FORMULA FOR COMPUTING ANNUITY FOR VOLUNTARY RETIREMENT:

Disability annuity is recomputed at age 62 to an amount that represents the annuity you would have received if you had continued working until the day before your 62nd birthday and then retired under non-disability provisions.
DISABILITY ANNUITY AMOUNT

If 62 or older or eligible for Optional Retirement, you receive an "earned annuity" based on the general FERS computation formula if you:

• Are 62 years old or older; OR

• Meet the age and service requirements for regular, unreduced immediate retirement (MRA with 30 years, age 60 with 20 years, or age 62 with 5 years)
Special NG Disability Retirement Provision (P.L. 97-253)

A NG technician may be eligible if:

• Involuntarily separated due to medical disqualification

• Not found by OPM as meeting criteria for a “regular” disability retirement.

• Not appointed to another Federal position

• Not declined a reasonable job offer
**IMPORTANT NOTE** for the FERS NG technician regarding the special provisions of PL 97-253

If the technician is also eligible for a Military Reserve Technician (MRT) retirement and OPM disapproves the disability application under FERS “regular” provisions, then the technician is **NOT** eligible for a disability retirement under the special provisions of PL 97-253.
Special NG Disability Retirement Provision
(Public Law 97-253)

Waiver of Reconsideration and Appeal Rights

• Technician should sign a waiver statement indicating desire to be considered for benefits under the special disability provisions of PL 97-253.

• Statement should have printed or typed name and social security number.

• If OPM determines that the NG technician is not eligible for disability retirement under “regular” provisions, provided the required 30-day notice had be given, the technician must be separated.
Waiver Example

I am applying for a “regular disability retirement” under the provisions of [5 USC 8451 (if FERS)] due to my loss of military membership with the (state) Air/Army National Guard for medical reasons.

I understand the issuance and facts for considering approval for regular disability and hereby waive my rights for further reconsideration and appeals to the Office of Personnel Management (OPM) and the Merit Systems Protection Board (MSPB) should the application for regular disability be disapproved by OPM.

In addition, should the application for regular disability be disapproved, I hereby apply for benefits under the special disability retirement provisions of Public Law 97-253.

WINDFALL ELIMINATION PROVISION (WEP)

- If you didn't pay Social Security taxes on your government earnings and you are eligible for Social Security benefits, the formula used to figure your benefit amount may be modified, giving you a lower Social Security benefit.

- WEP affects Social Security benefits when any part of your Federal service after 1956 is covered under the Civil Service Retirement System (CSRS). However, Federal service where Social Security taxes are withheld (Federal Employees Retirement System or CSRS Offset) will not reduce your Social Security benefit amounts.
WEP does not apply to survivors benefits. It also does not apply if:

- You are a Federal worker first hired after December 31, 1983;
- You were employed on December 31, 1983, by a nonprofit organization that did not withhold Social Security taxes from your pay at first, but then began withholding Social Security taxes from your pay;
- Your only pension is based on railroad employment;
- The only work you did where you did not pay Social Security taxes was before 1957; or
- You have 30 or more years of substantial earnings under Social Security.
GOVERNMENT PENSION OFFSET (GPO)

• If you receive a pension from a Federal, state or local government based on work where you did not pay Social Security taxes, your Social Security spouse’s or widow’s or widower’s benefits may be reduced. You are exempt from the GPO if you were contributing to Social Security for your last 5 years of federal employment.

• Your Social Security benefits will be reduced by 2/3s of your government pension.
  • Monthly civil service pension - $1,200
  • 2/3s offset to Social Security - $ 800*
  • Spouse or survivor benefit - $1,000
  • Final amount due - $ 200

($1,000 – $800* = $200)
