complaint System - Satisfactory
- ABO Command Emphasis - Not Rated
- Self-inspection Program - Satisfactory

- Deputy Commander for Operations - Excellent
- Staff Functions - Satisfactory
- 150th Aircraft Control and Warning Squadron - Excellent
- 169th Aircraft Control and Warning Squadron - Excellent
- 199th Tactical Fighter Squadron - Excellent

- Deputy Commander for Maintenance - Excellent
- 154th Consolidated Aircraft Maintenance Squadron - Excellent
- Chief of Maintenance (Ground C-E Maint) - Excellent

- Deputy Commander for Resource Management Squadron - Excellent
- Resource Plans - Excellent
- 154th Resource Management - Excellent

- Deputy Commander for Support - Satisfactory
- 154th Mission Support Squadron - Satisfactory
- 154th Civil Engineering Squadron - Satisfactory
- History - Excellent

As a part of the inspection process the IG identifies OUTSTANDING PERFORMERS. The following individuals were

recognized for outstanding job performances and for making significant contributions toward the success of their unit during the inspection. In the words of the IG, "their achievements reflect credit upon themselves and set the standards for others to emulate." We should all be especially proud of the following:

## PASTOR'S PERSPECTIVE

By: Chaplain (Capt) Robert Nagamine

This month's Valentine's Day will not be the same. Romantic love has taken a back seat to another type of love: the love of peace. Our country is hoping that Operation Desert Storm will come to a close, so that we can have peace again and our troops can come home to their love ones.

The U.S. service men and women are sacrificing their lives to uphold peace in the Middle East. The anti-war movements are not recognizing that we prefer peace and are willing to sacrifice our lives. Let's pray that Saddam Hussein will realize that together, with the international community, we must live in peace without the naked aggression against peace loving nations.

It is very likely that if the international community had not gotten involved in this war, we would have had a greater war in the future. Saddam Hussein has shown his true colors by firing Scud missiles into civilian sectors of Israel and Saudi Arabia. In addition, he has created the world's largest oil spill which is causing a severe ecological disaster in the Persian Gulf. It is ironic that the United States along with its allies will accomplish peace by way of war.

As we celebrate Valentine's Day, let's continue to pray for peace and the safe return of our U.S. Service Men and Women in the Persian Gulf. And, believe that God can intervene and bring a speedy closure to this war.

## For the Family

Since the last UTA, we have gone to war with Iraq. Desert Shield has turned into Desert Storm. The air campaign against Saddam Hussein has been a successful and relentless campaign. In response, Iraq has fired numerous Scud missiles into civilian sectors of Israel and Saudi Arabia. Our Patriot missiles have successfully intercepted most of the Scuds, but there still have been casualties. Our pilots, with Coalition pilots, have been paraded on Iraqi television obviously forced to say statements they don't believe. War has never been pretty, and this war is no exception. It's sad that Saddam Hussein has made this war a necessary evil.

Meanwhile, we sit at the edge of our seats wondering what's going to happen next. We wonder when the ground war will begin. We hope and pray that our family and friends involved in Desert Storm will be safe. We also wonder how long this war will last, or if we will directly get involved in Desert Storm.

While all of this is happening there are some positive things we can do. We can pray that Iraq will withdraw from Kuwait, and the war to end soon. Prepare yourself and your family in case we you are needed in the Gulf. See if your spouse or family member would like to be in a family support group. Also, realize that when this war is over, peace is never permanent and we need to always be ready to go, whether it be today or tomorrow.

During this war, we have seen the value and effectiveness of family support groups. If your spouse or family member wishes to get involved with a group, contact your unit.

## *With this needle I thee wed*

So now little man, you're tired of grass  
LSD, acid, cocaine, and hash  
when someone pretending to be a true friend  
said "I'll introduce you to Miss Heroin."

Well, honey, before you start fooling with me  
let me inform you of just how it'll be.  
For I will seduce you and make you my slave.  
I've sent stronger men than you straight to their graves.

You'll think you could never be such a disgrace  
then you'll end up addicted to poppy seed waste.  
You'll start by inhaling me, one afternoon  
then you'll take me into your arms very soon.

And once I have entered deep down in your vein  
the craving will really drive you insane.  
You'll need lots of money (have you already been told?)  
for darling, I am much more expensive than gold.

You'll swindle your mother for less than a buck,  
you'll end up an animal, vile and corrupt,  
you'll mug and you'll steal for my narcotic charm,  
and only feel content when I'm deep in your arm.

One day you'll realize the monster you've grown  
then solemnly promise to leave me alone.  
If you think that you'll have the mystical knack  
just come on and try getting me off you back.

The vomit, the cramps, your guts in a knot  
the jangling nerves screaming for just one more shot,  
the hot chills, the cold sweat, the withdrawal pains  
can only be eased by my little white grains.

There is no other way, no need to look  
for deep down inside you'll know that you're hooked,  
You'll desperately run to the pusher and then  
you'll welcome me back into your vein once again.

And when you return, as I have foretold,  
you'll ultimately give me your body and soul.  
You'll give up your morals, your conscience, your heart,  
and then you'll be mine, 'til death do us part.

The above poem by an unknown author speaks of the ills of heroin. Several other addictive drugs can lead to your ruination. If you want to know more, contact Social Actions. Our telephone numbers are 449-8000 and 449-2782.

The District Basketball Tournament will be held at Ft. Ruger Gym on February 16, 17, and 18. Thirteen teams will participate, with the top four teams automatically proceeding to the HIANG State Tournament and the Army/Air Guard Tournament. The Army/Air Tournament will be held on February 22, 23, and 24, location and times to be announced.

In past District Tournaments, the monies collected from each player was spent largely on food and drinks consumed during the awards ceremonies. This year a portion of the money will be donated to the Morale, Welfare and Recreation Fund, Kaneohe Marine Corp Air Station, which supports families and the Marines serving in the Persian Gulf. Donations will be accepted at the door. At the end of the tournament the monies will be sent to MWR/KMCAS, along with a short informative letter. The letter will be signed: HAWAII AIR NATIONAL GUARD BASKETBALL PARTICIPANTS. Please come out and support your teams!!

Remember: Ft. Ruger gym, February 16, 17, and 18.

## News and Views

By: MSgt. Fred M. Higa, Jr.

And now, a word from our Commander: "Congratulations to all on a very successful and **EXCELLENT UEI!** We did it! We showed our friends from the IG team that we were truly 'NO KA OI', and we did just that. We developed a good game plan, formed a tiger team lead by LTC Bruce Minato, gathered ideas from other units, and put our plan into action. A lot of hard work, long hours, preparation and desire went into our team effort, but the results speak for themselves. You have every right to stand tall and be proud to be a member of the best, the 154th CAM Squadron. Mahalo to each and every one of you, for without you we couldn't have done it." LTC Michael Melich.....To echo LTC Melich's thoughts and feelings, you've all done well, and you've proved once again that the CAM Squadron is truly the best. No time to rest though as we must be cognizant of what's happening in the Middle East and what that situation could mean to us. We must continue to maintain our equipment and prepare our personnel for any possible contingency. The mobility exercise we're going through this weekend is a prelude to what we'll be training for in the next 2 years as we prepare for our ORI. Train hard!!!! Now for news of the Squadron: We had many individuals who were singled out by the IG inspectors as Outstanding Performers during the UEI. Congrats to the following for receiving that honor: MSG's Craig Harimoto & Carol Keanini, TSG's Tony Seyko & Takao Wada, SSG's Bill Abilla, Victor Ioli and Robert Yokono, and Sgt Dan Cristobal. MSG Harimoto and MSG Keanini also received 'Outstanding' ratings for the inspection. All told, there were 22 Excellent ratings given to the squadron, which is truly an outstanding accomplishment. Good show to all of the people who got involved to make this inspection a success. TSG Eric Wada and SSG Franklin Ho and Gary Hema are three Avionics folks who were sent to Tyndall AFB, Florida for 2 weeks to assist in the acceptance inspection 2 F-15 aircraft to be assigned to this unit. Complaint was it was very cold and there is no sunshine in Florida...their commercials lie! Speaking of Avionics, MSG Ron Muronaga attending the Senior NCO Academy at Gunter AFS in Alabama along with MSG's Jim Andrade (Maint Ctl) and Alva Frias (292 CMBT COMM Sq, Maui). TSG Ron Lee attended the Retention Course at McGhee-Tyson last month, and SSG Jimmy Williams will be attending the Leadership School at McGhee-Tyson starting February 9. TSG Stewart Lee has decided to hang up his test station as he retired from the HIANG on January 28. He has moved to California to

embark on a new career...Returning soon is TSG Timmy Young of the Munitions Maintenance Branch as he completes his requirements at the NCO Academy at McGhee-Tyson ANGB. SSG Miles Moriyama just returned home from McGhee-Tyson after completing the Leadership School course. If you would like to attend the NCO Academy and Leadership school at McGhee-Tyson ANGB in Tennessee, contact your supervisor and the Training office as additional quotas have been given to units due to the Middle East situation...The welcome mat goes to A1C Rodd Maeyoshimoto, Jeff Roache, and Shane Watarai as they join the Avionics Branch. AB Reginald Copeland has joined the Weapons Release shop and is a welcome addition. If you want to be where the action is, join the Munitions Maintenance Branch. Call CMS Tommy Hirao (449-3041) for information if you're interested. Welcome back goes to TSG's Geraldo Gapoi and James Chun as they return from Tyndall AFB as part of the acceptance team for our newest F-15s. TSG Carl Martin will be going to New Orleans to attend a T.O. Review Confab. Good luck to SSG Wallie Ching as he 'had to resign' from the HIANG to become an FBI special agent...Congrats are in order for Erwin Soares as he exchanged vows with the former Carol Ellis on December 12. Sewing on new stripes were TSG Richard Shoda, SGT James Welch, and A1C Scott Copelan. MSG James Yamamoto has assumed the duties as the Maintenance Control Manager and TSG Jim Puu has been assigned as the NCOIC, of the Plans & Scheduling Section. Good luck to both in their new positions...Good luck to Sgt Tom Hoots as he transfers from the Training office to the Group Historian position. Taking Tom's admin position in the Training office is SSG Paul Tanaka, a recent transfer from the Civil Engineers Squadron. Good luck to MSG Carol Keanini as she has decided to take on the full time position as the head of the Group Disaster Preparedness office. MSG Jim Pahukula wants everyone to know that the HIANG Central District Basketball Tourney is set for February 16-18, and will be held at the Ft. Ruger gym. The top 4 teams will advance to the Hawaii National Guard Basketball Tourney on February 22-24. CAM Sq has 4 teams entered in the HIANG tourney, so go out and support your favorite team. Aloha & Mahalo to CMS Tom Sato as he has decided to retire from his technician job in March. He'll be staying awhile as a traditional Guardsman which is good for us. If you're in the area, stop by the Survival Equipment shop and take a look at the ANG, COMPG and Shop goals on display. SSG Robert Yokono 'found' a picture frame, 'borrowed' some construction paper and set up his display with the Hawaiian flag as a background. Chicken skin! The new shop motto being contemplated is 'We re-cycle pilots and all other things.'.... Well, that's all for now folks. Again, much thanks to all who participated in preparing for the UEI and helping the Group and unit in attaining another 'Excellent' rating. Don't forget the party this afternoon....Til next month, "Always do right; this will gratify some people and astonish the rest" (Mark Twain).... Pray for peace....see you next month.....shiga.

# General's Farewell Dinner

A farewell dinner for Major General Alexis T. Lum will be held on March 10, 1991 at the Hilton Hawaiian Village, Tapa Ballroom. Cocktails start at 5:00 p.m. and a 9-course Chinese dinner at 6:00 p.m. Aloha attire will be worn. The cost is \$35.00 (tax and tip included), and \$5.00 (gift only). The hazardous warning label is often your first source of information about the chemical and its hazard. The label must include the name of the chemical as it is on the Material Safety Data Sheet (MSDS), Hazardous Chemical Inventory, and all appropriate hazard warnings. Warning labels must be affixed to bags, containers, bottles, etc.

Pipes carrying chemicals do not have to be labeled, but the workers must be informed about the hazards running through the pipes.

Items exempt from the Occupational Safety Health Act labeling requirement because labeling is required by other federal laws are: pesticides (MSDS must be available); food, food additives, color additives, drugs, cosmetics and ingredients in these products covered by the Federal Food, Drug and Cosmetic Act; distilled spirits, wine, or malt beverages not intended for industrial use, covered by the Federal Alcohol Administration Act (MSDS must be available if the use of these products results in worker exposures significantly greater than those of consumers); and consumer products and hazardous substances covered by the Consumer Product Safety and Federal Hazardous Substance Acts (MSDS must be available if the use of these products results worker exposures significantly greater than those of consumers).

## TROA Announces Scholarship Loan Program

(Alexandria, VA) - The Retired Officers Association scholarship loan program provides \$1,500 annual, no interest loans to unmarried undergraduate students, under the age of 24, who are dependent children of active, reserve, and retired service personnel. The loans are awarded for up to five years of undergraduate study.

This current school year, 680 students were awarded loans, totaling over one million dollars. From this group, based upon their academic records, participation in extracurricular and community activities, 106 students received special \$500 grants in addition to the loans. All those who apply for the loans are automatically considered for the grants.

Since this program was initiated, over 3,700 students have received interest-free loans, totaling more than \$8 million.

Scholarship applications for the 1991-92 school year will be available after January 1. For more information, write to TROA Scholarship Loan Committee, 201 N. Washington St., Alexandria, VA 22314-2529.

## KNOCK OUT BURGLARIES! \*

## Air National Guard Non-Commissioned Officer Academy Graduate Association

Members of the ANGNCOAGA are invited to the ANGNCOAGA Business and Industry Day which will be held at McGhee Tyson Air National Guard Base, Tennessee on May 6-10, 1991. Air transportation will be provided by the military with orders from the National Guard Bureau to fly military aircraft.

The objective is to acquaint business and industry leaders with the national defense mission being performed by the Air National Guard. In addition, guests will become familiar with the education and training benefits that are available to their employees through Air National Guard membership.
