ţ,

LETTER OF TRANSMITTAL

TERRITORY OF HAWAII THE ADJUTANT GENERAL'S OFFICE HONOLULU

July 30, 1932

His Excellency, Lawrence M. Judd, Governor of Hamaii, Honolulu, T. H.

Your Excellency:

e.

In compliance with the request of Your Excellency under date of April 4, 1932, and in compliance with Section 213, Revised Laws of Hawaii, 1925, as amended by Act 58, Session Laws of 1927, I have the honor to submit the Annual Report of the Military Department, Territory of Hawaii, for the period July 1, 1931, to June 30, 1932.

Respectfully,

P. M. SMOOT, Colonel, Infantry, H.N.G., The Adjutant General.

П

ANNUAL REPORT of the Military department, Territory of Hawali July 1, 1931, to June 30, 1932

INTRODUCTION

The offlee administration of this Department is divided interight (8) Sections, as follows:

Personne!
 intelligence
 Plans and Training
 Supply and Transportation
 Finance
 Communications
 Medical
 Legal

In addition to the above, other activities are included. Frequently two or more of these functions are performed by the same officer.

Throughout the entire year, the Hawaii National Guard as a whole acquitted itself creditably, particularly in time of stress, such as was experienced during the early part of 1932.

<u>Regular Army Instructors</u> - The Hawaii National Guard suffered a distinct loss in the retirement of Colonel Arthur W. Bradbury, U. S. Army, formerly National Guard Officer, Hawaiian Department, and Senior Instructor, who left Honolulu on June 17, 1932, for his home to await retirement from the Army on disability. Colonel Bradbury has had a distinguished military career, and served two tours of duty as National Guard Officer for the Hawaiian Department. He served also in the office of the Chief, Militia Bureau, in Washington, D. G. Colonel Bradbury has been untiring in his efforts to promote the efficiency of the Hawaii National Guard and to cement mutual understanding and sympathy between the Regular Army and the National Guard.

The officers and noncommissioned officers of the Regular \times Army on duty with the Hawaii National Guard are as follows:

Island of Oahu

Captain Arch A. Fall, Infantry, D.O.L., Acting Senior Instructor, Honolulu

Captain Clinton E. Fenters, Infantry, D.O.L., Instructor, Honolulu

Staff Sergeant Robert Townsend, D.E.M.L., Honolulu

Island of Hawaii

Captain Roy C. Hilton, Infantry, D.O.L., Instructor, Hilo, who replaced Captain Henry G. Sebastian on December 16, 1931 Sergeant Charles A. Brenoman, D.E.W.L., Hilo

Island of Maui

Gaptain Ray W. Harris, Infantry, D.O.L., Instructor, Wailuku Sergeant Samuel Levinsky, D.E.M.L., Wailuku, who replaced Serge nt Manfred Gutman on October 22, 1931

A request for an increase in the grades of enlisted men assigned as instructors was not favorably considered by the Militia Bureau.

Office Administration - Your Excellency's attention is invited to the volume of correspondence passing through our Headquarters. During the past fiscal year 5,611 communications were received and dispatched. All of these communications required some action, and in addition, numerous periodical reports are required. This large volume of correspondence has eventually clogged the filing facilities so that a rearrangement has been necessary. Nearly 50,000 communications have been sorted, re-indexed and re-filed, and the project is only half completed, due to lack of clerical assistance.

One change was made in the clerical force of this Department. Major (then Captain) Hamilton Merrill was transferred on February 1, 1932, from this Department to Oahu Prison as Deputy Warden, and this vacancy has not yet been filled.

The clerical force of this Headquarters is now reduced below the minimum for what, I believe, to be the legitimate activities of the office of The Adjutant General of this Territory. When it is understood that this office functions as the Headquarters of the Military and Naval Departments of the Territorial Government; the Headquarters of the Territorial Police Force; and a part of the national defense scheme of these Islands, it is most unfortunate and unjust that we should be continually required to operate short handed, and considerably underpaid. If numbers of personnel, their duties and salaries, of Territorial employees were on an equitable basis, this Department would certainly be increased, and salaries greatly advanced.

Following is summarized the activities of this Department, and divided into separate headings for each Section:

IST SECTION - PERSONNEL

Capt. James T. M. Chang, 298th Inf., Chief of Section

2

æ.

r

Organization

There was no change in the allotment of officers and men during the past fiscal year. As authorized by the Chief, Militia Bureau, the present allotment consists of 110 commissioned officers, 2 warrant officers (band leaders), and 1615 enlisted men. The following organizations comprise the Hawaii National Guard:

> Headquarters of the Hawaii National Guard: State Staff State Detachment 298th Infantry (less 3rd Battalion, inactive) 299th Infantry (less 3rd Battalion, inactive)

The stations of the various units of the Hawaii National Guard are shown in Appendix "A".

One transfer was accomplished during the past year. Headquarters Company, 2nd Battalion, 299th Infantry, was transferred from Hakalau, Hawaii, to Hilo, Hawaii, on September 5, 1931.

A request for additional organizations, in the form of a Brigade Headquarters and a Brigade Headquarters Company, was disapproved by the Militia Bureau.

Strength

The strength of the active Hawail National Guard on June 30, 1932, was 1700 officers and men, as follows:

29	18th Inf.	299th Inf.	<u>SS & SD</u>	<u>Total</u>
Officers	49	45	8	102
Warrant Officers	1	1	0	2
Enlisted Men	802	773	21	1596

-3-

Commissioned Officers By Grade (Warrant Officers included)

	298th Inf.	<u>299th Inf.</u>	<u>ss & so</u>	<u>Total</u>
Colonels	t	1	1	3
Lieutenant Colonels	I	1	Q	2
Majors	5	2	3	10
Captains	17	13 .	3	33
lst Lieutenants	12	12	i	25
2nd Lieutenants	13	16		29
Warrant Officers	Ī	1	0	2

Enlisted Returns By Grade

	L	Ш	<u>111</u>	<u>ιv</u>	Ϋ́	<u>V I</u>	VII	Totai
298th Infantry								802
299th Infantry	5	11	5	79	85	151	437	773
State Detachment	-	1.	2	3	4	4	7	21

The strength of the Hawaii National Guard ending June 30, 1932, represents a decrease of seven (7) commissioned officers and nine (9) enlisted men over that shown on June 30, 1931.

A roster of active officers of the Hawaii National Guard who are Federally Recognized or have applied for Federal Recognition is contained in Appendix "B".

A roster of officers holding Territorial Commissions only is contained in Appendix "C".

A roster of National Guard enlisted men who are holding Federal Officers' Reserve Corps Commissions is contained in Appendix "D".

Gains and Losses

During the past fiscal year the personnel turnover in the Hawaii Naticnal Guard was beyond normal, due to many discharges of personnel ineligible to become citizens of the United States. A high type of citizen is being enlisted as vacancies occur.

The turnover of personnel for the past fiscal year was 61% of our total authorized strength, tabulated as follows:

Officers.

Japanese	
Chinese-Hawailans	[4
Porto Ricans	5

Service Medals

The idea of maintaining the interest and morale of the Hawaii National Guard by awarding service medals is being continued. During the past fiscal year the following officers and men received their Ten-Year Continuous Service Medals and/or Bars:

<u>Medal</u> No.	Name	<u>Rank</u> and <u>Organization</u>	<u>Bars</u>
11	John W. Shert	Col. (Former Maj., OMC) 15,2	20 & 30 yr.
12	William S. Chillingworth		15 yr.

	Peter Starkey	Lst Sgt., Co. B, 298th Inf.	15 yr.

Armory Drill Attendance

The maximum number of armory pay drills of one and one-half hours' duration for the past fiscal year was 48. Several of the organizations oonducted armory drills beyond the authorized number, for the purpose of increasing their military training. This was done voluntarily on the part of the officers and men and without pay. The armory crill attendance percentages for the units of the Hawaii National Guard during the past fiscal year were as follows:

This is a decrease of .03% of the attendance for the Hawaii National Guard in comparison with the previous year.

World War Records

The many duties and activities of the Personnel Section can scarcely be named, as this Section takes care of not only the records of the National Guard personnel, but also of the World War renords which were furnished by the War Department, and records of personnel who served during the old regime of the Hawaiian Islands. This Section furnishes information on numerous requests made by individuals and organizations throughout the country.

2D SECTION - INTELLIGENCE

Capt. Jos. 1. deVille, 298th Inf., Acting Chief of Section

Due to limited personnel, this branch of activity has been very much restricted during the past year, but did function actively during several periods. The code has been entirely revised during the year.

Relations with the lowal press have been much closer during the period, and information and news items are periodically sent to all newspapers desiring this service. The Hawaii National Guard has received considerable publicity, some of which has not been favorable. It is difficult to combat this sort of publicity, which is in some cases deserved, but mostly not deserved. It is not believed that any publication in the Territory is actively hostile to national defense in general, or the Hawaii National Guard in particular, but simply does not see that a National Guard in this Territory is essential because of the large Regular Army garrison here. By conferences and letters and other forms of publicity, attempts have been made to educate the general public to the necessity of a National Guard in the Territory in relation to the entire National Defense, and the large annual Federal expenditures made to support the Hawaii National Guard. This revenue to the Territory would immediately cease upon the disbandment of the National Guard.

Civil relations have been very satisfactory. Standards of efficiency are higher, and all phases of training, administration and supply are receiving the attention they deserve. Standards of enlistment and for commission are being constantly raised, and the 298th infantry is

-9-

to be particularly commended for endeavoring to enlist men above the minimum height and educational requirements.

3D - SECTION - PLANS AND TRAINING

Capt. Jos. 1, deVille, 298th Inf., Acting Chief of Section

Training Mission, Policies and Programs

The training of the Hawaii National Guard during the fiscal year has been satisfactory. The training policy was slightly changed in a directive issued by the Militia Bureau, which contemplated increased combat training for troops during the armory training year. Very little basic training is conducted in the field that can be done during the armory training year; the field period is left entirely to training in combat, a phase of training that cannot be successfully carried on in the armory.

The training mission remained unchanged.

Training Facilities

Training facilities, except for some of the armories, are nearly adequate. It is desirable that all units be able to conduct their armory drills at the highest plane, so as to arrive at the field training camps with the highest degree of training efficiency. Due to limited space, crowded quarters, and lack of funds for suitable and proper supervision of all units, standards of training are not uniform. Some armories are unsuited to the proper care and storage of Federal property. The new Hile Armory is suitable and adequate for proper training and for care and storage of Federal property. Larger and modern armory training quarters are greatly needed at Wailuku, Maui.

Training Activities

Buring the past fiscal year, individuals and organizations of the Hawaii National Guard participated in parades, competitions and community exercises as follows:

> Independence Day - July 4, 1931 Armistice (Victory) Day - November 11, 1931 Washington's Birthday - February 22, 1932 Memorial Day - May 30, 1932

In addition, various regimental and battalion ceremonies and parades were held throughout the training year for training purposes. A number of units participated in overnight camps, principally for the purpose of participating in target practice. This provides an excellent means of training, and more units should be encouraged to have these oamps during the armory training year.

Staffs of the Regimental and Battalion Headquarters, and the communication troops of both regiments participated in the Grand Joint Army and Navy Exercises on the Island of Oahu, held during the month of February, 1932. The Exercises lasted nine (9) days, and 26 officers and 134 enlisted men participated.

Owing to lack of sufficient funds, a "Best Soldier" Contest was not held, and The Adjutant General's Trophy was not awarded during the past fiscal year.

With the exception of the Chief, Militia Bureau's Indoor Match, small arms competitions were not held this year. The Chief of the Militia Bureau's National Indoor Rifle Match was conducted during the months of January and February, 1932. The final match was won by Company F, 299th Infantry, regimental champions, who scored 2517.

Armory and Special Service Schools

Armory Schools for all types of personnel, i.e., field and staff officers, company officers, noncommissioned officers, and specialists, were held at the various stations throughout the armory training year.

The following named officers and enlisted man completed courses at Army Service Schools on the Mainland:

Colonel P. M. Smoot, Infantry, graduated from the Field Officers' Course for National Guard and Reserve Officers, at The Infantry School, Fort Benning, Georgia, which commenced January 13, 1932, and terminated February 17, 1932.

Captain Charles J. Benda, 299th Infantry, graduated from the Chemical Warfare School at Edgewood Arsenal, Maryland, which commenced February 7, 1932, and terminated April 29, 1932. Captain Benda was the first officer from the Hawaii National Guard to attend this school.

Technical Sergeant Ralph C. Caceres, Headquarters Company, 299th Infantry, graduated from the Communications Course for Enlisted Men at The Infantry School, Fort Benning, Georgia, with high honors. This course was from February 9, 1932, to May 28, 1932.

Field Training

The Annual Engampments for the fiscal year 1931 were held at the places indicated below:

Schofield Barracks, Dahu, from August 8, 1931, to August 22, 1931, inclusive:

In compliance with the wishes of the Militia Bureau, recrulting just prior to the annual encampments was held to a minimum by prescribing that no man be enlisted during the sixty-day period preceding the field camps unless he had previous military experience. This plan operated successfully.

The attendance at the field camps this year set a new record for the Hawaii National Guard, with no change in the allotted strength. 83.9% of the allotted strength attended field training, as compared with 82.5% attending in 1930, the previous high mark for attendance. The total attendance for the past five years is as follows:

Year	Total Attendance		
1927	1152 officers and men		
1928	1376 " "		
1929	1343 # # #		
1930	1409 11 11		
1931	1460 11 11 11		

Two officers of the Assigned National Guard Reserve attended field training on an active duty status. One officer of the Hawaii National Guard attended field training with the Regular Army.

Regular Army Reserve Officers

The following officers, by grade, of the Officers' Reserve Corps attended field training with units of the Hawail National Guard at their own request:

Ma**rksmanship**

Interest and enthusiasm in marksmanship increased during the past year and Company A, 298th Infantry, made an outstanding record by qualifying 58 members of the organization out of a possible 68, the remainder being armed with other weapons. Following is a summary of all qualifications for the target year ending October 31, 1931;

	Rifle	Pistol	Auto. Rifle	<u>Machine Gun</u>	37MM & 3"TM	Totals
298th Inf.	269	22	. 19	80	22	611
299th Inf.	<u>161</u> 430	<u>100</u> 321	<u>9</u> 28	_ <u>_</u> 87	$\frac{0}{22}$	2 <u>77</u> 888

On orders of the Militia Bureau, firing was suspended two months earlier, i.e., there was no firing during the months of November and December, 1931.

A comparison with the figures for 1930 shows a healthy increase in qualifications with the rifle and pistols

	Rifle	<u>Pistoi</u>	<u>Auto. Rifie</u>	Machine Gun	37MM & 3"TM	Totais
1930	288	170	53	t 34	30	677
1931	430	321	28	87	22	888

A decrease is evident only in qualifications with the machine guns, automatic rifles, and the Howltzer weapons, occasioned principally by the bad weather encountered during the encampment at Hilo, which prevented accomplishment of the training schedule for the major portion of the 299th infantry.

On December 2, 1931, the Chief, Militla Bureau, authorized an abbreviated small bore course for qualifications with the 22 caliber rifle. It is mandatory that all recruits qualify with this weapon before advancing to the service rifle.

Company A, 298th Infantry, again won the War Department Trophy for Excellence in Target Practice, an annual award of the Militia Bureau to the unit attaining the highest figure of merii in its annual target practice and is limited to units whose principal arm is the rifle. This is the third successive year that Company A, 298th Infantry, has won this award.

The Hawali National Guard participated in the National Matches at Gamp Perry, Ohio, finishing in 51st Place (Unclassified) among 113 teams. This is the poorest standing of any team the Hawali National Guard has ever sent to the National Matches, and is probably attributive to the inexperience in such matters of the team officers. The team left Honolulu on August 12, 1931, and consisted of the following members:

Team Officials

Lieutenant Colonel Peter N. Pakele, Jr., Team Captain (299th Inf.) Captain Earl V. Gall, 298th Infantry, Team Coach Captain John V. Marciel, 299th Infantry, Range Officer

Shooting Members and Alternates

Captain Oliver H. Kupau, 298th Infantry Captain Edmund K. Hohu, 299th Infantry Captain John C. Simerson, 298th Infantry Ist Sergeant Warren Starr, Company E, 298th Infantry Sergeant Harry Wood, Howitzer Company, 298th Infantry Sergeant Ah Kong Seto, Company C, 298th Infantry Sergeant Abraham Waipa, Company F, 298th Infantry Sergeant James Kekela, Company F, 298th Infantry Corporal Halley Ontai, Company A, 298th Infantry Corporal Harold Lonokapu, Company F, 299th Infantry Corporal Robert Kunimitsu, Howitzer Company, 299th Inf. Corporal William Kelek, Headquarters Company, 298th Inf.

-15-

4TH SECTION - SUPPLY AND TRANSPORTATION

Capt. E. R. MoGhee, Q.M.C., State Staff, U.S.P. & D.O., Chief of Section Capt. Francis Xavier, Ord. Dept., State Staff, Property Officer

Federal Property

The property accounting of all federal property is in excellent condition. The last inventory of property in hands of organizations showed considerable property shortages, which are being adjusted as rapidly as the circumstances will permit. Equipment in the hands of organizations is in good condition, and few defects were disclosed at the annual inspection of the Regular Army Inspectors.

Each year finds the Hawaii National Guard more nearly fully equipped in conformity with Tables of Equipment, and as rapidly as funds are allotted by the Mititia Bureau effort is made to complete equipment authorized by such Tables.

At the present time there exists a shortage of motor vehicles and this deficiency cannot be remedied at this time owing to lack of federal funds.

The money value of property placed on 1 & 1 reports during the fiscal year was \$14,533.41, while property to the value of \$7,206.03 was placed on Reports of Survey.

Early in 1932 the system of supply was changed so as to require the supply officers of the regiments to function as regimental supply officers and take an active part in the requisitioning and supplying of the units within the respective regiments. This system is working well and is believed to be a great improvement over the system whereby each officer dealt directly with the U.S. Property and Disbursing Officer.

Territorial Property

A new system of accountability and responsibility for territorial property in the hands of the Hawaii National Guard, and similar to the system used in connection with federal property, has been inaugurated. A careful check made in June, 1932, disclosed considerably more property in the hands of organizations than had been reported during previous years. This property is in turn accounted for by The Adjutant General to the Auditor of the Territory of Hawaii.

-16-

ORDNANCE

Capt. Francis Xavier, Ord. Dept., State Staff, Ordnance Officer

Armament

The following is a list of armament of the Hawali National Guard as of June 30, 1932:

Guns, Field, M/1902 - 3"	4
Guns, 37 N/M	5
Guns, Browning Machine, Cat30	52
Mortars, 3" Stokes	8
Rifles, Automatio Browning, Cal. ,30	136
Rifles, U. S. Cal30, M/1903	1037
Rifles, U. S. Cal22, M/1922	57
Pistols, Automatic, Cal45, M/1911	717
Bayonets, M/1905	1312
Bolos, N/1909	188

The above equipment is in good condition. Shortages of this clas of property exist in spite of efforts to clear up discrepancies. Twentyeight (28) additional machine guns, Cal. .30, were issued to the Hawaii National Guard during the past fiscal year, principally for use by rifle companies.

Ammunition

The approximate amount of ammunition expended by the Hawali National Guard during the **fiscal year** 1932 for target practice, both for record and instruction firing, and for field problems, is as follows:

Cartridges, Ball, Cal30, for Rifle,	
Automatio Rifle, and Machine Gun	320,400
Shells, L. E., for 37 N/N Gun	700
Shells, practice, 3" Stokes Mortars	750
Cartridges, Blank, 37 M/M Gun, for	
saluting purposes	250
Cartridges, Blank, for 3" Gun, for	
saluting purposes	50
Grenades, hand (C.N.), Tear Gas	114
Grenades, hand W.P. (Smoke)	150
Cartridges, Ball, Cal22, Short	1,000
Cartridges, Ball, Cal22, L.R	139,000
Cartridges, Ball, Cal45, M/1911	42,000

-17-

Target Ranges

The target ranges in actual operation under the control of this Department are as follows:

Penohbowl, City of Honolulu, Island of Oahu -- Rifle, 200 and 300 yards, 14 targets; Pistol, dismounted, up to 75 yards, 9 targets; Machine Gung 1000", 2 targets; trap for trap-shooting; all in good condition. Caretaker paid from Federal Funds, subject to qualification each month, depending on number of organizations firing, and length of season; and from Territorial Funds the sum of \$50.00 per month for the entire year. During the current target practice year, this range has been in continuous use every day, inclusting Sundays and holidays, not only by the members of the Hawaii National Guard stationed in Honolulu, but by Detachments of the Regular Army, the R.O.T.C., U. S. Coast Guard, Polloe Department, Oahu Príson Guards, Civilian Rifle and Pistol Clubs, and by unattached civilians, special authority being granted by this headquarters in each case for such use of our markemanship facilities. The members of the National Guard have proority in the use of this range at all times. This target range is entirely inadequate to meet the requirements of all units of the 298th Infantry, and it is not believed that it can be expanded. With the interest in marksmanship increasing and a corresponding increase in the number of men using the range, it is vitally necessary to the efficient training of National Guardsmen in the skillful use of the weapons with which armed that additional facilities be provided for such training. Several requests have been made to the Militia Bureau for the construction of a Class "A" Range in Kuliouou Valley, and it is hoped that favorable action on this request will be taken by that Bureau.

Lahaina, Maui -- Rifle, 1-pit, 3 targets, firing at 200 yards. This range is in good condition and affords ample facilities for the range work and training of Company A, 299th Infantry, stationed at that point. This organization heretofore has accomplished little, if anything, in the line of actual firing of the piece, the training and experience so essential to a soldier of Infantry. Caretaker, part time, paid from Federal Funds only.

Hilo Rifle Range, Waiakea, Hilo, Island of Hawali -- Rifle, 200 and 300 yards, 6 targets each. Echeloned to permit firing at 500 and 600 yards. Pistol or Machine Gun 1000^m course, 4 targets. Caretaker paid from Federal Funds only, subject to qualification each month. The condition of this range is very good.

Glaa, Hawail -- Rifle, 2 targets at 200 yards. No paid caretaker. This range should be completed to meet the meeds of Company G, 299th Infantry, stationed at that place. The range is in a very poor state of repair at the present time. In fact it is practically unserviceable. The repair or reconstruction of this range would relieve the Hilo Range to the extent of the firing of the men of Company G, 299th Infantry, as all men from this organization, one of the most active in that regim ment inrange work, must of necessity be fired over the Hilo Range in order to meet the requirements of regulations for qualification with the rifie. It is estimated that the sum of twelve hundred dollars would be adequate to requir and expand this range to the proper size for this organization.

Paukukalo, Maul --- Rifle, 1-pit, 6 targets, firing line echeloned for 200 and 300 yards; Machine Gun 1000", 7 targets; Pistol, 12 targets at 25 yards. Condition: Good. Caretaker paid from Federal Funds only, subject to qualification.

Accidents on the Rifle Range at Punchbowl, Honolulu

During the fiscal year 1932 there were two accidents that occurred on the rifle range situated at Punchbowl, Honolulu, 3. H.

The first one occurred on June 14, 1932. The injured soldier was Sergeant Max Landgraf of Company E, 298th Infantry. The injury to this soldier consisted of powder burns on the face and right eye, outs above and below right eye, and possibly a ruptured ear drum. Due to immediate medical aid, this soldier did not suffer any permanent disability. This soldier was injured in line of duty at a regularly ordered target practice and received no Federal or Territorial pay for this service. No Federal aid is authorized for his medical attention and no Territorial funds are available for his care and treatment, such as payment of his doctor and hospital bills. It is not expected, nor do the present regulations permit, reimbursement from Federal funds, but it would seem logical and humane that the Territory of Hawaii should provide financial protection for men injured in line of duty during the armory drill training period. The rifle that Sergeant Landgraf was using was forwarded to the Springfield Arsenal for examination. The findings on this damaged rifle as determined by the Springfield Arsenal are as follows; The partridge case taken from the chamber was covered with oil. When there is oil on the case there is no adhesion of the case to the chamber and case slips back and the case head and bolt receive a greater rearward thrust. In this oase the bolt head was rather hard and gave way under the inoreased pressure.

A oiroular letter has been published by this headquarters pautioning the personnel of the Hawaii National Guard on the use of emmunition.

The second accident was caused on May 15, 1932, to Corporal Ernest K. Hickey of Company B, 298th Infantry. This accident was a minor one. The cause of this accident was the fault of the soldier in using machine gun ammunition in the shoulder rifle, which is in violation of regulations for the use of such ammunition in a rifle.

TRANSPORTATION

Ist Lt. Louis M. Vivas, Q.M.C., State Staff, Transportation Officer

The Hawaii National Guard has on hand the following Federal vehicles:

4 - Trucks, Class "B" Liberty, 3-Ton 3 - Trucks, Garford, I_2^{+} -Ton ! - Truck, GMC, Cargo, 3/4-Ton 3 - Ambulances, GMC 20 - Bicyoles

The condition of this transportation is not satisfactory and never will be due to the age of the trucks and insufficient funds for its maintenance. These vehicles and bicycles are permanently located as follows:

Honolulu, Island of Oahu

3 - Trucks, Class "B" Liberty, 3-Ton 1 - Truck, Garford, 12-Ton 1 - Truck, GMC, Cargo, 3/4-Ton 2 - Ambulances, GMC 10 - Bicycles

(All vehicles in Honolulu are held in a central motor pool)

Island of Hawaii

 Truck, Class #B# Liberty, 3-Ton, How. Co., 299th Inf., Honomu
 Ambulance, GMC, Med. Detach., 299th Inf., Hile
 Bicycles, Hq. Co., 299th Inf., Hile
 Bloycles, Hq. Co., 2nd Bn., 299th inf., Hile
 Bicycle, How. Co., 299th Inf., Honomu

Island of Maui

I - Truck, Garford, Iz-Ton, Co. A, 299th Inf., Lahaina
I - Truck, Garford, Iz-Ton, Co. D, 299th Inf., Wailuku
3 - Bicycles, Hq. Co., 1st Bn., 299th Inf., Wailuku It will be noted that we have no passenger cars or motorcycles on hand, although our units are entitled to them by National Guard Tables of Equipment. We are informed by the Militia Bureau that congressional **ap**propriations have not been sufficient to remedy this defect.

No animals or animal-drawn vehicles are on hand, nor are they desired at present.

5TH SECTION - FINANCE

Capt. E. R. MoGhee, Q.M.C., State Staff, U.S.P. & D.O., Chief of Section

Federal Funds

Funds expended by the United States Property and Disbursing Officer, Hawaii National Guard, for the Federal Government in the support of the Hawaii National Guard during the fiscal year 1932 are as follows:

Expenses, Camps of Instruction	\$56,102.75
Repairs of Equipment	808.50
Alterations and Repairs of Articles of Uniform	1,374.45
Gasoline and Oils	43.77
Transportation of Supplies	400.00
Repairs of Motor Vehicles	256.50
Repairs of Musical Instruments	65.00
Purchases of Music Sheets	120,00
Pay U. S. Property & Disbursing Officer	1,200.00
Pay of Caretakers, Rifle Ranges	1,860.00
Total Federal Funds expended by U.S.P. & D.O	\$62,230.97

Expenditures for the fiscal year 1932 from funds allotted the Commanding General, Hawailan Department, for the support of the Hawail National Guard:

Armory Drill Pay (Estimated)\$	100,000.00
Armory Drill Pay (for Filipinos)	
Office Equipment, Supplies and Stationery for	
Regular Army Instructors	91.98
Travel of Regular Army Personnel in connection with	
Camps of Instruction	771.43
Travel of Regular Army Personnel in connection with	
Armory Instruction Visits	407.73
Travel of Regular Army Personnel In connection with	
National Guard, not covered above	424.60
Transportation of Federal Property	53.37
Forwarded\$	103,996-25

Brought forward...... \$103,996.25 Expenses, Sergeant Instructors, Regular Army..... 3,199.08 Procurement of Articles of Uniform..... 7,164.86 Repairs of Miscellaneous Q.M. Supplies..... 1,133.65 Procurement of Chemical Warfare Munitions..... 196.94 Procurement of Ordnance Supplies and Repairs..... 3,167.68 Procurement of Engineers Equipment...... 35.68 Procurement of Signal Supplies..... 385.90 Procurement of Ammunition..... 11,433.20 Total Federal Funds Expended by Commanding General, H.H.D.. \$130,713.24 Total Federal Funds Expended by U.S.P. & D.O. 62,230.97

A de**ore**ase of \$10,224.71 over the amount expended during the previous fiscal year.

in addition to the above, approximately \$20,000.00 was expended by the Federal Government for pay, allowances and transportation of officers and enlisted men of the Hawaii National Guard sent to the Mainland for Schools and the National Matches.

Attention is invited to the fact that the Federal Government spent five times as much money on the Hawaii National Guard in a single year than did the Territory of Hawail.

Territorial Funds

Territorial Funds obligated for the Hawaii National Guard during the fiscal year 1932 were as follows:

Appropriation for 1931-33

Spent Balance

G-2611 A \$58,100.00 G-2611 B 24,200.00		\$28,311.80	\$29,788.20
0210-Cleaning & Toilet Supplies	132.61		
0230-Medical & Hospital Supplies	25.64		
0260-Educational, Sojentific &			
Recreational Supplies	202.69		
0270-Stationery & Office Supplies	1650.07		
0290-Other Supplies	592.51		
04 - Communication Service	1523.26		
05 - Travel Service	1523.26		
06 - Transportation of things	114.00		
07 - Printing & Binding	835.51		
08 - Advertising & Publication of			
Notices	6.60		
09 - Furnishing Heat, Light, Powe	r		
and Water	2487.87		
- Repairs & Alterations	1085.81

Current Expenses	1277.85		
13 - Upkeep of Motor Vehicles	795.85	\$12,330.64	\$11,869.36
		Forwarded	

Brought forward			\$41,657.56
G-2611 C-EQUIPMENT \$1,750.00			
3010-Office Equipment &			
Furnishings	942.16		
3020-Educational, Scientific &	-		
Recreational Equipment	11.70		
3090-Other Equipment	22.84	به د د	•
		\$976.70	773.30
G-2611 E \$1,500.00		. None	1,500,00
\$85,550.00	\$	41,619.14	\$43,936.85

Of the above, a reduction of \$15,550.00 was made by the Second Special Sedsion, 1932, of the Sixteenth Territorial Legislature, as well as a 10% cut of all Territorial salaries, effective July 1, 1932.

6TH SECTION - SIGNAL COMMUNICATIONS

Capt. Jos. 1. deVille, 298th Inf., Acting Chief of Section

Personnel

The communications personnel consists of 2 regimental communications officers; 4 battalion communications officers; and 122 enlisted men of the regimental and battalion communications platoons, plus 2 messengers from the State Detachment.

Training

Participation in the Grand Joint Army and Navy Exercises held in February, 1932, furnished valuable experience for the communication troops. Training in signal communications has progressed satisfactorily.

Supply and Finance

The sum of \$385.90 was expended during the past fiscal year for signal equipment and supplies, supplemented by the purchase of 12 old-style repeating coils from Territorial funds. There are at present on hand 6 field radio sets, 85 field telephones, and 50 miles of field wire, as well as buzzers and other field and training instruments.

7TH SECTION - MEDICAL

Maj. F. L. Morong, M.G., State Staff, Chief of Section

Financial

During the fiscal year the total amount of Territorial funds expended by this department was \$25.64. Federal funds expended for medical supplies amounted to \$97.00.

Typhold and Para-Typhold Prophylaxis

The records show the work of prophylaxis to have been very complete. The following table gives the number of men receiving complete typhoid and para-typhoid prophylaxis:

	Enlisted Strength	No. Receiving Prophylaxis
State Staff	21	21
298th Infantry	802	802
299th Infantry	<u>773</u> 1596	<u>748</u> 1571

Of the 299th Infantry one officer and twenty-four enlisted men did not reoeive prophylaxis.

Health Conditions at Annual Encampments

During the encampment of the 298th Infantry at Schofield Barracks there were 186 cases of filness, 16 accidents, and no hospital cases. During the encampment of the 299th Infantry at Hilo, Hawaii, there were 30 cases of illness (5 of which were hospital cases), and no accidents. The 299th Infantry encamped at Paukukalo, Maui, reported five hospital cases and no accidents.

· injuries in Line of Duty

There were two cases of injuries received in line of duty other than at annual encampments. These were both eye injuries received on the target range and were caused by defective ammunition. In each case there was a complete recovery with no disability.

Sanitation Conditions at Annual Encampments

Sanitary conditions in all three camps were excellent.

General

There will be no Territorial funds expended on drug supplies during the coming year due to the fact that all such supplies have been requisitioned from Federal Depots. The Militia Bureau, possibly in line with the administration's economy program, cut to approximately one-third all supplies requisitioned. However, with economy at this end, these should be sufficient to take care of the two annual encampments, and also allow for a small reserve supply.

8TH SECTION - LEGAL

Capt. Harry Steiner, J.A.G.D., State Staff, Chief of Section

There were three Summary Courts-Martial held, all in the 298th Infantry, of which were two convictions and one acquittal.

The Judge Advocate General's Department advised on general matters during the year, and in particular on matters of illegality of the personnel of the Hawali National Guard, with regard to citizenship and on matters concerning discharges and kindred matters. 9TH SECTION - INSPECTOR GENERAL'S DEPT., STATE STAFF

Major Henry L. Best (Inf.), Inspector General

Activities of the Inspector General's Department from July 1, 1931, to June 30, 1932:

Investigation and report on the activities of Major William B. Stoddard.

Inspection and report of activities during the annual encampments at Schofield Barracks, T. H., Paukukalo, Maui, and Hilo, Hawaii, in 1931.

Inspection and audit of all funds of the Hawali National Guard beginning in September, 1931, and in March, 1932. These funds were inspected semi-annually and all were found satisfactory.

Annual inspection and report of all organizations and departments of the Hawaii National Guard.

Checking and supervising training schedules of the 298th Infamtry as to whether or not organizations were following their schedules. The training schedules of all organizations were found to be very satisfactory and complete in the 298th Infantry and, with few exceptions, were satisfactory in the 299th Infantry.

Investigation and report on all applicants for commission in the Hawaii National Guard.

Investigation of conditions in the State Detachment during the time Captain McGregor was in command, a few days before the annual inspection.

The failowing will serve as recommendations for improvements for the benefit of the Hawaii National Guard:

It is recommended that the company commander or oustodian of all funds of organizations be strictly charged and held accountable that they do not pay more than \$5.00 for labor from those funds during any one month. In recent instances it has been noted that as high as \$30.00 to \$40.00 for labor has been paid.

During the recent annual inspection it was noticed that a oonsiderable amount of money was spent for paint and materials to improve shelving and other conditions in the company storerooms. It is believed that this practice should be discontinued.

> IOTH SECTION - ADJUTANT GENERAL'S DEPT., STATE STAFF Major Edward M. Bolton, A.G.D., Chief of Section

Field Training

Annual field training was performed at Headquarters Hawaiian Separate Coast Artillery Brigade, Fort De Russy, from August 8, 1932, to August 22, 1932, both dates inclusive.

Armory Training Year

The National Guard Reserve phase of administration has been referred to this Department in its entirety by The Adjutant General. Attempts to organize or to assign enlisted men of the National Guard Reserve to active organizations have not been successful, for the reason that the residences of a large majority of these men cannot be verified, except with considerable correspondence. Many of the men, transferred from active duty, were not of the desirable type. Practically 75% of the communications sent out are returned by the postal authorities as "Unclaimed" or "Unknown," As these men are automatically discharged about a year after transfer, it is the concensus of opinion that incidental administration is too great a burden on our small administrative staff in contrast with the small and unsatisfactory assigned reserve force thus maintained.

Progress has been made in connection with the selection of certain officers of the National Guard Reserve for assignment to war vacancies. This Department has prepared Tables of Organization (War) for each of the Infantry regiments, as follows:

Table | - All vacancies existing in Infantry Regiments at war strength.

Table 11 - All vacanoies existing in Federally Recognized Units (present organizations) at war strength.

Table III - All vacancies existing in non-organized, but allotted, units.

These tables have been referred to each regimental commander for coordination in assignments.

The National Guard Reserve on June 30, 1932, consisted of the foilowing:

Assigned: Officers Enlisted Men	7 0 7
Unassigned:	
Officers,	13
Enlisted Men	
	135

-26-

OFFICERS' ASSIGNED NATIONAL GUARD RESERVE

lst Lt.	Kenneth R. Crist	Infantry
lst Lt.	David W. Tallant	Infantry
2nd Lt.	Henry J. Reinhardt	Infantry

On June 30, 1931, the National Guard Reserve had a complement of 20 officers and 131 enlisted men, showing a net decrease of 10 enlisted men during the fiscal year.

During the year, 8 officers and 98 enlisted men were transferred from active duty to the National Guard Reserve, while during the some period 8 officers were separated from the National Guard Reserve by resignation, and 37 enlisted men were transferred to active duty from the Reserve. Automatic termination of term of enlistment accounted for the remainder of the losses, or 71.

Efforts are being made by this Department to make the National Guard Reserve more effective and efficient. Attempts to prescribe courses of home study and a few hours of duty with troops during the year generally result in separation of the officer from the service, as he feels he can not devote any time to the National Guard.

-27-

One officer of the Assigned National Guard Reserve performed field training with his unit during the summer training period and has since resigned in order to accept a commission in the active National Guard, virtually a transfer to the active list.

	\$1367.37	\$518.67	\$579.89	946 - 246 - 266 -	\$2,465.93

Balances on hasd in each of the Armory Board Funds as of June 30, 1932:

\$77.46 \$38.49 \$213.64 \$10.50 \$339.89

a net decrease of \$805.64 during the fiscal year, due principally to the necessity of equipping the new Hilo Armory, the necessity for improvements to the strong room and electrical wiring in the Lahaina Armory, and additional equipment for the Honolulu Armory.

Armories

Five (5) armories are owned by the Military Department, Territory of Hawaii, as follows:

- Honolulu, Dahu One. Main construction concrete; in good condition; erected in 1915.
- Hilo, Hawaii One. Main construction concrete and hollow tile; erected in 1931 at an initial cost of \$85,000.00; formally opened Wednesday, November 25, 1931. This armory is in excellent condition, but lacking in equipment.
- Honomu, Hawaii One. Main construction frame; in good condition.
- Wailuku, Maul One, Main construction frame. Condition: fair. Effort has been made to improve this building, and some improvement has been made with the small amount of funds available. The building is overcrowded, and has been reported as unsatisfactory to the Militia Bureau in Washington by a representative of the Commanding General, Hawaiian Department.

Lahaina, Maui - One. Main construction frame; in good oondition. This is the oldest armory in the Territory but has had excellent care, due principally to receipts from nonmilitary activities, such as dances and entertainments.

Two (2) armories are loaned to the Territory of Hawaii, as follows:

- Paia, Maui One. Main construction frame, and in good condition. Owned by Maui Agricultural Company. Houses Company C, 299th Infantry.
- Papaikou, Hawaii. One. Main construction frame, in good condition. Owned by Onomea Sugar Company. Houses Company E, 299th Infantry.
- One (1) armory is leased to the Territory of Hawaii, vix: Olaa, Hawaii - One. Main construction frame, in fair condition. Property of the Olaa Sugar Company.

The leased armory at Hakalau was abandoned during the past fiscal year, and the organization at that station, Headquarters Company, 2d Battalion, 299th Infantry, was transferred to Hilo, Hawaii.

All armories are equipped with concrete or iron strong rooms, or vaults, for the safe storage of arms and ammunition. Some of the armories, particularly Wailuku, are very old and inadequate. The new Hilo Armory is a distinct credit to the Territory of Hawaii and will materially assist in maintaining morale in that community.

12TH SECTION - HISTORICAL

Capt. Jos. 1. deVille, 298th Inf., Chief of Section

<u>Colors</u>: The flag of the Territory of Hawaii was formally presented to the 299th Infantry by The Adjutant General of Hawaii on November 25, 1932.

<u>Records:</u> No research work was possible during the past year, due to limited office personnel.

Distinctive Insignia: Orders of authorization for distinctive insignia for the units of the Hawaii National Guard were promulgated during the previous year, but failed to be approved by the War Department. This section is now working on changes in the designs to conform to accepted principles of heraldry.

13TH SECTION - UNITED STATES MILITARY ACADEMY

During the past fiscal year, two candidates for appointment to the United States Military Academy filed their applications, one of whom later withdrew. The other oandidate, Private Paul A. Lewis, Company H, 298th Infantry, received an appointment to the Military Academy from the State of Oregon.

A former appointee, Cadet Herbert B. Thatcher, graduated from the Military Academy in June, 1932, being commissioned a Second Lieutenant in the United States Army.

14TH SECTION - GOVERNOR'S AIDES

The following named officers are assigned as Aides to Your Excellency:

Aldes-de-Camp Detailed from the Hawail National Guard:

Lt. Colonel Hilliam Hoopai, 298th Infantry Major Gordon C. Ross, 298th Infantry

Aldes-de-Camp Appointed:

Colonel Harry S. Hayward Lieutenant Colonel Walter R. Dunham (Full Time) Lieutenant Colonel Frank O. Boyer Major Pierre Baron Lt. Commander Guy N. Rothwell (Naval Militia Aide)

Aide-de-Camp Detailed from the Regular Army:

Major Russell A. Osmun, Quartermaster Corps

Alde-de-Camp Detailed from U. S. Naval Reserve Force:

Lieutenant (JG) Charles W. Scribner

The following changes in personnel of Your Excellency's Aides transpired during the past year:

> Lieutenant Colonel Joaquin M. Camara, deceased Major Stuart G. Wilder, U. S. Army, relieved by Major R. A. Osmun, U. S. Army, on September 15, 1931

> > 15TH SECTION - CONCLUSION

In conclusion, I wish to invite attention to the present Hawaii National Guard as compared to the National Guard of the years gone by. Today, the National Guard forms the first line of defense of our nation. It is numerically stronger than the **Regu**lar Army **and** with a very minimum of training can be committed to combat. The Hawali National Guard forms an important link in the defense of these Islands. In the event of a mobilization, the Territory would be expected to raise twenty times the size of the present National Guard.

Today, the National Guard is rellable, efficient, and capable of carrying out with the minimum of notice or preparation limited assignments. The class of personnel is steadily being improved. The loyalty of our Guard is unquestioned.

I desire to express my appreciation for the kindly assistance and interest in the Hawaii National Guard displayed by Your Excellency, and the cooperation and essistance extended by other Territorial Officials.

Respectfully,

P. M. SMOOT, Colonel, Infantry, H.N.G., The Adjutant General.
