- SMs are responsible for validating the accuracy of the data used to calculate their promotion points.
- Provide supporting documentation to your RNCO/TNCO to resolve discrepancies via the Person Profile module, or interfaces from Authoritative Data Source (ADS) outside of IPPS-A. The interface then updates the points in IPPS-A.
- The Administrative Cut-Off Date is the date when additions and updates to a SM's promotion points are no longer accepted for promotion consideration and eligibility for that roster IAW FY27 EPS MOI.
- All data used to generate the PPW comes from IPPS-A. Any updates in IPPS-A prior to the generation of the PPW are reflected immediately.
- It is the SM's responsibility to ensure personnel records are correct and report errors to their Unit Readiness NCO/S1 for correction and to update immediately.
- Promotion Points must be corrected prior to the Admin Cut-Off. Failure to action will not constitute Standby Board consideration.
