provides a negative COVID-19 test that was taken no sooner than three (3) days and no later than five (5) days after their return to the state. Employees not tested at a free testing site shall be responsible for any testing costs.

- (1) During the 3-5 day period after the employee returns to the state and the period of time awaiting the negative COVID-19 test results, the employee will either be placed in a leave status or telework. Should the employee not be a candidate for telework, the supervisor, if appropriate, may provide the employee virtual or paper-based training or administrative requirements to be completed during this period of time.
- (2) Similar to the reference at 4h above, all Federal HING employees, vaccinated or unvaccinated, are required to comply with the post-travel testing requirements at paragraph 5b above, as well as complete the Out-of-State Travel Return to Work Form found at Enclosure 1. This form must be completed prior to travel (work-related or personal) and to obtain pre-travel approval from the Director of Hawaii Emergency Management Agency (HI-EMA), Hawaii Army National Guard (HIARNG) Commander, or Hawaii Air National Guard (HIANG) Commander as appropriate, before travel is initiated.
- (3) Prior to travel, employees must get approval on what their workplace location will be during the "3-day waiting period" before taking their post-travel COVID-9 test. Additionally, employees traveling out-of-state for work-related or personal travel must comply with the State's Safe Travel's Program at <a href="https://travel.hawaii.gov/#/">https://travel.hawaii.gov/#/</a>. Employees must provide proof of a negative post-travel COVID-19 test (antigen or NAAT test) prior to returning to the workplace.
- (4) Employees experiencing any COVID-19 symptoms upon returning to the State will not be authorized to return to the workplace. Employees who are symptomatic should consult with their physician, isolate, and get tested.
- c. Fully vaccinated individuals as defined at reference 4c above are not restricted from official travel, both domestic and international. However, individuals who are not fully vaccinated or who decline to provide information about their vaccine status, are limited to mission-critical official travel, both domestic and international. "Mission-critical" travel for all unvaccinated personnel will be requested for approval to the Director of HI-EMA, HIARNG Commander, or HIANG Commander as appropriate, before travel is initiated.
