

AIR TECHNICIAN VACANCIES

The 154th Ftr Gp has a full-time job opening for an aircraft mechanic here at Hickam. Interested individuals must possess at least a Five Level aircraft maintenance AFSC and a minimum of two years experience in the aircraft maintenance field. Although not mandatory, it is desirable that applicants have completed an aircraft repair course or have an FAA A&E license.

The 169th ACW Sq., at Wheeler Field has a full time job opening for an ACW Operator. Interested individuals must have normal color vision and eyesight correctable to 20/20; at least one year of ACW experience in the career field or related career fields of the military service; possession of appropriate security clearance.

The Comptroller office is looking for a Data Processing Machine Operator, NGC-5, with a salary from \$6131 to \$7952 per year. Experience is desirable but not necessary. Apply at the Comptroller or phone 441734 or 443521.

Persons interested in the first two job openings may receive more information and application blanks at Fighter Group Headquarters.

NEW RETIREMENT FOLDER

Before our final formation Sunday (22 January), every officer and airman should have received his free copy of the newly updated retirement folder, showing monthly retirement pay and the new point system.

If you have not received the National Guard Bureau produced brochure, see your First Sergeant.

NEXT DRILL: 18-19 February

WINS ATTENDANCE TROPHY

The 154th Supply Squadron has won the quarterly HANG Squadron attendance trophy for attaining the highest percentage during the last quarter (October-December) 1966.

The following are unit percentages:

154th Supply Sq.....	96
150th ACW Sq.....	95
HQ HANG.....	94
HQ 154th Ftr Gp.....	93
154th Consol Acft Maint....	93
109th ACW Sq.....	93
169th ACW Sq.....	92
199th FIS.....	90
154th Cmbt Spt Sq.....	89
154th USAF Disp.....	89
199th Wea Flt.....	89

Judging by the many past accomplishments of the Supply Sq., about the only thing one can say about the unit is, "They're red hot!"

CLASSIFICATION BOARD CHANGES

Beginning February 1967, the HANG Personnel Classification board will convene monthly during Saturday All Day Assembly at 1300 hrs in Room 211 (GPAS Conference Room).

The Board will not convene when a JTF exercise is conducted.

This change is necessary to eliminate the conflicting time of usage of the Group Conference Room and limited available rooms. The change should also simplify the coordination requirements between units, individuals, AFSA and CBPO prior to Board meetings.

REMINDER: CAMP DATES

MARCH 27-APRIL 1
JUNE 5-10

Be certain to remind your employer of the upcoming March date.

... mailman delivers a necktie, book, keyring tags or phonograph record that was not ordered. Either with it or by later mail, is a request for payment.

Recipients of unordered merchandise are under no obligation to return it; to acknowledge its receipt; to pay for it unless used to give it particular care; or to keep it beyond a reasonable time.

He is obligated to surrender the merchandise if called for in person by the shipper or his agent within a reasonable time. However, storage charges may be demanded before surrendering the item. Paying for return of unsolicited items will likely result in future deliveries.

Best solution is to write "refused" across the face of the piece of mail and return it unopened to the mailman. No explanation is required. Such action normally results in the sender paying for return postage (Go to 'em)

HNG BOWLING LEAGUE

The HNG Bowling League Secretary wants teams from the 154th Pfc Gp to participate in this All Hawaii National Guard (Army & Air) tourney. The league will start in February and is scheduled for play every Thursday evening at 6:15 p.m. at Classic Bowl.

Those wishing to enter the league may contact SFC Edward Lau, an Army Guard type, at 870035 for more information.

SUPPLY NOTES

The 154th Supply Sq., hosted the annual air technician Christmas party on 18 Dec. at Fort Belknap. Squadron personnel served as clown and judge; by the attendance and reception, the blast was a smashing success.

Incidentally, Supply established a 96% Specialist Knowledge Testing passing rate from 1 Dec. to date. The HAN2 goal is 85%.

NOTE: Don't question your wives judgement. Look who she married!

Wyman Au was promoted to the rank of Captain and Lee Cashman was promoted to A2C... Major Forsyth is being transferred to Tokyo by the FAA for a two year tour as flight inspector pilot. (The tall Major is interested in those co-educational Euro's and plans to take a face mask and snorkle) Major Forsyth plans to re-join the HNG upon his return to Hawaii in 1969.... Taking his place as Acting Commander is capable Captain John P. Bee. Capt Lee will attend the Annual Weather Flight Commanders Conference in Orlando, Florida 27 February-3 Mar. Mickey Loss (No relation to Minnie) married Sarah Allbritton and A1C Al Higashi married Dorothy Aoki. Both HNG men took the step on 12 November last..... Weather Flight NCOIC MSgt Max Nuesca is on a Weather Bureau trip to Eniwetok and Kwajalein and plans to return to Honolulu 5 February.

HELP!

The staff of Kukailimoku can not report what it does not know. Please..... If you have any news of your section, jot the items down and forward the poop to this paper.
