Nāia, Lālo, & Ikaa  
Training & Exercise*

### O-305 – Type 3 All-Hazards Incident Management Team

This five-day, 40-hour training happening November 16-20, is designed to prepare local responders for leadership roles during major, complex emergencies. Built on NIMS standards, this intensive course uses hands-on, realistic mock incident simulations to teach critical team coordination, interpersonal communication, and the incident action planning process.

Participants will dive into essential topics such as incident command leadership, interpersonal communications, and the execution of the incident action planning process. The training heavily emphasizes hands-on learning, culminating in realistic, practical mock incident simulations where individual responders practice performing as viable team members under pressure. [Email HI-EMA Training & Exercise team](#) for registration details.

### Upcoming:

October 5-7: ICS 300 – Intermediate ICS for Expanding Incidents (O'ahu)

October 8-9: ICS 400 – Advanced Incident Command System for Complex Incidents (O'ahu)

October 19-23: L958 – AHPS Operations Section Chief (Maui)

November 2: DOC Activation (O'ahu)

November 4-6: FEMA Pacific Partners IPP ILE (O'ahu)

[November 9: State Emergency Response Team \(SERT\) Orientation \(O'ahu\).](#)

November 16-21: L970 – Supply Unit Leader (Maui)

[November 18: WebEOC II \(O'ahu\).](#)

### IAEM 74<sup>th</sup> Annual Conference and EMEX – Long Beach, CA

Preparedness involves more than just planning. It is also about building stronger partnerships, adapting to new challenges, and helping our communities become more resilient.

Join the conversation at this year's conference November 6-12, and explore the theme *Charting through Preparedness: Anchored in Resilience*.

# HI-EMA TRAINING & EXERCISE

## Looking Ahead

### November to March

**November 16-20: O-305 – Type 3 All-Hazards Incident Management Team (O’ahu)**

**Virtual: Introduction to Bioterrorism for Hawaii**

**Virtual: AWR-219: Disaster Resilience Essentials for Water and Wastewater Utilities**

**Virtual: AWR408: Disaster Recovery Awareness**

**Virtual: AWR-367: Understanding Social Engineering Attacks**

**Virtual: AWR419: Disaster Resilience Essentials for Water and Wastewater Utilities**

**Virtual: AWR-379: Coastal Hazards Awareness**

**Virtual: January 26, 2027: MGT-460: Planning for Disaster Debris Management**

**Virtual: IS-52: Introduction to Disaster Logistics and Supply Chain Management**

**Virtual: February 2, 2027: AWR-319: Leveraging tools for Conducting Damage Assessments**

**Virtual: Supply Chain Resilience**

**Virtual February 16, 2027: AWR-345: Uncrewed Aircraft Systems in Disaster Management**

**Virtual: IS-870: Dams Sector: Crisis Management**

**Virtual: March 10, 2027: MGT-331: Community Planning for Disaster Recovery**

**Virtual: WB4979: Rural Communities Responding to Public Health Emergencies**

**Virtual: March 16, 2027: AWR-217: Tsunami Awareness**

### Integrated Preparedness Planning Workshop (IPPW)

On November 24, HI-EMA will conduct its annual IPPW where partners will meet to discuss risks, share resources, and avoid duplicating efforts related to training, exercise, and professional development in emergency management.

**Have upcoming training or exercise that’s open to the public? Let us know!**

If your organization is conducting an event that is open to county, state, federal, nonprofit, private sector, partner participation, etc. email the details to HI-EMA T&E and we’ll include it in a future update.
