154TH FIGHTER GROUP (AD) HAWAII AIR NATIONAL GUARD HICKAM AFB 18 AUG. 68
EDITOR: A1C LARRY EDWARDS ASSISTANT EDITOR: A1C JON ANDERSON

PLAUDITS FOR THE 169TH

The Hawaii Air National Guard's 169th AC&W Squadron has greatly enhanced the prestige of the Guard in recent months through its program of training Weapons Controllers of the 5th Tactical Control Group, Hickam.

The magnitude of the accomplishment has been duly noted in a series of letters of commendation received this week.

The situation arose when the 5th TCG became unable to properly handle upgrading of its controllers due to a heavy influx of inexperienced personnel and the nonavailability of a live radar training environment due to priority operational commitments of PACAF AC&W units.

HANG readily accepted the opportunity to provide controller training assistance and as a result, the 5th TCG now has one expert, six skilled and five qualified controllers. The training was accomplished in the short period of March-July 1968 and another class of four finished its training Friday.

The letters of commendation came from Col S.D. Berman, commander of the 5th TCG; Maj. Gen. K.C. Dempster, PACAF Vice Commander; Maj. Gen. Ernest C. Hardin, PACAF Deputy Chief of Staff for Operations; Maj. Gen. Benjamin Webster, state Adjutant General; and Brig. Gen. Valentine A. Siefermann, HANG Commander.

AU ELECTED

Maj. Daniel Au, commander of the 154th Supply Squadron, will take office in January as president of the Hawaii National Guard Association.

Lt. Col. Robert Stanek of Hq, HARNG, is vice-president, Maj. Rosario Danguio of the 298th Artillery Gp, secretary, and Capt Allen Mizumoto, Hq HANG, treasurer.

The Association is made up of National Guard officers who actively promote and further the well being of the Guard. It is affiliated with the national group and lobbies for legislation which will benefit the Guard.

Locally is is responsible for the Hawaii Guardsman Magazine and many other activities. Sen. Dan Incuye was the speaker at the last annual banquet.

Maj. Au emphasizes that success of the organization is dependent on the development of fresh ideas, and he is open to any suggestions which might be of use.

He also expresses his concern for the activated Guard members of the 29th Brigade and states plans for including them in Association activities.

OFF TO COLLEGE

Maj. James Dykes (199th FIS) and Capt. Ron Silva (Supply) have been selected to attend Air Command and Staff College and the off duty Auburn University Educational Program for 44 weeks beginning 26 Aug.
