APR. 16 1968

## Good News For Some

There was good news today for at least some members of the Hawaii National Guard.

State Adjutant General Maj. Gen. Benjamin Webster said that those Reservists or Guardsmen whose obligation expires by Dec. 12 of this year are exempt from the recent call-up.

It was also announced that post housing and household goods for the families of recalled guardsmen have not been authorized. They may be in the future.
