

OFFICE OF THE GOVERNOR
STATE OF HAWAII

**FOURTH PROCLAMATION RELATING TO
MARCH 2026 KONA LOW WEATHER EVENT**

By the authority vested in me by the Constitution and laws of the State of Hawai'i, to provide relief for disaster damages, losses, and suffering, and to protect the health, safety, and welfare of the people, I, JOSH GREEN, M.D., Governor of the State of Hawai'i, proclaim as follows:

WHEREAS, beginning around the evening of March 10, 2026, a strong Kona Low weather system brought heavy rains and damaging winds throughout the State. The storm has caused significant damage to, and has impaired the operation of, transportation, energy, and other critical infrastructure, including the H-power waste facility on Oahu;

WHEREAS, extensive damage to infrastructure and property, along with ground that is already saturated with rainwater, leaves the State susceptible to threats from heavy rain and storm events that may occur later during the emergency period;

WHEREAS, additional rains are forecast for the State later in the week of March 15, 2026, which threaten to cause additional damage and impair ongoing efforts to recover from recent storm impacts;

WHEREAS, it is critical that the State and counties have sufficient resources to secure infrastructure and recover from the impacts the system has brought to the State, and to prepare for, respond to, and recover from additional severe weather that may occur in the State during the emergency period;

WHEREAS, since March 9, 2026, I issued three proclamations related to this emergency. The current Third Proclamation issued on March 16, 2026, must be supplemented to allow additional preparation, response, damage assessment, and recovery related to the initial storm system and additional severe weather during the emergency period;

danger or threat of an emergency or disaster in the State of Hawai'i. This Proclamation covers the entire State of Hawai'i and supersedes all earlier proclamations related to this emergency.
