154th FIGHTER GROUP (AD) - HAWAII AIR NATIONAL GUARD-HICKAM AFB 22MAY 66

SURPRISE VISIT BY GENERAL STEVENSON

Major General Robert L. Stevenson, Adjutant General, took time out from his heavy schedule today and dropped in unannounced to visit the 154th. He visited every shop in the hangar and the majority of offices in the 2nd floor complex, stopping frequently to chat with airmen and officers of the Group.

General Stevenson returned from the mainland last night after attending the Adjutants General conference. Following his visit to the 154th, he visited the Army Aviation Section, various units at Fort Ruger then went to his office to wade through 2 weeks of paperwork stacked in his in-box.

NEWS BRIEFS - 154th CAMRON

PROMOTIONS

Congratulations to Raymond Choy, aircraft Electronic Navigation Repairman for being the first airman promoted in this section for 1966. Ray was promoted to Airman First.. Well deserved.

SOCIAL EVENTS

On 30 April 1966, Radio shop personnel hosted a party at Kanraku Tea House. The purpose? To have a good time. Chairman ALC Ronald Chun and J. Ishihara toiled long hours to insure its success.

The biggest hangover went to Raymond "Chop" Kaneshiro who was the life of the party.

Next function for this swinging group - a trip to Hilo Remember .. people who play together enjoy working together!

154th CAMRON NEWS (Continued)

BIRTHS

The year 1966 brought a flock of new arrivals to the people in the MG-10 Fire Control Section. Passing out cigars and candy were TSgt Thomas Araki, SSgts Fausto Allosada; Stanley Heu and ALC Ronald Ota who apparently have been putting in lots of CT time.

Daddys for the first time, Stan and Ronald were asking advice from cool and collected Tom and Fausto.

A TRIP TO HAWAII

Air Guardsmen from the C&E and Munitions Sections of the 154th CAMRON enjoyed the weekend of 1-3 April (via C-54) on the island of Hawaii.

An important mission of the "Charlie 54" is to transport the HARNG Officer candidates from Hawaii and Maui to Oahu for their training. Originating from Hickam, this flight departs empty going to pick-up these candidates and returns empty after returning them to their respective islands upon completion of their weekend training. The C&E section OIC/NCOIC initiated through channels a request to utilize the aircraft.

Fishing, visiting friends and relatives, touring the island, enjoying the night life of picturesque and tranquil Kona, sampling a taste of luxury at the spacious Mauna Kea Beach Resort Hotel and being awed by the grandeur of majestic Akaka Falls were some of the highlights of the trip.

NEWS BRIEFS - ST. LOUIS SQUAD.

BEMO

SMSGT Edward Schweitzer stated that airmen who want to exchange their uniforms because of normal "wear and tear" or improper fit, may bring these items of clothing to BEMO for exchange. Good News!!

BSO

Capt Danny Au, 154th Supply Squadron Commander, reported a record-breaking 200 days NORS (Not Operationally Ready-Supply). To celebrate the occasion, CAMRON and SUPRON personnel were hosted to a pink champagne party. Special guests included Brig Gen Valentine A. Siefertmann, Col Walter F. Judd and Col (Honorary) Art Harris.

Capt Au already posted their next goal -365 days NORS. The next celebration will be a Luau!

NEWS BRIEFS - 199th FIS

Lt Robert P.S. Yee has been promoted to 1st Lt.

Capt Kenneth J. Costa is taking Sea Survival Training in Numazu Japan with Lt Col George R. Duncan and Maj Tai Sung Hong. 2nd Lt Al Ling and Stewart Mayes will follow shortly.

"JUST MARRIED"

Congratulations to 1/Lt Daniel Stone. He was married Saturday 14 May to pretty Miss Paulette Lau, stewardess with Hawaiian Airlines.

HOUSE MOVERS ARE AT IT AGAIN.!

Combat Support Squadron guys, under the direction of Second Lt. Hiram Pang, are still preparing six hutments at Dillingham AFB, in preparation for summer training.

This weekend, the hard working section is setting up wood flooring and are doing minor plumbing and electrical work.

Officers at Wheeler AFB agreed to give HANG two buildings which were promptly moved then four more buildings disappeared from Wheeler and re-appeared at Dillingham AFB,

bringing the total number of buildings to six!

The next Air Force inventory at Wheeler should prove very comical "Whatta mean, you've lost four buildings!"

GENERAL INSPECTION SOON

Headquarters PACAF will conduct a General Inspection of HANG between 19-20 June. The inspection will include, but not limited to, compliance with current directives, condition of federal property and equipment, qualification of personnel, unit training, unit personnel and administration, flight operations and funds. The 20-man team will be headed by Col Michael Horgan.

HONORS

SSgt Herbert Panoke (154th CSS), former Kapena Moku of the Royal Guard and long time shooter, was selected by the Air Force to be a member of the All-Air Guard Pistol Team during the firing of the All-Air Force Rifle and Pistol Championship matches at Lackland AFB, Texas. He was the only one selected from the Hawaii shooting field. He will return to Hawaii next week.

NEW LOOK

The color pictures hanging in the HANG-OUT club, donated to the Group by Capt Horatio Clutchmeyer, were put up Saturday by A2C Dennis Paine and A2C Gerald Erickson, both of the 154th CSS but temporarily assigned to the 109th.

Paine, a professional decorator, in an associate partner with "d. auditorium company" of Honolulu. The pictures are temporary and will be replaced sometime after camp by... oh, oh, we're not supposed to tell.

A TIP

During summer training, your life will be easier and our operations more efficient if each officer and airman were to carry a pencil and small pad. Don't trust to memory alone the many items you will be expected to accomplish.
