Tabletop Exercise

[Select date and time]

Exercise Overview

This exercise is designed to test local, state, non-governmental organization (NGO), and private sector capabilities during a whole-community response to a homeland security attack tabletop exercise.

Exercise Format

The tabletop exercise will be a [LENGTH]-hour exercise conducted on [DATE] at [INSERT VENUE/PLATFORM]. The exercise will focus on the response to, and immediate recovery from, a homeland security incident. Through a facilitated discussion, players will drive the action of the exercise as they respond to scenario updates with a focus on priority FEMA Community Lifelines.

Core Capabilities

This exercise will focus on the following Core Capabilities:

-
-
-
