NCO ASSOCIATION FORMING

EDITORIAL

Tomorrow will mark several "firsts" for us. It will be our first camp under the new plan, our first ORI with the "Duces", and our first field training at this site.

We will surely encounter numerous problems, but being the type unit we are, overcoming these problems should not be difficult.

The success of any project depends primarily on the effort put into it. This year's field training will require an "all-out" effort by ALL personnel to fulfill our mission of air defense.

In view of the pressing world crisis, it will be all the more important for us to prepare ourselves. FIVE days is a very short time for us to actuate what would take normal units the ENTIRE year to accomplish. If we disregard the time element and the size of the job, we must conclude that "if it's worth doing, it's worth doing BETTER!"

The non-commissioned officers of the Hawaii Air and Army National Guard are joining together to form the Hawaii Non-Commissioned Officers Association, following the pattern of the Officers Association.

SMSgt Ted Hussey, 154th CAMRON, heads the Air Guard segment. Sgt Hussey says the constitution and by-laws are being drawn up. The preamble will be based on the Officers Association preamble.

The purpose of the Association is to create a better relationship with the Officers Association and the NCO Corps.

The drive is now on for active participation. Membership will be mandatory for NCO grades E-6 through E-9.

DUCE LOSES CANOPY

Last Sunday afternoon, while on an alert mission, 1st Lt Vern Ah Nin lost his canopy in the area behind Tripler General Army Hospital. Loss of the canopy caused quite a draft. Lt. Ah Nin pulled down the visor on his helmet and landed without further incident.

RECALL

The following rules will apply to all future practice or actual emergency mobilizations (Recalls):

1. All Group personnel will sign in at the centralized sign-in location on the hangar floor.
2. All Group personnel are expected to sign in within one hour of Recall time.
3. Personnel arriving later than one hour and thirty minutes from Recall time will sign in and be directed to report to their First Sergeant to provide an explanation for their delay.
4. A list of these personnel with their explanations will be forwarded to Group Headquarters by Recall time plus four hours.
5. Personnel arriving later than two hours after Recall time will not be allowed to sign in on the hangar floor and will be directed to report to their First Sergeant.

DISPENSARY NOTES

Sick call will be conducted from 0800 to 0900 hours and 1300 to 1400 hours daily, during camp, by the Dispensary. All personnel are reminded that they are required to bring their immunization records up-to-date. CHECK WITH THE DISPENSARY.

BASE DECALS

It has been noted that a number of individuals do not have base decals on their vehicles. This has caused considerable delay in entering the gate, as it is necessary to get a visitor's pass. To clear this matter, it is suggested that you get them next week from the Base Provost Marshal.

The Group's entry in the Hickam AFB Internural Volleyball League emerged as Base Champions for 1962. Bulwarked by spikester stalwarts such as Lt Tom Haine, Capts Bill Heilbron and Roger Clissold, Sgt Pastor Abelaye and others, the team brought home the bacon. Well done!

The Air Police from the 154th Fighter Group represented the Air Guard at "Flag Day" ceremonies last Thursday at Aala Park. The Apis SSGT. Richard Chang, A/1C Albert Keliinui, A/2C Paul Stevens and A/3C William Almedia made up the Color Guard.
