

NATIONAL GUARD NEWS

At a meeting of the proposed Filipino company, National Guard of Hawaii, to be held Monday night in the armory, details preliminary to mustering in the company will be settled. The company's prospects are excellent, and with 68 names already secured, it is believed that Monday's meeting will bring the number up to 80. L. C. Czamora, a member of Company K, is circulating petitions for the new company, which will have in its membership several Filipinos who have been honorably discharged from the Filipino Scouts and Philippine Constabulary.
