Hawaii's 29th Brigade at Schofield is almost up to full strength of about 4,000 men. It had 2,998 when it reported to Schofield in May but small groups of new troops have been reporting regularly from Mainland camps. In addition many troops of the defunct 4th Brigade moved over and joined the 29th at Schofield.

In addition an aviation outfit from California, originally assigned to U.S. Army, Hawaii, has been attached to the 29th. Top officers of the 29th have moved from Quad B to the former 25th Division headquarters.
