Chapter 1: Introduction to eOPF

Electronic Official Personnel Folder (eOPF) is a system developed as a management solution to handle official personnel files and to simplify access to your own Official Personnel Folder (OPF). The OPF contains Human Resources (HR) records and documents related to federal civilian employees. An OPF is created when an employee begins federal service and is maintained throughout the employee's career in accordance with United States Office of Personnel Management (OPM) regulations. eOPF also refers to the electronic form of your folder.

Guidance on what is filed in the eOPF can be found in the Guide to Personnel Recordkeeping (GPR). The GPR is available at:

[Link to Guide to Personnel Recordkeeping](#)

eOPF provides electronic, Web-enabled access to OPFs for employees, supervisors, and HR staff members to view eOPF documents. All employees are able to view their own eOPF through the eOPF Web interface.

eOPF has security measures in place to ensure the integrity of the system. For example, users are able to view their own eOPF documents, but cannot modify the documents. Additionally, all activity performed in the eOPF is logged and can be accessed through the reports function.

Note:

eOPF is not a vehicle through which documents can be modified. Information found on SF 50/52s, benefits documents, etc. can be modified through agency HR systems, Employee Benefits Information Systems, etc.

eOPF has a variety of functions that are accessible depending upon the role of the logged in user. This User Guide covers the basic employee role and assumes you have working knowledge of Microsoft Windows desktop. This User Guide covers topics for the current version of eOPF. If you do not have access to the Internet or to the eOPF application, please contact an eOPF administrator to assist you with setup.

Note:

This User Guide includes representative pages from eOPF but your agency's system may be slightly different, depending on your agency's requirements. In addition, some functionality is optional and may or may not be configured for your system.

Chapter 2: Browser and Viewer Requirements

To access and utilize eOPF, you must use two basic off-the-shelf software components: a Web browser application and Adobe Acrobat Reader, called Adobe Reader in this document. The Web browser enables you to view the various system pages such as *Logon* and *Search*. Adobe Reader enables you to view documents.

Browsers

You can use commercially available Web browsers to access eOPF. For best results, it is recommended that you use the latest eOPF-certified version of Microsoft Internet Explorer.

Note:

eOPF v5 requires Internet Explorer users to disable the 'Compatibility Mode' option to have Web pages appear correctly.

Note:

eOPF has a session timeout feature that uses pop-up window functionality. If your browser or other software is disabling pop-up windows from displaying, you may be unable to see inactivity warnings. Enabling pop-ups for eOPF allows inactivity warnings to display to prevent you from being logged out for inactivity without notice.

Downloading and Configuring the Viewer (Adobe Reader)

The eOPF stores documents as Portable Document Format (PDF) files, which can be viewed and printed using Adobe Reader. If you do not have Adobe Reader installed on your computer, it is available as a free download on the Internet.

Note:

The Adobe Reader options should be set to **not** view inside the browser. This option can be accessed by selecting Edit -> Preferences -> Internet in Adobe Reader.

Chapter 3: Getting Started with eOPF

Before you can perform any activity within eOPF, you need to log on. Logging on requires that you have a valid user name and password. Your user name and password are created either at system deployment or when you initially become an employee. If you do not already have a user name and password for eOPF, please contact an eOPF administrator to obtain one. If you have a user name, but do not recall your password, a *Request a New Password* link is available on the *eOPF Logon* page. When selected, you are prompted to answer some questions. If you answer correctly you are allowed to reset your own password. If you answer incorrectly, your information is directed to the Helpdesk.

Note:

At this time, both Single Sign On and eAuthenticate initiatives are being implemented for eOPF. When activated for your agency, you no longer directly log into the eOPF application. You connect using an agency portal or eAuthenticate portal, at which time the eOPF application's eOPF ID and password functionality is disabled.

Note:

After a number of consecutive failed attempts to log on to eOPF, you are locked out of the system as a security precaution. The number of failed attempts is configurable by the administrator and the default number is three attempts.

In order to ensure the security of the eOPF, remember to safeguard your user name and password. Some guidelines for password security are:

- Do not share your password with anyone.
- Do not write your password down.
- Do not allow anyone to use eOPF with your user name/password combination, because all eOPF system actions are logged by user name.

After you log on to eOPF, you can change your password. Additional eOPF features that you can use include changing your email address, viewing and updating emergency data, and accessing eOPF online help. If you do not see these features in eOPF, your agency may have opted not to enable them.

Logging on to eOPF

You must log on to eOPF each time you want to access the system. After you log on to eOPF, you can change your password. If this is the first time you log on to eOPF, you are directed to a *Security Profile* page to configure your own self-service responses.

To Log on to eOPF:

1. **Launch the eOPF application by opening Internet Explorer and entering the URL assigned to eOPF for your agency.**

The *eOPF User Agreement* page displays. Above the

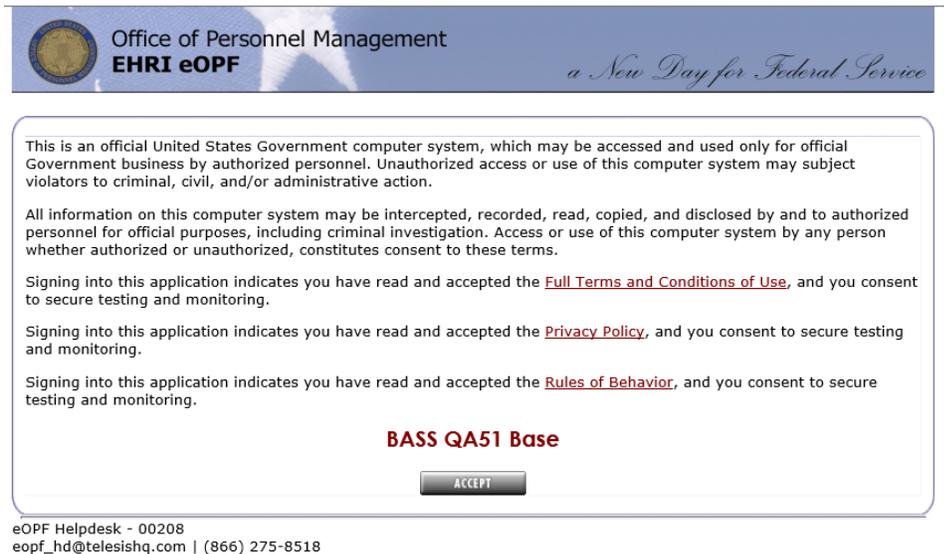

Accept button, the administrator may place a system message advertising a specific maintenance event. At other times, a problem message may be displayed and the

Accept button disabled.

The following figure displays the *eOPF User Agreement* page.

Note:

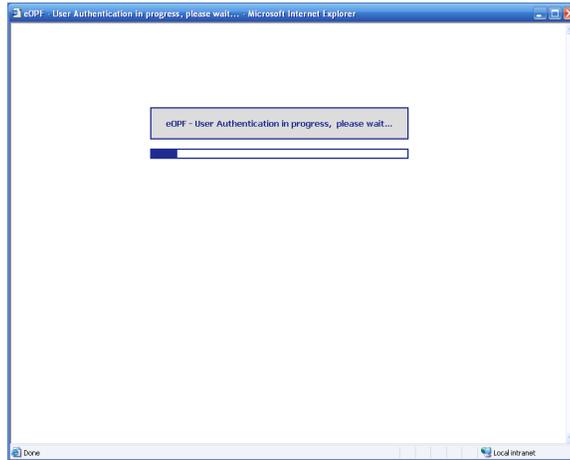

The URL address for eOPF is <https://eopf.nbc.gov/<your agency name>/>

2. **Read the *User Agreement* and click the  *Accept* button.**

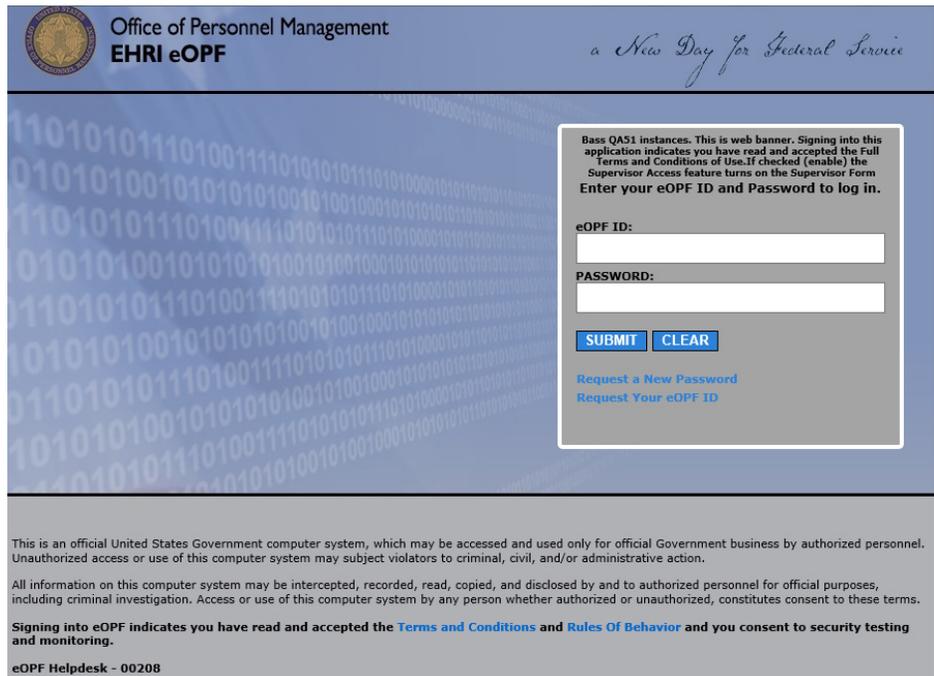

An intermediate page is present while the system determines the authentication mode. Currently, the majority of users are sent to the traditional *eOPF Logon* page. However, some users have access to single sign-on resources that bypass the

eOPF Logon page and take the user directly to the eOPF Welcome page as shown after step 5.

The following figure displays the *Authentication Transition* page.

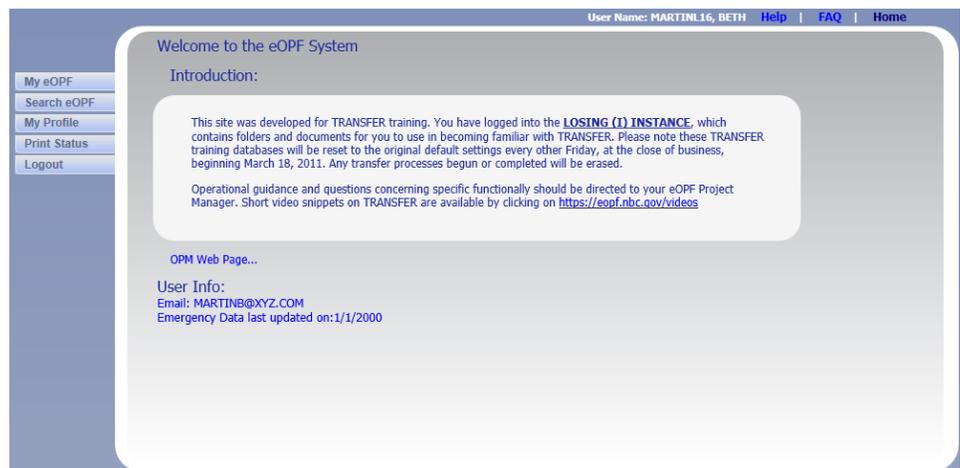

The following figure displays the eOPF Logon page.

3. In the *eOPF ID* field, type your user name.
4. Type your password in the *Password* field.
5. Click the  **Submit** button to activate logon process.

If you have entered correct information, the *eOPF Welcome* page opens. Please read the content on the *Welcome* page, as it often has agency and security specific information. Under the *User Info* portion of the page, please notice your email address, the last date you updated your emergency data, and your password expiration time frame.

The following figure displays the *eOPF Welcome* page.

Note:

If you are logging into eOPF for the first time, you are forwarded to the *Security Profile* page to complete security questions instead of the *Welcome* page.

Note:

If you have not yet accepted the Rules of Behavior policy (or if the rules have changed since you last accepted them) you are redirected to the *Rules of Behavior* page. To proceed to eOPF you must read and accept the Rules of Behavior. After accepting, you are taken to the *eOPF Welcome* page.

Note:

If your account is locked out because of entering an incorrect password multiple times, use the *Resetting Your Password* section of this guide.

First Time eOPF Login

The following assumes you have both an eOPF ID and a password. If you do not have a password, go to the New User – Request Password section of this guide. Upon logging into eOPF successfully for the first time, you are required to change your password.

The following image displays the *Change your Password* page.

Please Change your password

Note: Password must contain at least one upper-case letter, one lower-case letter, one number and one special character and must be at least 12 characters in length.

Old Password:

New Password:

Password Confirm:

Once this is complete, you are directed to a *Security Profile*. On this page, you must answer security questions that are used to validate your identity when using the self-service feature or contacting the eOPF Helpdesk. You may also enter an email address for receiving email notifications, and indicate to the eOPF application if you are using assistive technology such as a screen reader. The *Security Profile* page is shown below.

Select and answer your security questions

Purpose: The following security questions will be used to verify your identity if you forget your password or eOPF ID. You can modify the answers using 'My Profile' after you login. You can create your custom questions and provide answers. The custom questions are added to the list of Personal Questions.

Email Address:

Check here, if you are using assistive technology? (ex: Screen Reader)

Personal Questions
Please select and answer three unique personal questions from the list provided below.

Personal Question 1:

Personal Question 2:

Personal Question 3:

Helpdesk Verification Questions
Please select and answer three unique helpdesk questions from the list provided below.

Helpdesk Question 1:

Helpdesk Question 2:

Helpdesk Question 3:

Note: Answers to the above questions are required to proceed into eOPF. Clicking Cancel will exit you out of the application.

1. Complete the *Security Profile*.

Choose and answer three personal questions and three Helpdesk verification questions from the drop-down question

boxes. Optionally, enter email address and state if you are using assistive technology such as a screen reader.

2. (Optional) Create your custom Personal question.

To create your own custom Personal Question, choose the "Write your question" option from one of the *Personal Question* drop-downs. A new "Specify your Question" row will appear below the existing questions allowing you to write in your own question.

The following figure displays the *Security Questions* page, with the Write your Question and *Specify your Question* field highlighted.

After entering the custom question, click the **Add** button and a confirmation will appear. The custom question is now available in the Personal Question drop-down list of possible security questions.

Note:

Only the personal questions have the option for custom questions. Helpdesk questions are static and cannot be changed.

3. Click the  **Submit** button.

If all information is complete, you are directed to the *Rules of Behavior* page.

The following figure displays the *Rules of Behavior* page.

**RULES OF BEHAVIOR FOR ALL USERS
FOR ENTERPRISE HUMAN RESOURCES INTEGRATION'S eHR SYSTEM**

The EHRI project office is responsible for ensuring an adequate level of protection and security is afforded to the eHR system. The requisite level of protection and security is accomplished through an appropriate mix of technical, administrative, and managerial controls including written guidance. Because written guidance cannot cover every contingency, the following Rules of Behavior are provided to further stipulate the responsibility of the users of the eHR System.

All persons must understand that these Rules of Behavior are based on Federal laws and regulation and, as such, there are consequences for violation of these rules. Depending on the severity of the violation, at the discretion of management and with due process of law, consequences can include: reprimand; removal of access privileges; suspension, demotion, or termination from work; and criminal and civil penalties.

Rules of Behavior

I understand that, when using the eHR System, I am personally accountable for my actions and that I must:

1. Protect data in accordance with the Privacy Act of 1974;
2. Protect sensitive information from disclosure to unauthorized individuals or groups;
3. Acquire and use sensitive information only in accordance with the performance of my official government duties;
4. Agency point-of-contact must protect information security by properly identifying Agency employees eligible as users of EHRI;
5. Dispose of sensitive information contained in hardcopy or softcopy, as appropriate;
6. Ensure that sensitive information is accurate and relevant for the purpose which it is collected, provided, and used;
7. Protect my access codes from disclosure;
8. Report security incidents and vulnerabilities to the EHRI project office;
9. Comply with the provisions of copyrighted software by not infringing upon or compromising (copy, distribute, manipulate, etc.) software of this system.
10. Ensure all changes to eHR System components and data are done via approved configuration control procedures;
11. Use government equipment in accordance with my site's/Agency's policies and procedures;

I understand that all conditions and obligations imposed upon me by these rules apply during the time I am granted access to this system regardless of location.

I understand that the EHRI project office reserves the right, to terminate or suspend my access and use of the eHR System, without notice, if there is a violation of these Rules of Behavior.

4. Read the rules and click the  **Accept** button to accept the terms.

If accept is chosen, you are directed to the *eOPF Welcome* page. If decline is chosen, you are logged out of eOPF and the eOPF window closes.

Request a New Password

If you are a new user to eOPF and do not yet have a password, but have been assigned an eOPF ID, you can request a password using the steps below.

To Request a New User Password:

1. **From the eOPF Logon page, click the *Request a New Password* link.**

The *Request a New Password* page appears.

The following figure displays the *Request a New Password* page.

Request a New Password

Purpose: This feature allows you to request your new Password. Please enter information in the following fields.

eOPF ID:

Last 5 digits of your SSN: (Example: 67890)

First 4 letters of your last name: If your last name is less than 4 characters, please enter your full last name.

Note:

You can exit the *Request a New Password* page by clicking the *Cancel* button.

2. **Fill in the fields on the page.**

--Type your eOPF ID in the *eOPF ID* field.

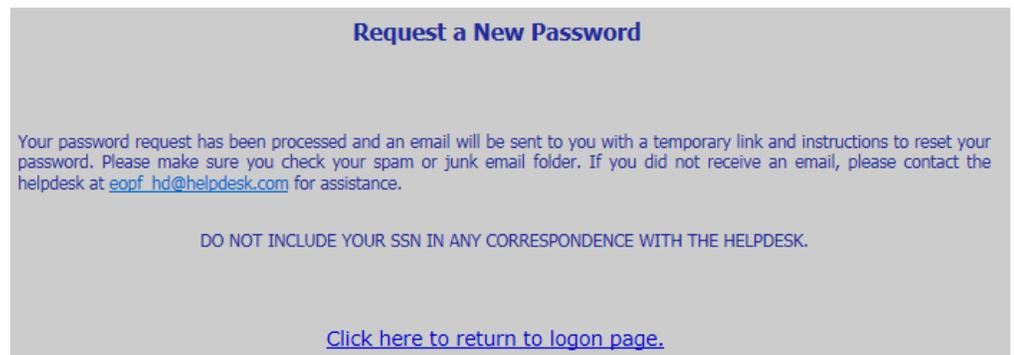

--Type the last 5 digits of your SSN in the *Last 5 digits of your SSN* field.

--Type the first 4 letters of your last name in the *First 4 letters of Last Name* field. If your last name is less than 4 letters, then use your full last name.

3. Click the  **Submit** button.

The *Request a New Password* page refreshes, displaying the following message: “Your password request has been processed and an email will be sent to you with a temporary link and instructions to reset your password.”

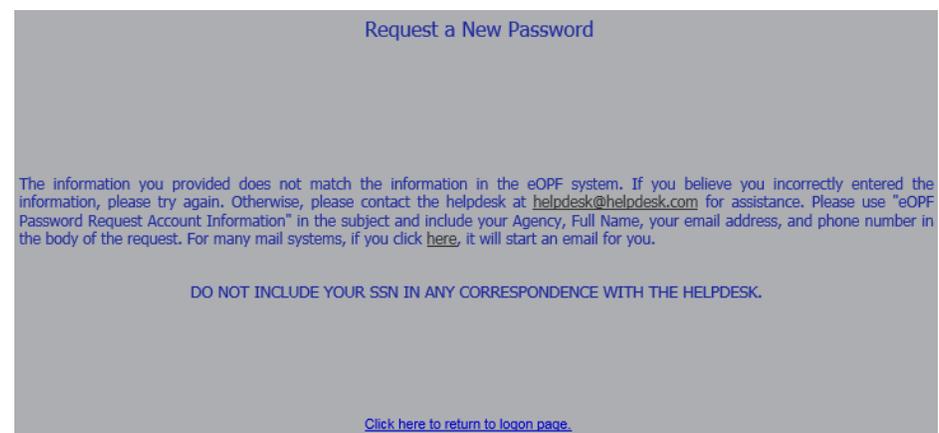

The following figure displays the *Request a New Password* page with the confirmation message.

Note:

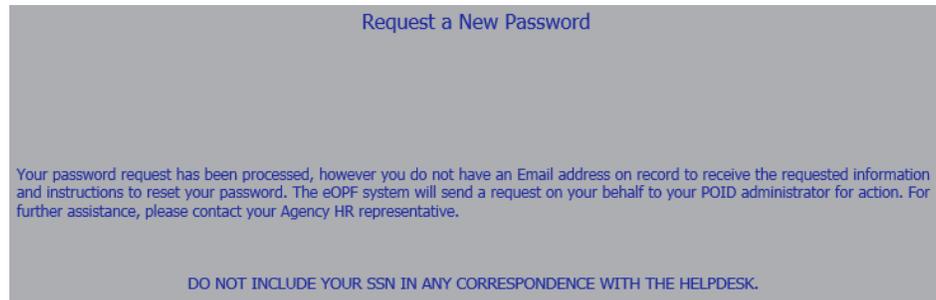

Once you request a New User Password, if the information you supplied is validated, you are sent an email informing you that there was a request to change your eOPF Password. The email includes a link to reset your password and instructions on how to perform the reset password action. The link expires after 15 minutes for security reasons.

If your information fails to be verified, you receive an Access Denied message. The below message is referred to as an Access Denied message through the rest of this topic.

If your information was verified, but your eOPF account does not have an assigned email address, then an email is sent to

your PO ID administrator stating that you requested your password but do not have a valid email address in the system.

After you have contacted the Helpdesk and a valid email address is in the system, repeat the *Request a New Password* process. Upon verifying your information, an email will be sent to you with instructions on resetting your password.

Manually Changing Your Password

eOPF provides the ability for you to manually change your password at any time.

To Change Your Password:

1. From the *eOPF Welcome* page, click the  **My Profile** button.

The *My Profile* page appears with the *Who Am I?* tab active by default.

The following figure displays the *Who Am I?* page.

WhoAmI? : [General Preferences](#) [Change Email](#) [Emergency Data](#) [Change Password](#) [Change Security Questions](#)

Purpose: The WhoAmI? feature provides a quick read-only listing about your account.

[OK](#)

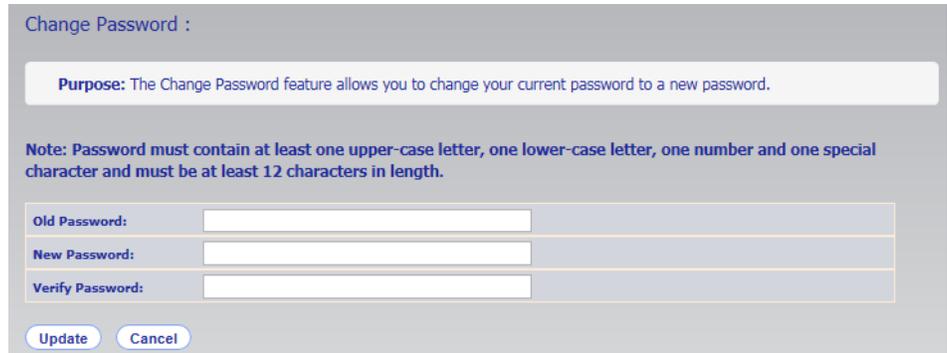

Full Name:	ALEX DOLANL16

Additional Rights:

2. From the *WhoAmI?* page, click the  **Change Password** tab.

The *Change Password* page displays.

This figure displays the  *Change Password* page.

Change Password :

Purpose: The Change Password feature allows you to change your current password to a new password.

Note: Password must contain at least one upper-case letter, one lower-case letter, one number and one special character and must be at least 12 characters in length.

Old Password:

New Password:

Verify Password:

3. Enter your current password in the *Old Password* field.
4. In the *New Password* field, enter your new password.
5. In the *Verify Password* field, enter your new password again.
6. Click the  *Update* button, which updates your new password in the eOPF.

Note:

You can cancel the password change by clicking the  *Cancel* button.

Resetting Your Password

If you forget your password, you can request that your password be reset using the *Request a New Password* link on the *eOPF Logon* page. This link brings you to the *Request a New Password* page. This page prompts you for your eOPF ID, the last five digits of your SSN, and the first 4 letters of your last name. When you select the *Request a New Password* link, the entries you made are compared against data in the eOPF employee information repository. If all three entered values match the stored values, then eOPF prompts you to answer one of your personal security questions.

If you answer the question successfully (or have not yet configured your security questions) you will be sent an email with a link to reset your password and instructions on how to perform the action. The link expires after 15 minutes for security reasons.

Note:

If your account is locked out because of entering an incorrect password multiple times, use the following process to unlock your account.

If the values you entered do not match the values held in the eOPF repository, you are prompted to contact the eOPF Helpdesk.

To Request a Password Reset:

1. **From the *eOPF Logon* page, click the *Request a New Password* link.**

The *Request a New Password* page appears.

The following figure displays the *Request a New Password* page.

Request a New Password

Purpose: This feature allows you to request your new Password. Please enter information in the following fields.

eOPF ID:

Last 5 digits of your SSN: (Example: 67890)

First 4 letters of your last name: If your last name is less than 4 characters, please enter your full last name.

2. Fill in the fields on the page.

--Type your eOPF ID in the *eOPF ID* field.

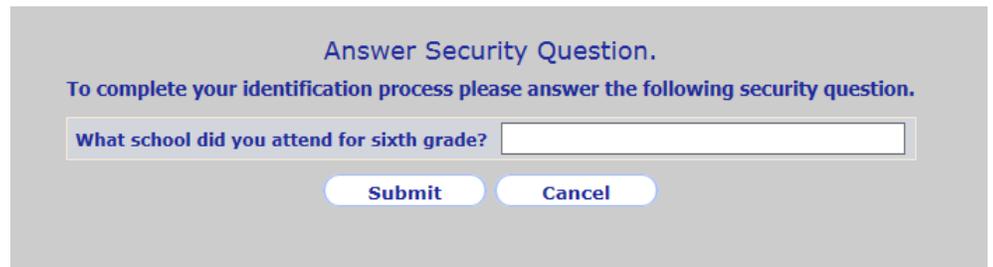

--Type the last 5 digits of your SSN in the *Last 5 digits of your SSN* field.

--Type the first 4 letters of your last name in the *First 4 letters of Last Name* field. If your last name is less than 4 letters, then use your full last name.

3. Click the  *Submit* button.

Upon successfully verifying your information, the system randomly generates a challenge question that you should know the answer to.

The following figure displays an example *Answer Security Question* page.

Answer Security Question.

To complete your identification process please answer the following security question.

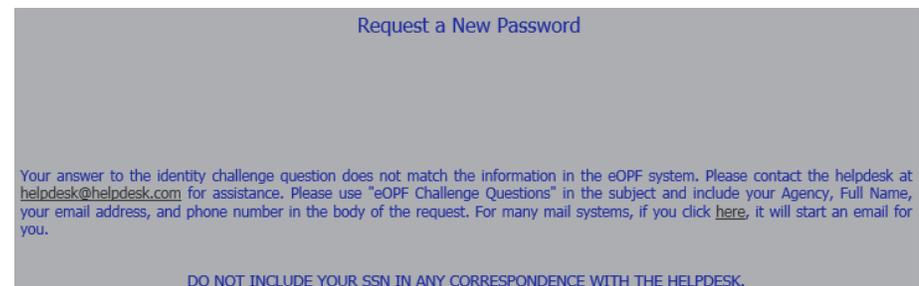

What school did you attend for sixth grade?

Note:

If you have not yet configured your security questions then proceed to step 4.

Note:

A failure to answer the challenge question correctly results in the following error message.

Request a New Password

Your answer to the identity challenge question does not match the information in the eOPF system. Please contact the helpdesk at helpdesk@helpdesk.com for assistance. Please use "eOPF Challenge Questions" in the subject and include your Agency, Full Name, your email address, and phone number in the body of the request. For many mail systems, if you click [here](#), it will start an email for you.

DO NOT INCLUDE YOUR SSN IN ANY CORRESPONDENCE WITH THE HELPDESK.

4. Click the  **Submit** button.

If you answer the question successfully (or have not yet configured your security questions) you will be sent an email with a link to reset your password and instructions on how to perform the action. The link expires after 15 minutes for security reasons.

The following figure displays the *Reset Your Password* page, which is launched by the link in the email.

Reset your password

Note: The link provided in your password reset email expires within 15 minutes of submitting your password request. Please enter your eOPF ID.

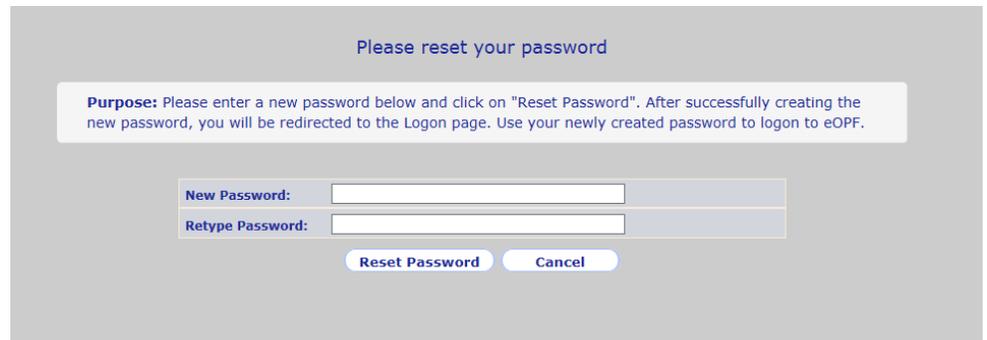

eOPF ID:

Note:

If you do not have an email address on file, you must contact your agency HR representative. An email is automatically sent to the PO ID administrator notifying them of your request. It does not contain any information or token to reset your password.

5. Enter your eOPF ID and click the  **Submit** button. If the information is valid you are taken to the *Please reset your password* page.

The following figure displays the *Please reset your password* page.

6. Enter your new password and click the  **Reset Password** button.

The *eOPF Logon* page will display allowing you to log in with your new password.

Note:

Password reset links expire 15 minutes after the email is sent. Users attempting to use an expired link will receive a message explaining that the link they provided has expired and they should resubmit the password reset request.

Forgotten Login ID Process

If you have forgotten your eOPF ID, you must go through several security steps to retrieve it.

1. **From the eOPF Logon page, click the *Request Your eOPF ID* link.**

The *Request Your eOPF ID* page appears.

The following figure displays the *Request Your eOPF ID* page.

Request Your eOPF ID

Purpose: This feature allows you to request your eOPF ID. Please enter information in the following fields.

Last 5 digits of your SSN: (Example: 67890)

First 4 letters of your last name: If your last name is less than 4 characters, please enter your full last name.

Date of Birth: (mm/dd/yyyy) [Show](#)

2. **Fill in the fields on the page.**

--Type the last 5 digits of your SSN in the *Last 5 digits of your SSN* field.

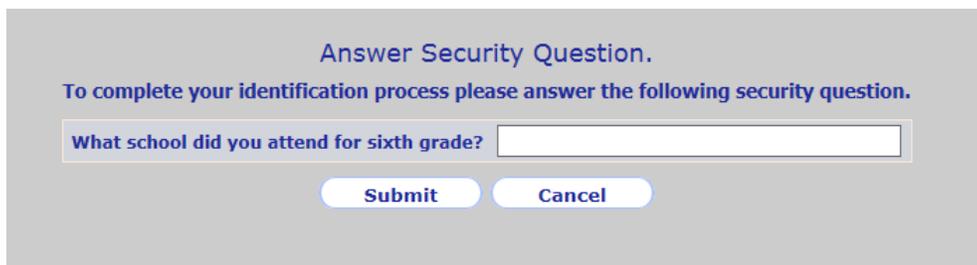

--Type the first 4 letters of your last name in the *First 4 letters of Last Name* field. If your last name is less than 4 letters, then use your full last name.

--Type your date of birth into the *Date of Birth* field.

3. **Click the *Submit* button.**

Upon successfully verifying your information, the system randomly generates a challenge question you should know the answer to.

The following figure displays an example challenge question.

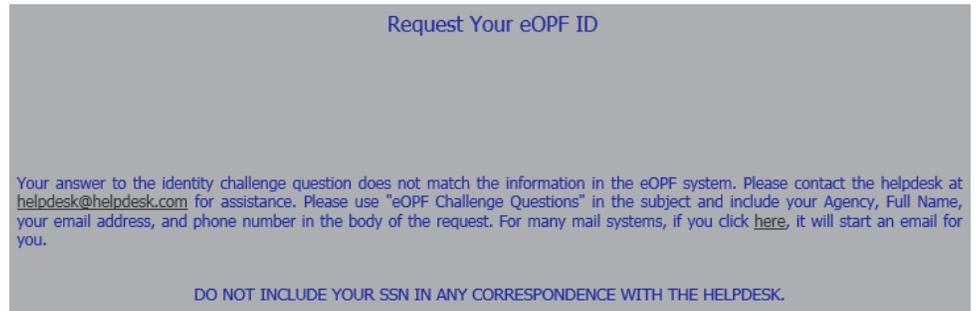

Answer Security Question.

To complete your identification process please answer the following security question.

What school did you attend for sixth grade?

Should you fail to answer the challenge question correctly, you will see an error message.

The following figure displays the *Request your eOPF ID* error message.

Note:

If you have not yet set up your challenge questions, the eOPF ID request is processed and an email is sent containing your eOPF ID.

- 4. If you correctly answered the challenge question,** then you will be sent an email containing your eOPF ID.
-

Note:

If you do not have an email address on file, you will not receive the email containing your eOPF ID and must contact your agency HR representative. An email will be sent to the PO ID administrator containing your eOPF ID and letting them know you do not have a valid email address on file.

Using the Main Menu Buttons

The eOPF main menu buttons display in the left hand margin of your browser page. The following list describes the eOPF main menu buttons.

Menu Option	Description
My eOPF	Displays all of the contents of your eOPF. You can select individual documents for viewing or printing. See the Viewing Your Entire eOPF section of this guide for details. You can also filter the contents of your eOPF. See the Searching for Specific Documents in Your eOPF section of this guide for more details.
Search eOPF	Displays the <i>Search</i> page from which you can search for an employee's eOPF. You can view or print documents using this option. See the Searching for an Employee's eOPF section of this guide for more details.
My Profile	Displays the <i>General Preferences</i> page where you can set general settings such as the Default Forms List (provided on the <i>Search</i> page), and the number of rows to return in search results. Other tabs may include the ability to change/update your email, password, security questions, and emergency data.
Print Status	Displays the Print Status of Print Requests from the <i>My eOPF</i> and <i>Clip Folder</i> pages.
Logout	Logs you out of eOPF. See the Logging Out of eOPF section of this guide for more details.

My Profile

The  *My Profile* button allows you to access the information the eOPF application maintains regarding your account. Tabs are listed across the top of the *My Profile* page that allow you to manage your preferences, email options, emergency data, password, and personal security questions. If a tab listed below does not appear within eOPF, it is possible that your agency has disabled that particular feature.

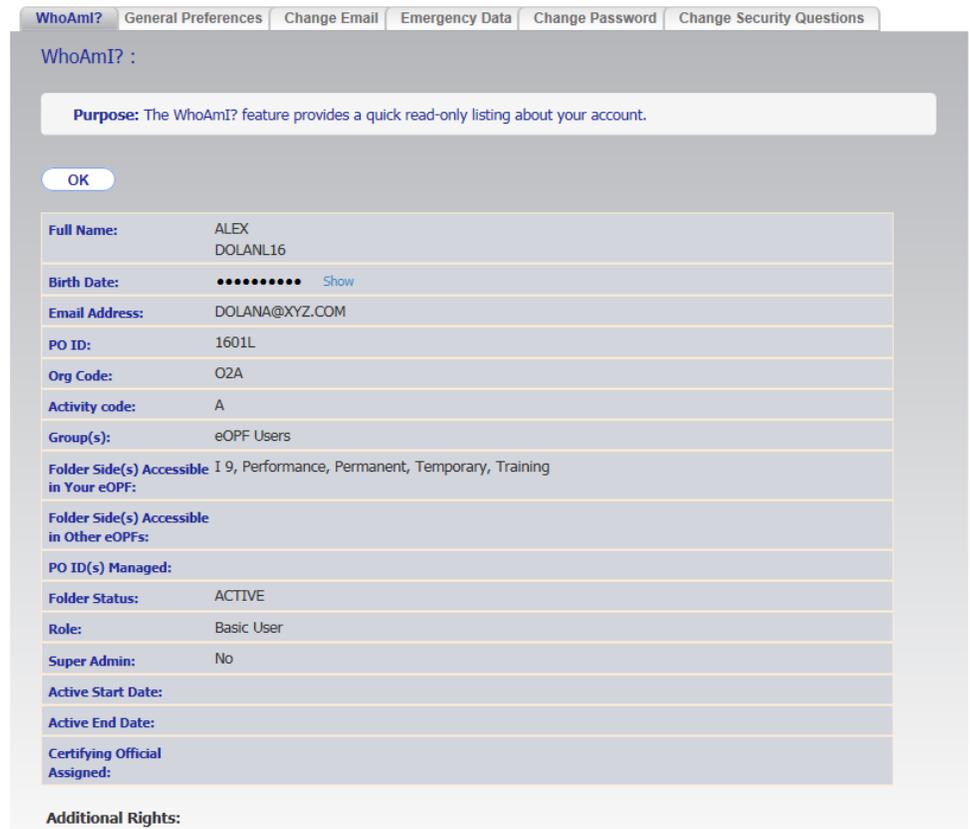

Who Am I?

This feature provides a way for you to get a quick and consolidated view of information about your user account.

1. Click the  **My Profile** button on the eOPF main menu.

The *My Profile* page appears with the *Who Am I?* page showing by default.

The following figure displays the *Who Am I?* page.

WhoAmI?	General Preferences	Change Email	Emergency Data	Change Password	Change Security Questions
---------	---------------------	--------------	----------------	-----------------	---------------------------

Changing Your Preferences

The eOPF application allows you to set specific preferences when using the application.

From the *General Preferences* tab, you can set the search filter called Forms, provided on the *Search* page. You also can set the number of rows and columns to display in search results. This display setting helps HR specialists and administrators control long lists within the administration pages of eOPF. The filter on the Forms returned improves performance by reducing the size of the list transmitted to your Web browser. If you select *All Forms*, your list may exceed 300 forms.

To Change Your Preferences (General):

1. Click the **My Profile** *My Profile* button on the eOPF main menu.

The *My Profile* page appears with the *Who Am I?* tab active by default.

The following figure displays the *Who Am I?* page.

WhoAmI? | General Preferences | Change Email | Emergency Data | Change Password | Change Security Questions

- No Yes

3. Type your desired number of rows per page in the **Number of Rows per Page (Display)** field.

4. Select which fields you'd like to see in the search results list displayed at the folder level.

The choices are: Social Security Number (SSN), First Name, and Last Name.

Note:

The SSN field is used as a link to open the folder so if it is not visible, you must click on  'Open' folder icon.

5. Select which folder sides you would like to see in the search results list displayed at the folder level by default.

The choices are dependent on what your agency currently has configured.

6. Select the *Default Search Option (Forms)* you desire.

The choices are: Common Forms, All Forms, and Agency Forms. The *Common Forms* option is a predetermined list of forms commonly found in the OPF. The *All Forms* option produces a very large list of all possible forms including a mix of agency specific and federal forms. The *Agency Forms* option produces a list of forms that are owned by the particular agency in which you are an active employee.

7. Select which fields you would like to see in the search results list displayed at the document level.

The choices are: Form Number, Form Description, Type Description, NOA Code 1, NOA Code 2, Side by Side, Create Date, Side, Exception Comment, and Print.

Note:

The Form Number field is used as a link to open the document, so if it is not visible you must click on the  *View* document icon.

8. Indicate whether you are using assistive technology using the check box at the top of the page.

Use this option to improve performance only when using assistive technology software such as JAWS. This mode alters the pages so that accessibility tools can perform actions and receive prompts for action. Select the *No* option to re-enable the standard page display.

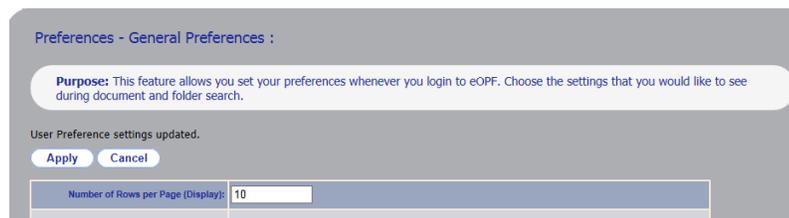

9. Click the  *Apply* button.

If successful, the *General Preferences* page displays a confirmation message stating “User Preference settings updated”.

Note:

To cancel and return to *eOPF Welcome* page, click the  *Cancel* button.

The following figure displays the *General Preferences* page with a confirmation message.

Changing Your Email Address

The eOPF application notifies you via email when new eOPF documents are added. If your email address changes, it is important that you update it in the system. eOPF has the capability to enable users to change their email address. If the Change Email tab is not visible it is possible your agency has chosen not to enable the feature.

To Change Your Email Address:

1. Click the  **My Profile** button on the eOPF main menu.

The *My Profile* page appears with the *Who Am I?* tab active by default.

The following figure displays the *Who Am I?* page.

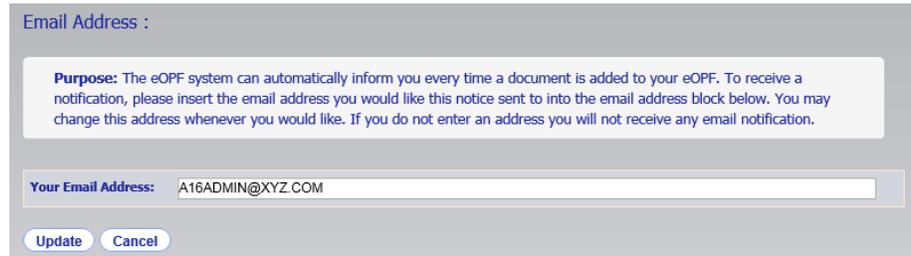

WhoAmI? :	
Purpose: The WhoAmI? feature provides a quick read-only listing about your account.	
OK	
Full Name:	ALEX DOLANL16
Birth Date:	●●●●●●●● Show
Email Address:	DOLANA@XYZ.COM
PO ID:	1601L
Org Code:	O2A
Activity code:	A
Group(s):	eOPF Users
Folder Side(s) Accessible in Your eOPF:	I 9, Performance, Permanent, Temporary, Training
Folder Side(s) Accessible in Other eOPFs:	
PO ID(s) Managed:	
Folder Status:	ACTIVE
Role:	Basic User
Super Admin:	No
Active Start Date:	
Active End Date:	
Certifying Official Assigned:	
Additional Rights:	

2. Click the  **Change Email** tab at the top of the page.

The *Change Email* page appears.

The following figure displays the *Change Email* page.

Email Address :

Purpose: The eOPF system can automatically inform you every time a document is added to your eOPF. To receive a notification, please insert the email address you would like this notice sent to into the email address block below. You may change this address whenever you would like. If you do not enter an address you will not receive any email notification.

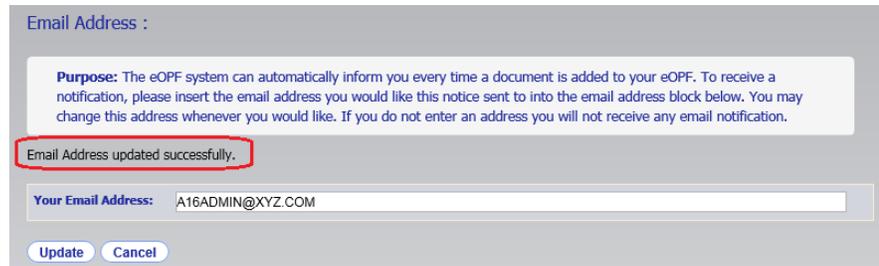

Your Email Address: A16ADMIN@XYZ.COM

3. Type your email address in the *Your Email Address* field.

4. Click the  **Update** button.

The *eOPF Welcome* page appears with the updated email address displayed.

The following figure displays the *Change Email* tab with a confirmation message.

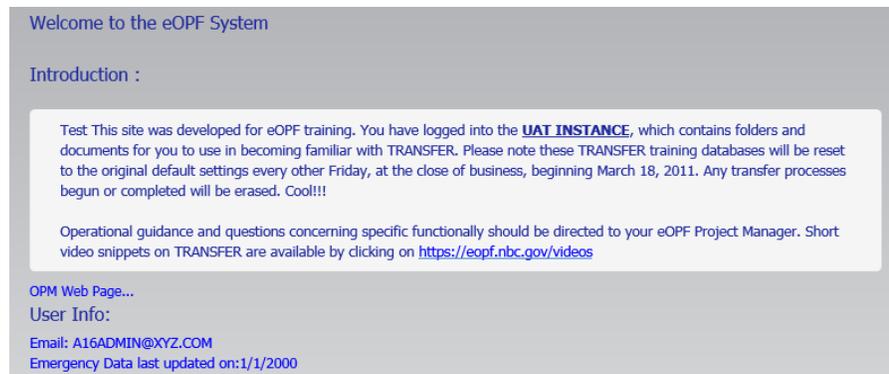

Email Address :

Purpose: The eOPF system can automatically inform you every time a document is added to your eOPF. To receive a notification, please insert the email address you would like this notice sent to into the email address block below. You may change this address whenever you would like. If you do not enter an address you will not receive any email notification.

Email Address updated successfully.

Your Email Address: A16ADMIN@XYZ.COM

The email address is also immediately changed in the *User Info* section of the *Welcome* page.

Welcome to the eOPF System

Introduction :

Test This site was developed for eOPF training. You have logged into the **UAT INSTANCE**, which contains folders and documents for you to use in becoming familiar with TRANSFER. Please note these TRANSFER training databases will be reset to the original default settings every other Friday, at the close of business, beginning March 18, 2011. Any transfer processes begun or completed will be erased. Cool!!!

Operational guidance and questions concerning specific functionality should be directed to your eOPF Project Manager. Short video snippets on TRANSFER are available by clicking on <https://eopf.nbc.gov/videos>

OPM Web Page...

User Info:

Email: A16ADMIN@XYZ.COM

Emergency Data last updated on: 1/1/2000

Note:

You can exit the *Change Email* page by clicking the  **Cancel** button and return to the *eOPF Welcome* page.

Viewing and Updating Emergency Data

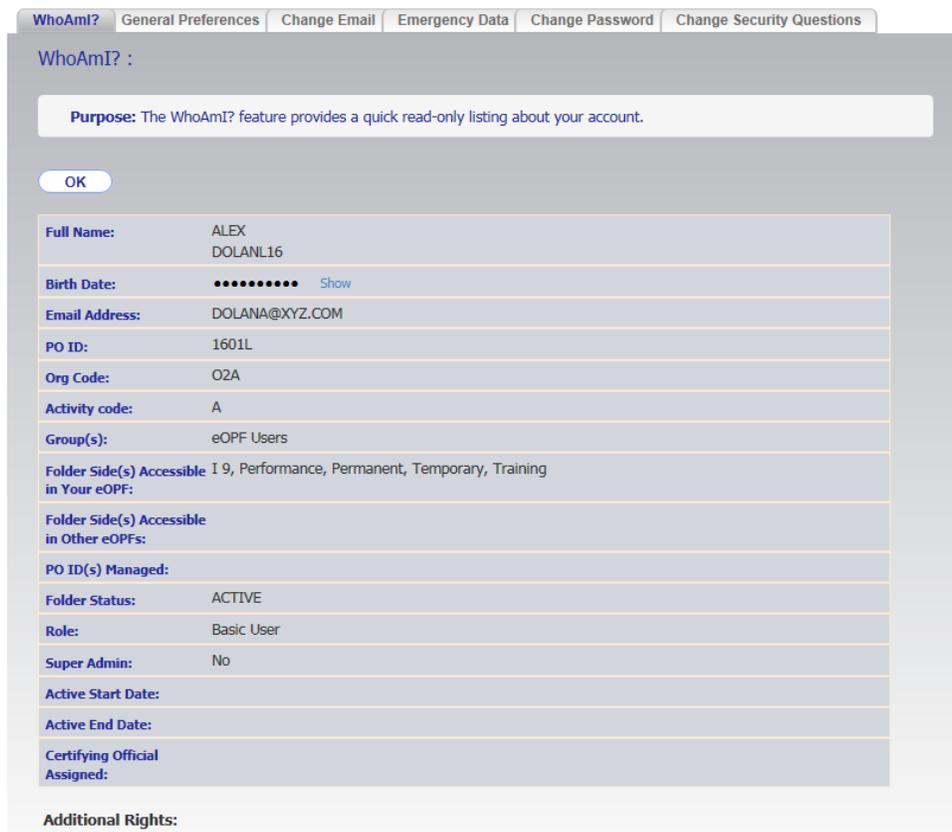

The *My Profile* section allows you to enter emergency contact information. This information is available to your supervisor and/or HR personnel for emergency use only. If the Emergency Data tab is not visible, it is possible your agency has chosen not to enable the feature.

To View and Update Emergency Data:

1. Click the  **My Profile** button on the eOPF main menu.

The *My Profile* page appears with the *Who Am I?* tab active by default.

The following figure displays the *Who Am I?* page.

WhoAmI? : General Preferences Change Email Emergency Data Change Password Change Security Questions	
Purpose: The WhoAmI? feature provides a quick read-only listing about your account.	
<input type="button" value="OK"/>	
Full Name:	ALEX DOLANL16
Birth Date:	●●●●●●●● Show

2. Click the **Emergency Data** *Emergency Data* tab at the top of the page.

The *Emergency Data* page appears. See figure below.

The screenshot shows the 'Emergency Data' page with a navigation bar at the top containing 'WhoAmI?', 'General Preferences', 'Change Email', 'Emergency Data', 'Change Password', and 'Change Security Questions'. The main heading is 'Emergency Contact Information :'. Below this is a red warning: 'ENTRY OF THE FOLLOWING INFORMATION IS VOLUNTARY.' followed by a disclosure statement: 'Disclosure Statement: Emergency Data is used to notify your designated individuals should you become ill or injured during work. It is available to your supervisor and Human Resource personnel and is only to be used for emergency situations. Only the employee is authorized to perform an update.' There are 'Apply' and 'Cancel' buttons. The 'User Info:' section shows 'Last Name: DOLANL16', 'First Name: ALEX', and 'Initials: AD'. The 'Home Address' section includes 'Home Address: 137 HOME STREET', 'Address (cont):', 'City: HOME TOWN', 'State: VA', 'Zip/Postal Code: 22222', and 'Country: UNITED STATES'. The 'Work Address' section includes 'Last Updated: 1/1/2000', 'Work Address:', 'Bldg Name/Location:', 'City:', 'State:', 'Zip/Postal Code:', and 'Country: UNITED STATES'. There are also sections for 'Notify First:' and 'Notify Second:' with fields for 'Last Name:', 'First Name:', and 'Relationship:'.

3. Edit the desired fields and click the **Apply** *Apply* button. The *Emergency Data* page reappears, displaying the message: "Emergency data updated successfully".

Note:

You can exit the *Emergency Data* page by clicking the **Cancel** *Cancel* button and return to the *eOPF Welcome* page.

Managing Your eOPF Password

The following topics are only relevant to you if you are using the traditional *eOPF Logon* page requiring an eOPF ID and password.

As the Federal Government implements single sign on and eAuthenticate technologies, the need to maintain an eOPF specific eOPF ID and password cease to exist.

Password Policies

Passwords are used in conjunction with a user name to gain access to eOPF. eOPF passwords must adhere to the requirements defined by the eOPF administrator. The following password restrictions can be enabled by the eOPF administrator:

- Minimum number of characters (the default number is 12 characters)
- May contain up to 100 characters
- May contain spaces, including spaces at the beginning or end of a password (i.e., 'The 2 dogs are barking!')
- Contain at least one uppercase letter (i.e., 'A')
- Contain at least one lowercase letter (i.e., 'a')
- Contain at least one number (i.e., '1')
- Contain at least one special character (i.e., !, @, #, \$, %, ^, &, *, (,), +, {, }, [,], ', ;, ", :, ?, >, <, ,, .. /)
- Password expiration period

For example, your eOPF password can be set to expire every 90 days. When your password expires, you are forced to select a new one the next time you log in before proceeding with any other functions.

Note:

These password requirements may change since the eOPF administrator can configure the password requirement settings.

Manually Changing Your Password

eOPF provides the ability for you to manually change your password, at any time, prior to the 90-day expiration date.

1. Click the  **My Profile** button on the eOPF main menu.

The *My Profile* page appears with the *Who Am I?* tab active by default.

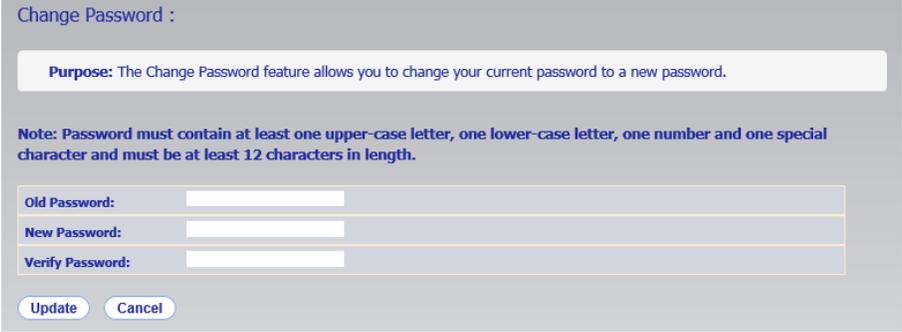

The following figure displays the *Who Am I?* page.

WhoAmI? :	
Purpose: The WhoAmI? feature provides a quick read-only listing about your account.	
<input type="button" value="OK"/>	
Full Name:	ALEX DOLANL16
Birth Date:	●●●●●●●● Show
Email Address:	DOLANA@XYZ.COM
PO ID:	1601L
Org Code:	O2A
Activity code:	A
Group(s):	eOPF Users
Folder Side(s) Accessible in Your eOPF:	I 9, Performance, Permanent, Temporary, Training
Folder Side(s) Accessible in Other eOPFs:	
PO ID(s) Managed:	
Folder Status:	ACTIVE
Role:	Basic User
Super Admin:	No
Active Start Date:	
Active End Date:	
Certifying Official Assigned:	
Additional Rights:	

2. Click the  **Change Password** tab at the top of the page.

The *Change Password* page appears.

The following figure displays the *Change Password* page.

3. Enter your current password in the *Old Password* field.
4. In the *New Password* field, enter your new password.
The new password must contain at least one upper-case letter, one lower-case letter, one number, and one special character and must be at least 12 characters in length. Password requirements will vary based on your agency's preferences.
5. In the *Verify Password* field, enter your new password again.
6. Click the  **Update** button.
The *Change Password* page reappears, displaying the message: "Password updated successfully".

Note:

Password settings are configurable by your eOPF administrator. Typical settings include required password length and track password history. When changing passwords, there are a few guidelines to follow:

- Passwords cannot be reused for a number of iterations.
 - Passwords must be complex (minimum 12 characters, contain at least one upper-case letter, contain at least one lower-case letter, contain at least one number, and contain at least one special character [!,#,\$,^,*,],.)
 - Passwords must not contain identical, repetitive characters.
-

Change Security Questions

eOPF provides the ability for you to manually change your security questions at any time.

1. From the *eOPF Welcome* page, click the  **My Profile** button.

The *My Profile* page appears with the *Who Am I?* tab active by default.

The following figure displays the *Who Am I?* page.

WhoAmI? :	
Purpose: The WhoAmI? feature provides a quick read-only listing about your account.	
<input type="button" value="OK"/>	
Full Name:	ALEX DOLANL16
Birth Date:	•••••••• Show
Email Address:	DOLANA@XYZ.COM
PO ID:	1601L
Org Code:	O2A
Activity code:	A
Group(s):	eOPF Users
Folder Side(s) Accessible in Your eOPF:	I 9, Performance, Permanent, Temporary, Training
Folder Side(s) Accessible in Other eOPFs:	
PO ID(s) Managed:	
Folder Status:	ACTIVE
Role:	Basic User
Super Admin:	No
Active Start Date:	
Active End Date:	
Certifying Official Assigned:	
Additional Rights:	

2. Click the **Change Security Questions** **Change Security Questions** tab.

The *Change Security Questions* page appears.

The following figure displays the *Change Security Questions* page.

Change Security Questions :

Purpose: The change questions feature allows you to modify the answers to the security questions, or select a different question to answer. The Personal Questions are asked when you reset your password or request your eOPF ID. The Helpdesk Questions are asked by helpdesk administrators who reset the password for you.

Personal Questions

Personal Question 1:	What is your hometown?(Max 35 chars)	▼	<input type="text"/>
Personal Question 2:	What is the name of the hospital you were born in?(Max 35 chars)	▼	<input type="text"/>
Personal Question 3:	What is the color of your mother's eyes?(Max 35 chars)	▼	<input type="text"/>

Helpdesk Questions

Helpdesk Question 1:	What is the name of your high school?(Max 35 chars)	▼	<input type="text"/>
Helpdesk Question 2:	What is your favorite time of the year?(Max 35 chars)	▼	<input type="text"/>
Helpdesk Question 3:	What is or was your major in college?(Max 35 chars)	▼	<input type="text"/>

3. Choose which security question you would like to change by clicking the drop-down to the left. Once your question is selected, type the new answer in the box supplied to the right of the question.
4. Repeat Step 3 for each question you would like to change.
5. To save, click the **Update** button below the questions.
6. If you do not want to save the changes, click the **Cancel** button.

Accessing Online Help

You can access eOPF online help by clicking the *Help* link at the top of the eOPF page. From the *Help* page, you can jump to topics of interest.

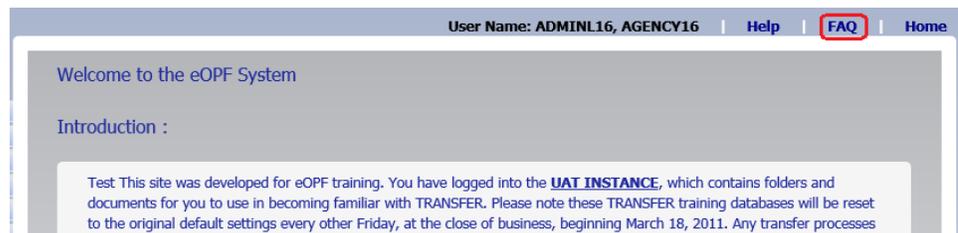

The following figure shows the *eOPF Welcome* page with the *Help* link circled.

Accessing Frequently Asked Questions

For additional online help, you can view the *Frequently Asked Questions (FAQ)* page. Click the *FAQ* link at the top of any eOPF page to access the FAQs.

The following figure displays the *eOPF Welcome* page with the *FAQ* link circled.

Accessing the *FAQ* page allows access to current eOPF information. For example, the *FAQ* page may post information about:

- Definition of the eOPF solution
- What's new in eOPF
- Discussion of technical issues
- How to contact eOPF support, and
- General information about eOPF access

Home link

You can return to the *eOPF Welcome* page at any time by clicking the *Home* link at the top of any page.

The following figure shows the *Emergency Contact Information* page with the *Home* link circled.

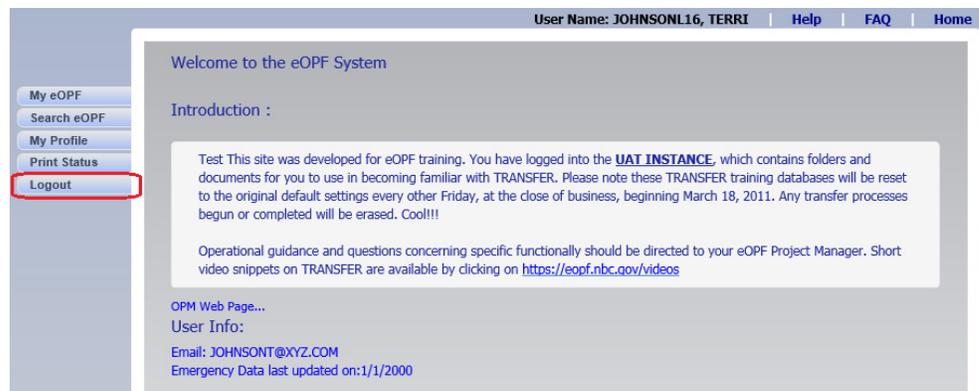

Logging Out of eOPF

In order to ensure the security of eOPF, remember to log out of the system when you are finished.

Note:

You are automatically logged out of the eOPF system after the system is idle for 15 minutes. This setting is configurable by the administrator.

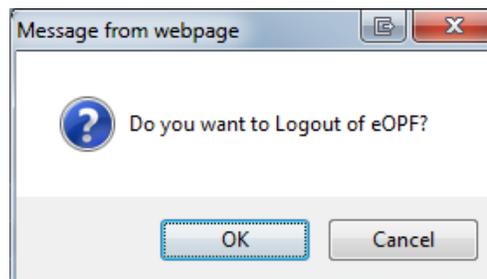

The following figure displays the eOPF Welcome page with the **Logout** button circled.

To Log Out of eOPF:

1. Click the **Logout** button.
A log out confirmation pop-up appears.

The following figure displays the log out confirmation pop-up.

2. Click the **OK** button to log out of eOPF and automatically close the browser window.

-OR-

Click the **Cancel** button to return to eOPF and continue working.

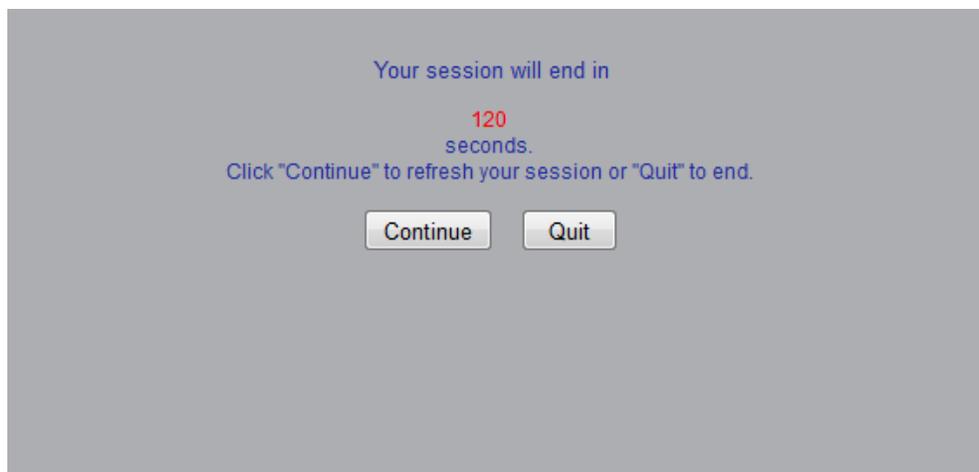

Session Timeout

For security purposes, your eOPF session will terminate if there is no activity for an amount of time set by the system administrator, typically 15 minutes. To provide you an opportunity to stop the session timeout from occurring, you will be prompted when you are 2 minutes from being logged out for inactivity. The countdown is updated every 10 seconds until the 2 minutes have passed. The automatic logout includes closing the browser window.

Session Timeout Process:

1. **After inactivity for an amount of time set by your administrator, you receive a *Session Timeout* pop-up warning.**

The following figure displays the *Session Timeout* pop-up.

2. **At this point, you have 120 seconds to either:**

Continue – the eOPF page refreshes and resets all inactivity timers

-OR-

Quit – the session terminates immediately and the browser window closes.

Note:

If you do not respond to the *Session Timeout* pop-up within 2 minutes, a session termination results and the browser window closes.

Chapter 4: Viewing Documents

eOPF manages personnel documents by organizing them into folders, or eOPFs. A folder is created for every employee. Individual documents and forms are filed in chronological order in the individual eOPFs. Each eOPF contains all the documents that are appropriately retained in an OPF in accordance with OPM guidelines in the same manner that the traditional paper-based folders hold the paper personnel documents. The electronic folders that eOPF manages are organized and stored in accordance with OPM guidelines.

eOPF was designed to give you maximum flexibility in viewing your personnel-related documents. You are able to view and print these documents online using eOPF.

The eOPF v4 release added a watermark identifying eOPF as the document's source. This watermark is automatically added to the document when accessing the document using the *Show All Docs* feature. The eOPF v4.1 release added the ability to view a single document with a watermark. To view a single document with a watermark, use the *With Watermark* option from the *View* drop-down within Search Results.

Note:

Certain values throughout eOPF including SSN and DOB are now masked for security reasons. To view the unmasked values, either hover over the masked value with your mouse or click on the masked value.

Viewing Your eOPF Documents

The eOPF release E1 consolidated the *My eOPF and Search eOPF* functions into one button – *My eOPF*. Once logged on to the eOPF system, you can click the  *My eOPF* button to access your OPF information. The page defaults to the *My eOPF* tab, and you see a listing of all documents stored in your eOPF listed by Effective Date of the document. If you click the *My eOPF Search* tab, you see a filtering page to search for and list specific documents within your eOPF. You can also print one or more documents from this tab.

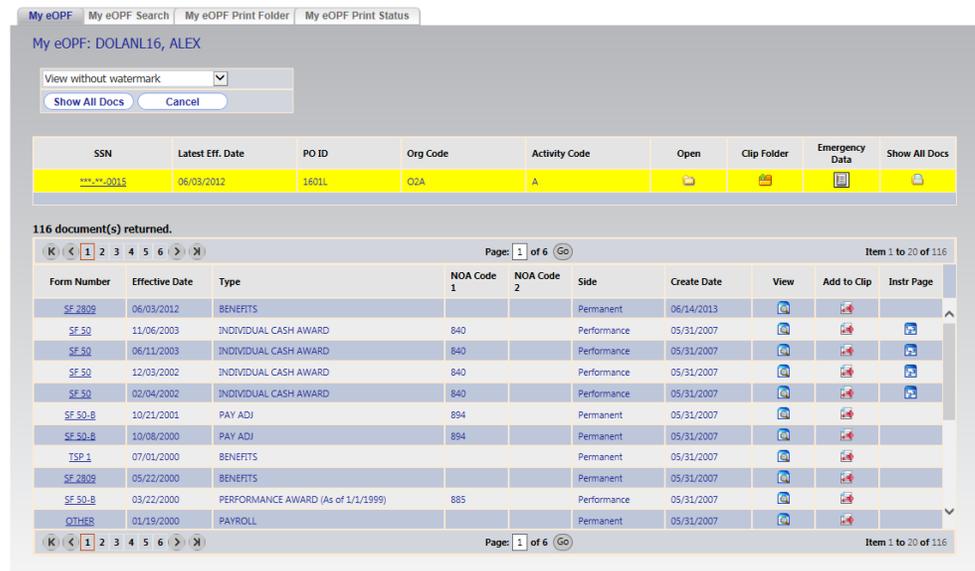

Viewing Your eOPF

To view all contents of your eOPF in order by the Effective Date of the documents, click the  *My eOPF* button. After clicking *My eOPF*, you see the *Folder* page, which displays a single row representing your eOPF. A second listing automatically opens to display the contents of your eOPF.

Note:

If you choose to sort the search results by a certain field, that sort order is in effect until you sort by another field or log out of eOPF.

The following figure displays the *My eOPF* results page.

The screenshot shows the 'My eOPF' interface for user 'DOLANL16, ALEX'. It includes a search bar, a 'View without watermark' dropdown, and 'Show All Docs' and 'Cancel' buttons. Below is a summary table with columns: SSN, Latest Eff. Date, PO ID, Org Code, Activity Code, Open, Clip Folder, Emergency Data, and Show All Docs. The main content area displays '116 document(s) returned.' with a pagination control (Page: 1 of 6) and a detailed table of documents.

SSN	Latest Eff. Date	PO ID	Org Code	Activity Code	Open	Clip Folder	Emergency Data	Show All Docs

OTHER	01/19/2000	PAYROLL			Permanent	05/31/2007			

Note:

Certain fields throughout eOPF including SSN and DOB are now masked for security reasons. To view the unmasked values, either hover over the masked value with your mouse or click on the masked value.

From the *My eOPF* results page, you can access folder actions by clicking the appropriate icon:

Open your eOPF,

Access *Show All Docs* page and features,

Access your emergency contact info, or

Access clip folders associated with your eOPF.

Note:

A clip folder is a virtual collection of one or more documents from your eOPF. It is used for quick access by eliminating the need to search through all of the documents within your eOPF. These clips can be public or private. See the Working with Clips section of this guide for more information.

The *My eOPF* results page automatically opens your folder and lists its content.

Page: 1 of 6 Go

You can view a document by clicking *Form Number* or *View* icon corresponding to the document you want to view.

Note:

Each time an eOPF document is viewed by you or any other individual, the event is logged electronically.

To View an eOPF Document Using *My eOPF*:

1. Click *My eOPF* on the eOPF main menu.
The *My eOPF* results page displays.
2. From the *Watermark* drop-down list located at the top of the display, select whether you wish to view the document with or without a watermark.
The default option is *View without watermark*.
3. Search for and locate the eOPF document you would like to view.
4. Click the *Form Number* link or  *View* icon corresponding to the document you want to view.
This action opens the document using Adobe Reader in a new window.
5. If the document contains multiple pages, use the  *Next Page* and  *Previous Page* buttons or scroll bar located in the document viewer to navigate through the document.
6. When you finish, click the  *Close* button in the upper right corner of the document viewer window to close the viewer window.

Searching for Specific Documents in Your eOPF

You can search for and display specific documents in your eOPF. For example, this may be helpful if you are searching for a specific document type or looking for documents created in a specific period of time. To search for specific documents, click the *My eOPF Search* tab from within the *My eOPF* page to display the *Search* page.

From within the *Search* tab, you can narrow your search by Form, Type, Folder Side, Create Date, and Effective Date range. The Form List is filtered into three categories: Common, All, and Agency. The *Common* option is a predetermined list of forms commonly found in the OPF. The *All Forms* option provides the entire list of all forms defined in the eOPF repository. The *Agency* option lists only forms that are specific to the agency in which you are an active employee. Your default setting can be changed in the *General Preferences* tab under *My eOPF*.

Note:

It is important to note that the result set of documents found in your folder and presented to you is also filtered by the Form Setting you have chosen. If you want to see all documents in your folder, select *All Forms*.

This figure displays the *Search My eOPF* tab.

The screenshot shows the 'Search My eOPF' interface. At the top, there are 'Search' and 'Clear' buttons. Below this, the 'Form' section has three radio buttons: 'Common Forms' (selected), 'All Forms', and 'Agency Forms'. A dropdown menu below 'Form' is set to 'All'. The 'Type' section has a dropdown menu also set to 'All'. The 'Folder Sides' section has a 'Select All' checkbox checked. Below this, there are five checkboxes: 'Performance', 'Temporary', 'Permanent', 'I 9', and 'Training', all of which are checked. At the bottom, there are three date input fields labeled 'Create Date', 'Start Effective Date', and 'End Effective Date', each with a calendar icon. Finally, there are 'Search' and 'Clear' buttons at the very bottom.

To View an eOPF Document Using *My eOPF Search*:

1. Click the *My eOPF* button on the eOPF main menu to open the *My eOPF* page, then click the *My eOPF Search* tab at the top of the page which allows you to view all or a subset of your eOPF.
2. Enter your search criteria to retrieve a list of specific documents in your eOPF.
For example, you could search for documents on a specific folder side, or you could search by the documents' Effective Date.

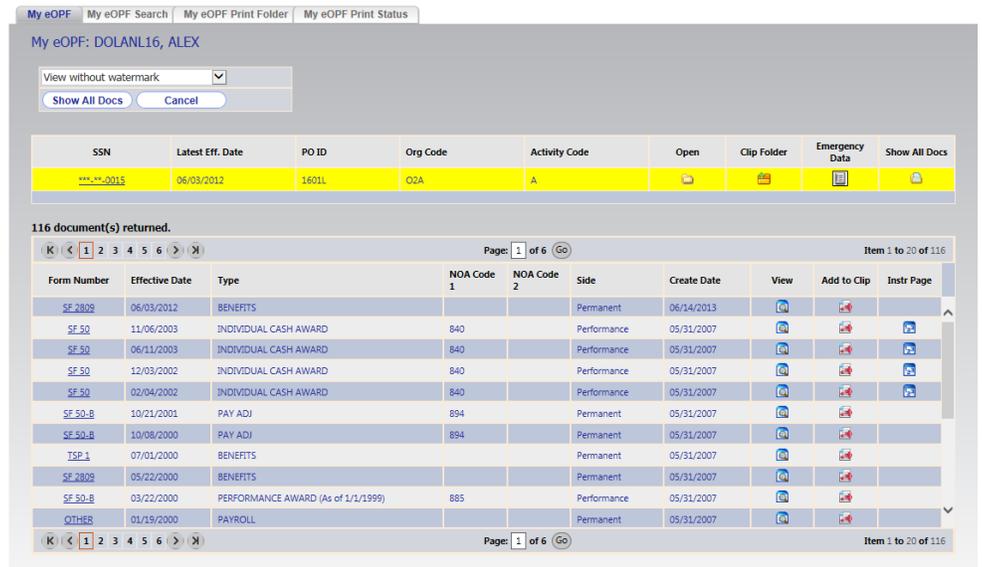

Note:

The result set of documents found in your folder and presented to you is also filtered by the Form setting you have chosen. If you want to see all documents in your folder, select *All Forms*.

3. To retrieve all of your documents, click the  **Search** button.

Because of the size of the *Search* page, the action buttons have been placed at both the top and bottom of the page.

The following figure displays the *My eOPF Search* results page.

Note:

If you choose to sort the search results by a certain field, that sort order is in effect until you sort by another field or log out of eOPF.

4. Click the **Show All Docs** *Show All Docs* button to show all documents that meet the search criteria. The *Show All Documents* page displays.

Note:

If you use the results list from the *Search Results* page, you can view or print one document at a time. By using the **Show All Docs** *Show All Docs* button, you can select one or more documents and submit a print job for those documents. Copies of the documents are merged on the print server into a single document which can be accessed for viewing or printing in the document viewer. A watermark is inserted on the bottom of each page in the single document generated using the *Show All Docs* feature.

The following figure displays the *Show All Docs* page.

Viewing Documents from the *Search Results* Page:

You can use the search results tab to view and print a document in your eOPF. Note that you can only view and print documents one at a time from the search results page. If you want to view and print multiple documents at once, see the Viewing Documents from the Show All Docs Page section of this guide.

To View Documents from the *Search Results* Page:

1. **From the top of the search results page, select whether you want to include a watermark overlay.**
See the Searching for Specific Documents in Your eOPF section of this guide for steps on how to display the search results page.
2. **Click the  *View* button or the *Form Number* link in the row of the document you would like to view.**
The document opens in a new window using Adobe Reader.
3. **If the document contains multiple pages, use the  *Next Page* and  *Previous Page* buttons and scroll bar located in the document viewer to navigate through the document.**
4. **When you finish, click the  *Close* button in the upper right corner of the document viewer window to close the viewer window.**

Viewing Documents from the *Show All Docs* Page:

You can use the *Show All Docs* page to view and print one or more documents at a time in your eOPF. A watermark is inserted on the bottom of each page in the single document generated using the *Show All Docs* feature.

To View Documents from the *Show All Docs* Page:

1. **From the *Show All Docs* page, click the checkbox(es) corresponding to the document(s) you want to view.**
See the Searching for Specific Documents in Your eOPF section of this guide for steps on how to display the *Show All Docs* page.

Note:

Use the  *Check All* and  *Uncheck All* buttons to select and deselect all documents listed.

2. Check the *Print* column on the *Show All Docs* page.

If the document is single-sided, click the  *Print Single Sided* button. If the document is double-sided, click the  *Print Doubled Sided* button. A message appears stating that the print request has been submitted for processing.

The following figure displays the *Show All Docs* page with the print request confirmation.

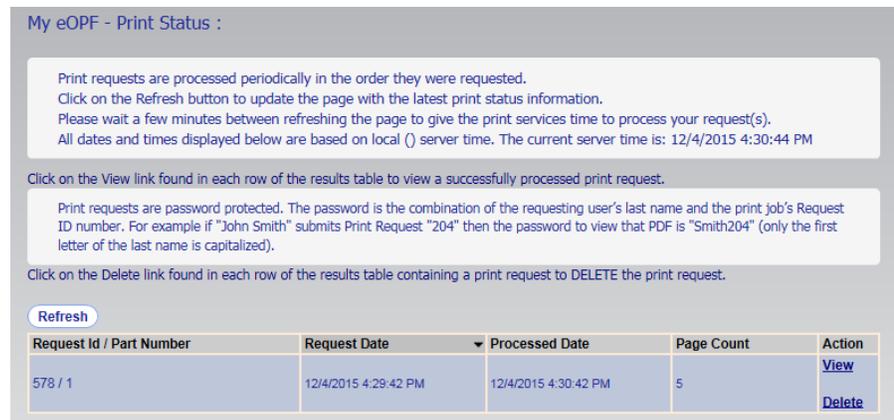

Note:

You must have access to a duplex printer for double-sided printing.

3. To see the status of your print request, click the  *My eOPF Print Status* tab at the top of the screen.

4. The *My eOPF Print Status* page appears, displaying all *My eOPF* print jobs.

The following figure displays the *My eOPF Print Status* page.

5. Click the  *View* link next to the print job you would like to view. Adobe Reader launches and displays the results of the print job.

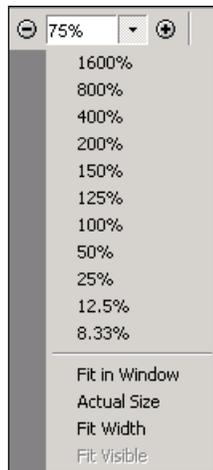

Changing the Viewing Size of an eOPF Document

Once you open a document, you may need to change the way it appears on your screen. Perhaps you need to change the size to fit in your monitor or you would like to zoom in to view details. The following steps demonstrate how to use Adobe Reader when viewing eOPF documents.

To Change the Page Size:

- 1. Search for and open the desired eOPF document.**
If there are multiple pages, navigate to the page you wish to view by using the  *Next Page* and  *Previous Page* buttons.
- 2. Click the  *Zoom In* or  *Zoom Out* buttons to change page sizes.**
You can also select a view size from the drop-down list. The numbers represent the percent of original size.

The following figure displays the *Zoom* drop-down list.

- 3. To return to screen size, select *Fit in Window* from the drop-down list.**

To View an eOPF Document:

1. Click *My eOPF*, then search for and locate the eOPF document you would like to view.

The search results page displays.

The following figure displays the search results page.

2. Click the **View** button or the **Form Number** link in the row of the document you would like to view.
The document opens using Adobe Reader in a new window.
3. If the document contains multiple pages, use the **Next Page** and **Previous Page** buttons and scroll bar located in the document viewer to navigate through the document.
4. When you are finished, click the **Close** button in the upper right corner of the document viewer window to close it.

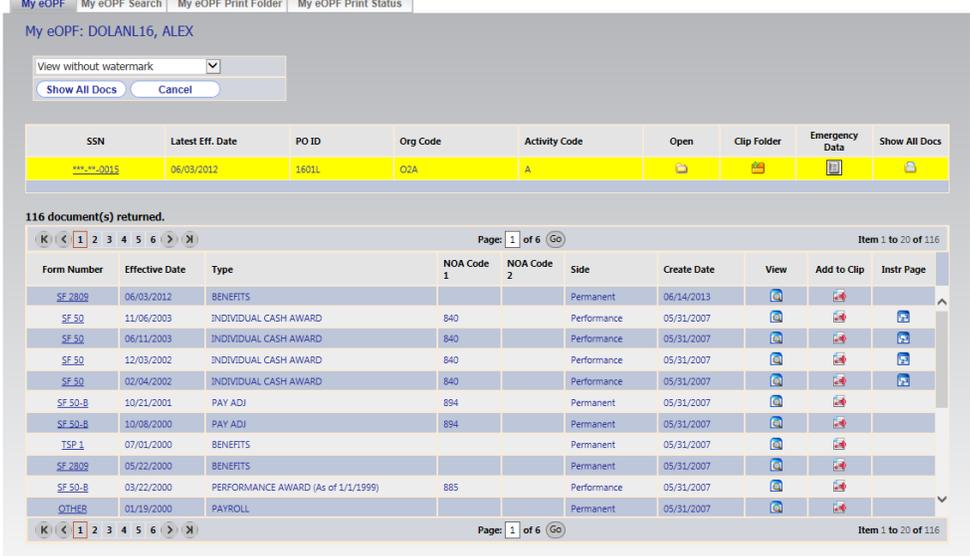

Viewing Instruction Pages

eOPF allows you to see instruction pages related to forms placed in your eOPF. When an eOPF administrator adds a form to the system, the eOPF administrator can also add instruction pages. If a form includes instruction pages, the  *Instruction Page* icon is enabled on the *Action* menu.

To View Document Instruction Pages:

1. Click *My eOPF*, then locate the eOPF document in your folder with instructions you would like to view.

The following figure displays the search results page.

The screenshot shows the eOPF search results page for user DOLANL16, ALEX. It displays a table of search results with columns: SSN, Latest Eff. Date, PO ID, Org Code, Activity Code, Open, Clip Folder, Emergency Data, and Show All Docs. Below the table, it indicates 116 document(s) returned and shows a list of documents with columns: Form Number, Effective Date, Type, NOA Code 1, NOA Code 2, Side, Create Date, View, Add to Clip, and Instr Page. The 'Instr Page' column contains an 'Instruction Page' icon for several documents.

PD #: H100208

Position Description

WG - Worker

Pay Plan: WG
Job Title: Maintenance Mechanic
Series: 4749
Grade:

PLFA: DDC
SF-52 #:

Is this a BSM PD? No
Active
Completed
Signed

Created By: CN=Tina.Flickinger/O=
Date Created: 03/28/1997
Date Completed: 08/13/2002

Major Duties:

1. Performs scheduled preventive maintenance of equipment and component parts of the automatic fire sprinkler system. Work is performed on a scheduled and 24 hour emergency service basis. Preventive maintenance may include dismantling, cleaning and replacement of any or all components comprising the sprinkler system. Repairs may consist of replacement or rebuilding of sprinkler valves, cut out and replacement of piping, servicing and repair of system air compressors and the maintenance, servicing and repair of gasoline and electric powered pump driver. Performs scheduled testing of pump controllers, auxiliary pump drivers, water distribution system and sprinkler heads to evaluate operational capabilities of the system and to determine the necessity for repairs or adjustments. Uses hand tools, wrenches, hammers, mallets, chisels, saws, levels, and other tools of the trade. Operates

3. Close the PDQ window by clicking the  **Close** button in the top right corner of the browser.

Chapter 5: Printing

Although the eOPF application is designed to make reviewing your OPF more of a paperless process, there are times when you will need a hard copy of an eOPF document. You can print documents with or without a watermark overlay. As of eOPF release E1, you can print your entire folder.

You can choose to print all or specific documents found in your eOPF. When using either *My eOPF* or *Search eOPF* to view an individual document you are prompted to either open or save the PDF file. Once the document is opened in Adobe Reader, you can immediately print it.

When using the *Show All Docs* option, the *My eOPF Print Folder* option, or printing from a clip folder, you can select one or more documents from your eOPF for printing. Printing using one of these options submits a print job to be processed on the print server within a few minutes. The status of the print job can be checked on the *My eOPF Print Status* tab.

If there is an error when processing your print request a one-page PDF is produced with instructions to resolve the issue.

The following figure displays the print request error message.

eOPF is unable to successfully complete the print request you submitted. Please contact your servicing Human Resources Specialist for assistance with this print request.

Printing an eOPF Document Using *My eOPF*

To Print an eOPF Document:

1. Click *My eOPF* to show your folder, then search for and locate the desired eOPF document to print.
2. Click the  **View** button or the **Form Number** link in the row of the document you would like to view.

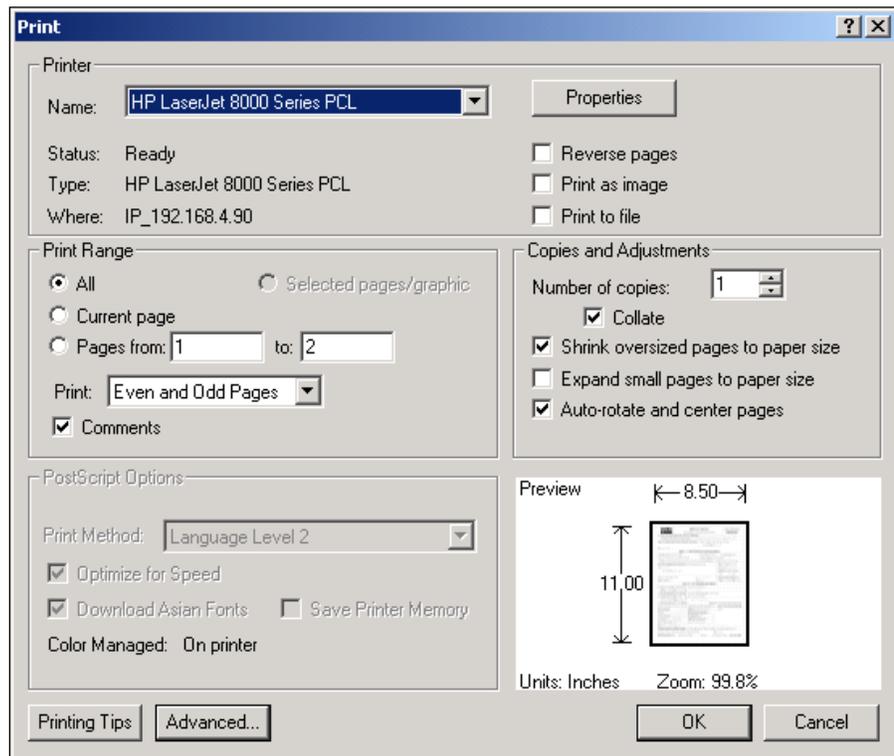

Note:

The column labeled *Print* on the *Search Results* and *Show All Docs* pages indicates whether the original document was a single or a double-sided document. The *Print* column may not be visible if it is disabled in your preferences. See the *Changing Your Preferences* section of this guide.

3. On the document viewing window toolbar, click the **Print** button, or select **File**, then **Print**, from the viewer window menu.

The *Print* dialog box opens. Ensure that your printer settings are correct.

The following figure displays the print dialog box.

Note:

If you are printing a double-sided document, make sure that the printer selected is capable of performing duplex printing.

4. **When you finish modifying the printer settings, click the  *OK* button in the printer setup dialog box.**
The document begins to print.
5. **Click the  *Cancel* button to exit the print mode.**
6. **Click the  *Close* button to close the document view window.**

Printing an Entire eOPF or a Subset of Documents Using *Search eOPF*

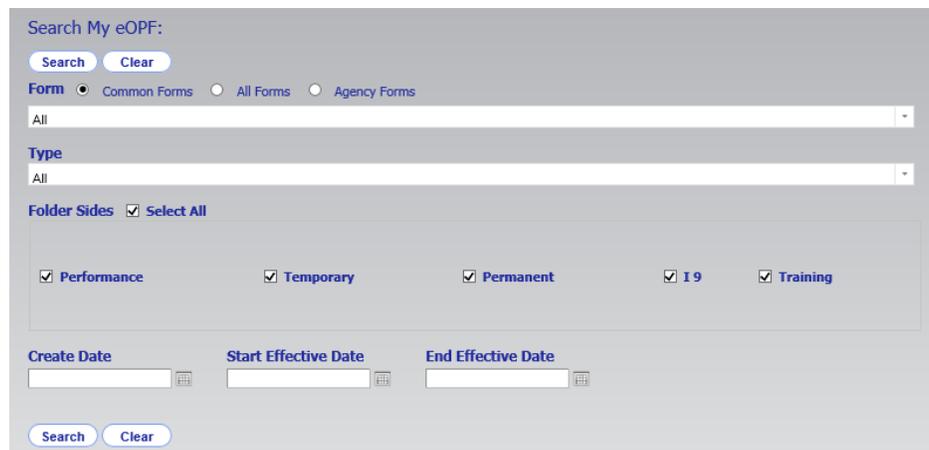

eOPF produces a results list of documents based on your search query. You have the option of printing one or more documents directly from the results page if desired. If you use *Show All Docs* to print, a watermark is placed on all pages within the document indicating that the documents came from eOPF.

To Print One or More Documents Based on Search Results:

1. Click the *My eOPF Search* tab from within the *My eOPF* page.

The *My eOPF Search* page displays.

This figure displays the *My eOPF Search* page.

2. Enter search criteria to narrow the list of desired documents and click the **Search** *Search* button.

-OR-

Click the **Search** *Search* button without entering search criteria if you desire all documents within your eOPF.

The search results page displays.

3. From the *Search* results page, click the **Show All Docs** button.

The *Show All Docs* page appears containing only the documents that meet the search criteria.

This figure displays the *Show All Docs* page.

My eOPF: JOHNSONL16, TERRI

- Select the documents to print by clicking the checkbox(es) to the right of each document.**

You can select all listed documents by clicking the *Check All* button.

- Click either the *Print Single Sided* or the *Print Double Sided* button located at the top of the page to submit the job for printing.**

The following figure shows the print request confirmation message.

My eOPF: JOHNSONL16, TERRI

Your print request has been submitted for processing.

To print a document(s), click on the checkbox to select/deselect and then click on the Print Single Sided or Print Double Sided button.

Note:

Records are printed in the order they are displayed on the page. If you have altered the default sort order, the print job is in the order it was in at the time of print request submission.

- The selected document(s) are merged into a single PDF document, a watermark is added to each page indicating eOPF as the source of the documents, and the resulting document can be accessed by clicking the

My eOPF Print Status *My eOPF Print Status* tab.

The following figure shows the *My eOPF Print Status* page.

My eOPF - Print Status :

Print requests are processed periodically in the order they were requested.
Click on the Refresh button to update the page with the latest print status information.
Please wait a few minutes between refreshing the page to give the print services time to process your request(s).
All dates and times displayed below are based on local () server time. The current server time is: 12/4/2015 4:32:34 PM

Click on the View link found in each row of the results table to view a successfully processed print request.

Print requests are password protected. The password is the combination of the requesting user's last name and the print job's Request ID number. For example if "John Smith" submits Print Request "204" then the password to view that PDF is "Smith204" (only the first letter of the last name is capitalized).

Click on the Delete link found in each row of the results table containing a print request to DELETE the print request.

Refresh

Request Id / Part Number	Request Date	Processed Date	Page Count	Action
578 / 1	12/4/2015 4:29:42 PM	12/4/2015 4:30:42 PM	5	View Delete

- To view the print request results, click the **View** View link.

Note:

Print job PDFs are now encrypted for security purposes. Upon attempting to open the PDF file the user is prompted for a Document Open Password. The password is the combination of the requesting user's last name followed by the Print Request ID (shown above in the Request ID/Part Number column). For example, if John Smith submits Print Request ID 204, his Document Open Password is Smith204. Only the first letter of the last name is capitalized.

- To remove the print request that is no longer needed, click the **Delete** Delete link.

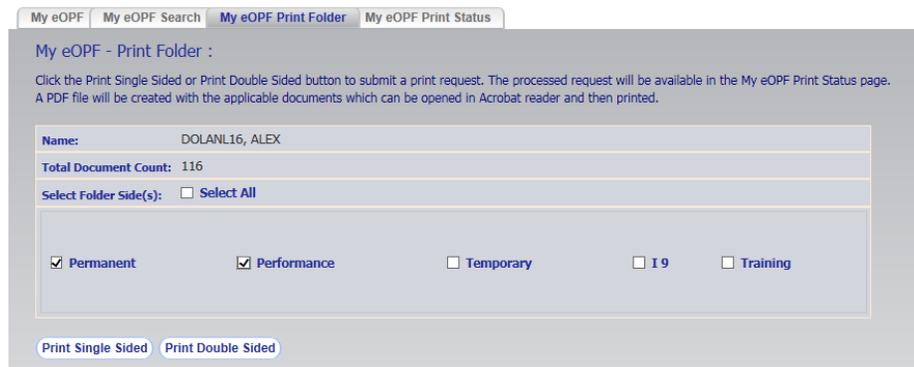

Print My eOPF Folder

eOPF release E1 introduced the capability for you to print the contents of your folder. Only folder sides viewable by the eOPF User group (based on eOPF group membership) can be printed. You are able to print to single-sided or double-sided output. The eOPF watermark is automatically placed as a footer on each printed page.

To Print your eOPF Folder:

1. Click the  **My eOPF** button from the left menu.
The *My eOPF* page displays.
2. Click the **My eOPF Print Folder** tab from within the *My eOPF* page.
The *My eOPF Print Folder* page displays.

This figure displays the *My eOPF Print Folder* page.

3. Select which folder sides you would like to print.
4. Click either the  **Print Single Sided** or the  **Print Double Sided** button located at the bottom of the page to submit the job for printing.

The following figure shows the print request confirmation message.

- The selected document(s) are merged into a single PDF document, a watermark is added to each page indicating eOPF as the source of the documents, and the resulting document can be accessed by clicking the

For example if John Smith submits Print Request ID 204, his Document Open Password is Smith204. Only the first letter of the last name is capitalized.

- To remove the print request that is no longer needed, click the [Delete](#) **Delete** link.

Chapter 6: Working with Clip Folders

Clipping Documents Within Your Folder

eOPF provides the ability to “paper clip” documents from the same folder together. These clips are actually associations that allow you to view groupings of documents. eOPF allows you to select individual pages within a document for clipping or to select multiple complete documents to be inserted into a clip folder.

Each folder can have an unlimited number of clips. For maximum usability, we recommend that you clip documents by meaningful association, such as “benefit forms associated with marriage”.

eOPF allows you to create two kinds of clips: public and private. Any user with permission to access the eOPF can see public clips. Private clips can only be seen by the creator (you). You can reassign private clips as public clips.

If a document that had been clipped to other documents is deleted from the eOPF, the clip remains intact (with the other clipped documents), without the newly deleted document.

Creating a Clip

The first step in using clips is to create a new clip for a folder. eOPF allows you to create two kinds of clips: public and private. Any user with permission to access the eOPF can see public clips. Private clips can only be seen by the creator (you).

To Create a New Clip for a Folder:

1. Click the  **My eOPF** button on the eOPF main menu.

The results page displays a single row representing your eOPF.

The following figure displays the *My eOPF* results page.

2. Click the  **Clip Folder** icon to open the *Clip Folders* page of this folder.

The following figure displays the *Clip Folders* page.

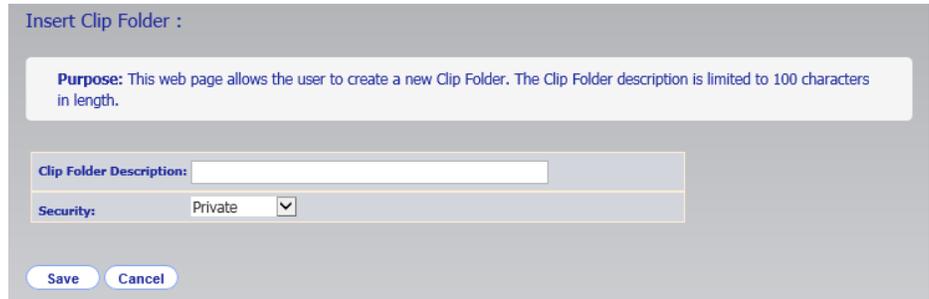

Clip Folders :

This web page allows the user to view, add, modify, and delete clip folder(s). Activate the Detail link to view the contents of a selected clip folder.

Description	Owner	Clip Date	Pages	Security	Detail	Edit	Delete
My Clip Folder	JOHNSONL16, TERRI	3/26/2015 3:21:17 PM	0	Private	Detail	Edit	Delete

3. Click the  **Insert** button to display the *Insert Clip Folder* page.

The following figure displays the *Insert Clip Folder* page.

3. Enter a description for the clip in the *Clip Folder Description* field.
For maximum usability, try to be as specific and descriptive as possible.
4. In the *Security* field, select either public or private based on your needs.

eOPF allows you to create two kinds of clips: public and private. Any user with permission to access the eOPF can see public clips. Private clips can only be seen by the creator (you).

5. Click the  **Save** button.

Adding Documents to a Clip

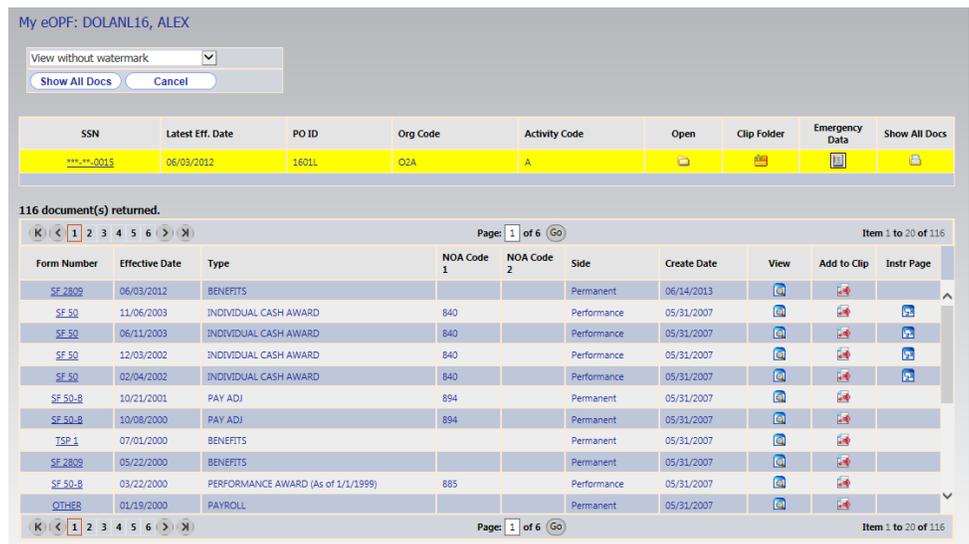

Once you add a clip folder, you can add additional documents to the clip at any time. This can be done from either the *My eOPF* results page or from the *Show All Docs* page.

To Add Documents to a Clip from *My eOPF* Results Page:

1. Click the  **My eOPF** button on the eOPF main menu.

The *My eOPF* results page displays your eOPF and document contents.

The following figure displays the *My eOPF* results page.

My eOPF: DOLANL16, ALEX

4. From the *Clip Folder Detail* page, click the checkbox(es) corresponding to the document(s) you want to view.

Note:

Use the **Check All** *Check All* and **Uncheck All** *Uncheck All* buttons to select and deselect all documents listed.

5. If the document is single-sided, click the **Print Single Sided** *Print Single Sided* button. If the document is double-sided, click the **Print Double Sided** *Print Doubled Sided* button.

A message appears stating that the print request has been submitted for processing.

The following figure displays the print request confirmation message.

Clip Details :

To print a document(s), click on the checkbox to select/deselect and then click on the Print Single Sided or Print Double Sided button.

Print Single Sided Print Double Sided Delete Selected

Check All Uncheck All

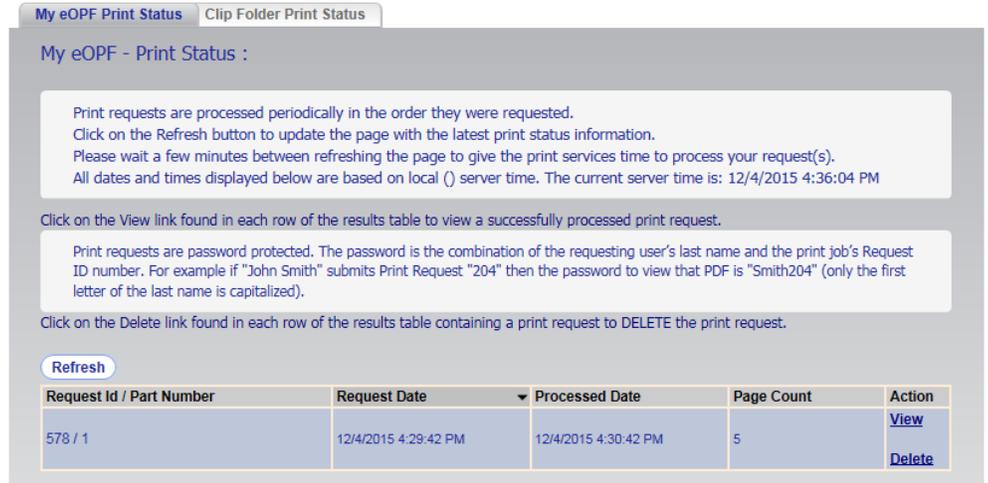

Your print request has been submitted for processing.

Note:

You must have access to a duplex printer for double-sided printing.

6. To see the status of your print request, click the  **Print Status** button from the menu on the left.
7. The **Print Status** page appears defaulted to the **My eOPF Print Status** tab.

The following figure displays the *My eOPF Print Status* page.

My eOPF Print Status Clip Folder Print Status

My eOPF - Print Status :

Print requests are processed periodically in the order they were requested.
 Click on the Refresh button to update the page with the latest print status information.
 Please wait a few minutes between refreshing the page to give the print services time to process your request(s).
 All dates and times displayed below are based on local () server time. The current server time is: 12/4/2015 4:36:04 PM

Click on the View link found in each row of the results table to view a successfully processed print request.

Print requests are password protected. The password is the combination of the requesting user's last name and the print job's Request ID number. For example if "John Smith" submits Print Request "204" then the password to view that PDF is "Smith204" (only the first letter of the last name is capitalized).

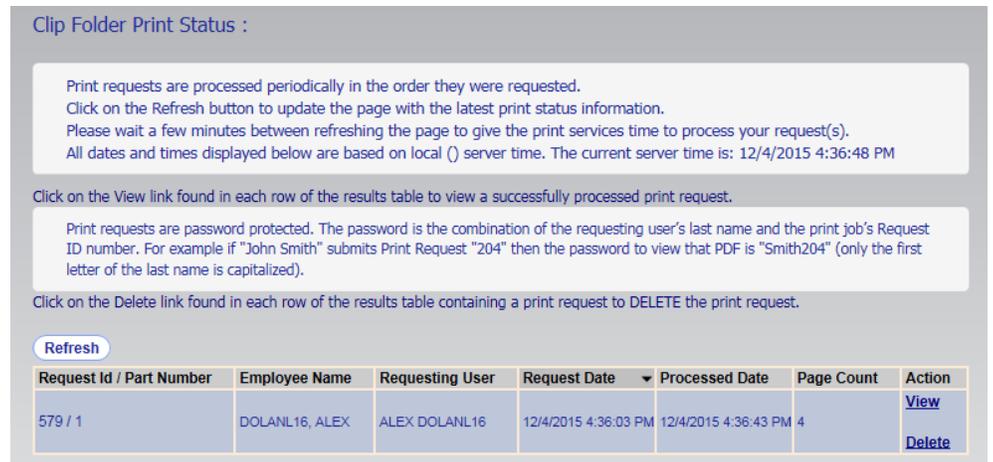

Click on the Delete link found in each row of the results table containing a print request to DELETE the print request.

[Refresh](#)

Request Id / Part Number	Request Date	Processed Date	Page Count	Action

8. Click the  **Clip Folder Print Status** tab to display the **Clip Folder Print Status** page.

The following figure displays the *Clip Folder Print Status* page.

Clip Folder Print Status :

Print requests are processed periodically in the order they were requested.
 Click on the Refresh button to update the page with the latest print status information.
 Please wait a few minutes between refreshing the page to give the print services time to process your request(s).
 All dates and times displayed below are based on local () server time. The current server time is: 12/4/2015 4:36:48 PM

Click on the View link found in each row of the results table to view a successfully processed print request.

Print requests are password protected. The password is the combination of the requesting user's last name and the print job's Request ID number. For example if "John Smith" submits Print Request "204" then the password to view that PDF is "Smith204" (only the first letter of the last name is capitalized).

Click on the Delete link found in each row of the results table containing a print request to DELETE the print request.

[Refresh](#)

Request Id / Part Number	Employee Name	Requesting User	Request Date	Processed Date	Page Count	Action
579 / 1	DOLANL16, ALEX	ALEX DOLANL16	12/4/2015 4:36:03 PM	12/4/2015 4:36:43 PM	4	View Delete

9. To view the print request results, click the [View](#) View link.

Note:

Print job PDFs are now encrypted for security purposes. Upon attempting to open the PDF file the user is prompted for a Document Open Password. The password is the combination of the requesting user's last name followed by the Print Request ID (shown above in the Request ID/Part Number column). For example, if John Smith submits Print Request ID 204, his Document Open Password is Smith204. Only the first letter of the last name is capitalized.

10. To remove a print request that is no longer needed, click the [Delete](#) Delete link.

Removing a Document from a Clip

As your use for clips changes over time, you may need to modify the contents of a clip. In addition to being able to add documents to a clip at any time, you also have the option of removing them from the clip.

Note:

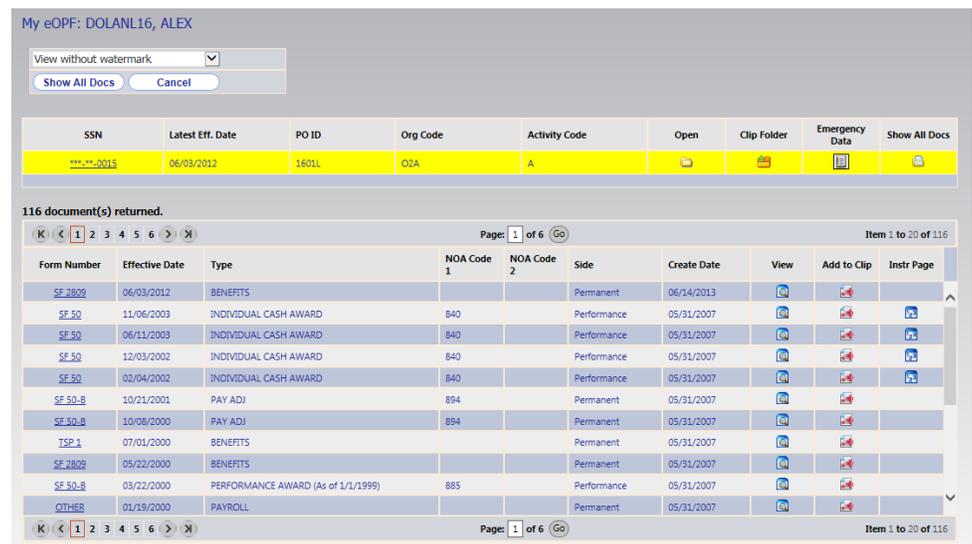

Removing a document from a clip does not remove the document from the system. Rather, it removes the association of the document to the other clipped documents.

To Remove a Document from a Clip:

1. Click the  **My eOPF** button on the eOPF main menu.

The search results page displays your eOPF.

The following figure displays the *My eOPF* results page.

2. Click the  **Clip Folder** icon to open the *Clip Folders* page of this folder.

The following figure displays the *Clip Folders* page.

Clip Folders :

This web page allows the user to view, add, modify, and delete clip folder(s). Activate the Detail link to view the contents of a selected clip folder.

Insert

Description	Owner	Clip Date	Pages	Security	Detail	Edit	Delete
My Clip Folder	JOHNSONL16, TERRI	3/26/2015 3:21:17 PM	3	Private	Detail	Edit	Delete

Back

4. Click the  *Edit* link associated with the clip.
5. In the *Security* field, select either public or private based on your needs.
6. Click the  *Update* button.

Note:

A clip is classified as public or private. A clip can be viewed by any user with permission to access the selected folder. However, a private clip can be viewed ONLY by the user who created the clip (you).

Deleting a Clip

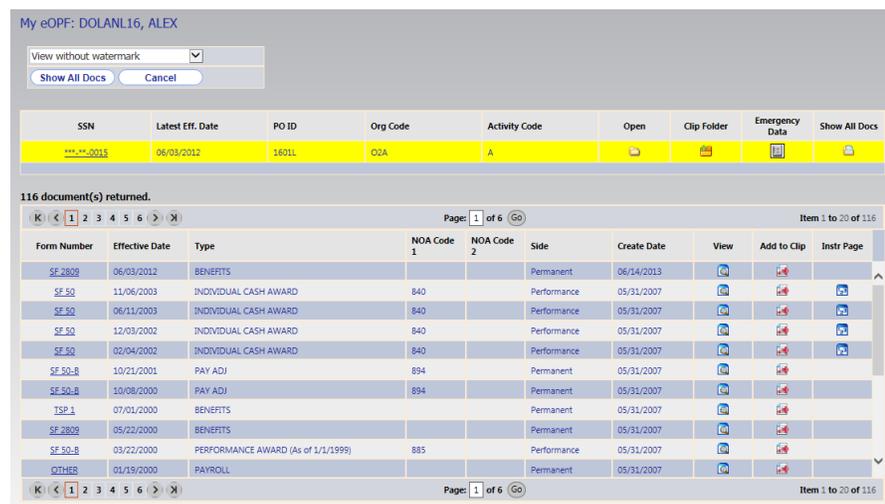

eOPF provides you the ability to delete the clip associations you have created. Deleting a clip only removes the association between the documents; it does not delete the documents themselves. If you wish to remove a document from eOPF, please see an eOPF administrator.

To Delete a Clip Association from a Set of Documents:

1. Click the  **My eOPF** button on the eOPF main menu.

The search results page displays your eOPF.

The following figure displays the *My eOPF* results page.

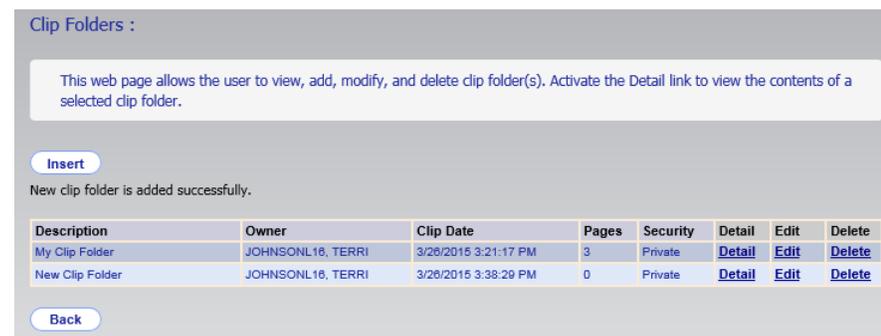

SSN	Latest Eff. Date	PO ID	Org Code	Activity Code	Open	Clip Folder	Emergency Data	Show All Docs
****-**-0013	06/08/2012	3601L	02A	A

OTHER	01/19/2000	PAYROLL			Permanent	05/31/2007			

2. Click the  **Clip Folder** icon to open the *Clip Folders* page of this folder.

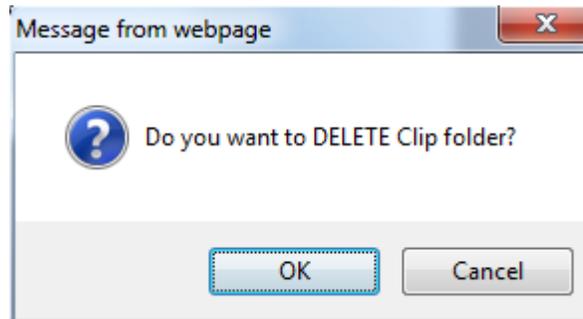

The following figure displays the *Clip Folders* page.

Description	Owner	Clip Date	Pages	Security	Detail	Edit	Delete
My Clip Folder	JOHNSONL16, TERRI	3/26/2015 3:21:17 PM	3	Private	Detail	Edit	Delete
New Clip Folder	JOHNSONL16, TERRI	3/26/2015 3:38:29 PM	0	Private	Detail	Edit	Delete

3. Click the  **Delete** link.
The confirmation pop-up appears.

The following figure displays the confirmation pop-up.

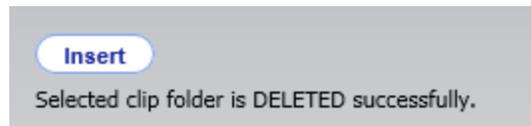

Note:

To cancel the deletion of the record, click the  *Cancel* button.

4. Click the  *OK* button.

The *Clip Folders* page reappears, displaying the following message: "Selected clip folder is deleted successfully".

The following figure displays the confirmation message on the *Clip Folders* page.

Note:

Click the  *Back* button to return to the previous page.

Chapter 7: Logging Out of eOPF

In order to ensure the security of eOPF, remember to log out of the system when you are finished.

Note:

You are automatically logged out of the eOPF after the system is idle for a certain amount of time configured by your local eOPF administrator.

Note:

Attempting to close the browser using the  *Close* button in the upper-right corner displays a pop-up asking if you want to exit out of eOPF. Click the  *OK* button to continue closing the browser or click the  *Cancel* button to stay logged in to eOPF.

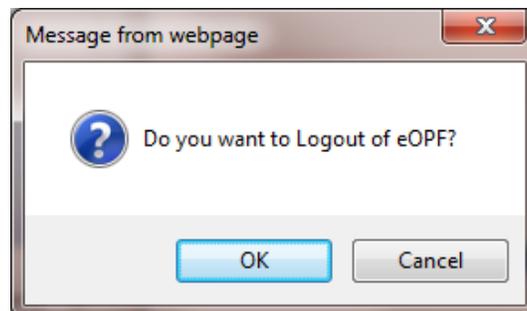

The following figure displays the *eOPF Welcome* page with the *Logout* button circled.

To Log Out of eOPF:

1. Click the  **Logout** button.
A log out confirmation pop-up is displayed.

The following figure displays the logout confirmation pop-up.

2. Click the  **OK** button to log out and close the browser window.

-OR-

Click the  **Cancel** button to return to eOPF and continue working.

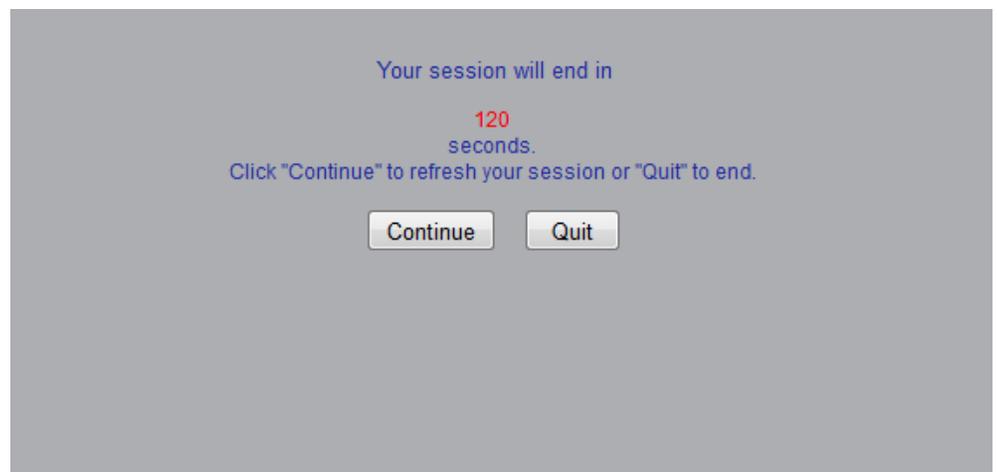

Session Timeout

For security purposes, your eOPF session times out if there is inactivity for an amount of time set by the system administrator, typically 15 minutes. To provide you with an opportunity to stop the session timeout from occurring, you are prompted when you are two minutes from being logged out for inactivity. The countdown updates every 10 seconds until the two minutes have passed. Being logged out includes the browser window being closed.

Session Timeout Process:

1. **After inactivity for a set amount of time, you receive a *Session Timeout* pop-up message.**

The following figure displays the *Session Timeout* pop-up.

2. **At this point you have 120 seconds to either:**

Continue – you return to the page that you were on and all inactivity timers reset,

-OR-

Quit – the session terminates immediately and the browser window closes.

Note:

If you do not respond to the *Session Timeout* pop-up within two minutes results in a session termination and the browser window closes.

Glossary

Administrator	A user that has special access to setup, modify, and delete parameters within the eOPF system.
Contact Information	Data (accessible via  <i>Emergency Data</i> tab within  My Profile) is voluntarily supplied by employees for use by management during an emergency.
Groups	A combination of functional processes to which a user is granted access.
Folder	A container for documents.
Password	A complex sequence of characters required for access to the eOPF.
Password Letter	Notification from the agency to the employee providing the password for the eOPF.
Security Access	A level of accessibility to documents and functions within eOPF.
Supervisor	A user that has access to not only his or her own eOPF, but also is provided with access to view and print documents for employees that he or she supervises.
View Doc	A  <i>View</i> icon used to view the documents within a folder.

Acronyms

eOPF	electronic Official Personnel Folder
NOAC	Nature of Action Code
OPF	Official Personnel Folder
OPM	Office of Personnel Management
PDF	Portable Document Format
