MAHALO TO EVERYONE

For the entire staff and administration of St. Catherine's on Kauai, I wish to thank everyone in our Diocese and nationwide who have opened their hearts to us and are making our struggles easier after Hurricane Iniki. Your generosity and support has truly touched all of us.

I wish to take this opportunity also to thank the entire staff of St. Catherine's for their dedication, hardwork, and sacrifices. In the face of disaster it has been remarkable to see heroic individual and group efforts. One group of heroes and heroines is the staff of St. Catherine.

Each and every person has given their all to reopen St. Catherine School and once again offer excellent Catholic Education for our students. The parents, students, and administration of St. Catherine's are blessed to have such a wonderful group of individuals working with them!

Again, mahalo to everyone. Hurricane Iniki has indeed deepened our faith and our love for each other.
