

DAYLIGHT DRILL OF GUARDSMEN

Companies A and B, National Guard, will have drill in Lihue park at 2 o'clock next Sunday afternoon. The object of this turnout is to give the people of Lihue a chance to see the companies in action in daylight—all drills heretofore having been held at night.

There was some idea of also having battalion movements at that time, but the conclusion was reached finally that that would be showing matters a little rapidly.

Company A will be commanded by Captain Maser, with Lieutenants Carden and Hopper; Company B by Wm. Henry Rice, with Lieutenants Avery and Fountain.

The public is invited to witness the maneuvers.
