Galen,

A little late follow-up for your email list of retired and active Army personnel. The schedule for island visits finally confirmed.

Basically, the NDNODS focus is to gather information and locate training sites that may have been utilized by the army, but was not officially designated by the DOD. Once the information gathering is completed a determination will be made for any site clean-up that might be required.

The NGB team will be on Oahu 2-6 MAR 09 with site visits and potential interviews planned for 4-6 MAR. The same week, site visits will also be planned Hilo, 4-6 MAR 09.

During the week of 9-13 MAR 09 the NGB teams will be on Molokai 09-10 MAR / Kauai 09-10 MAR/ Maui 9-12 MAR 09.

HIARNG G3 is requesting that anyone that has historical information about the ranges and training areas listed on the attached excell spread sheet and has the time to be interviewed during the dates provided is asked to participate.

I will be the G3 POC and my cell phone is 987 5200 office 672 1393 or email:
